PO:

# END TABLE CHARGING STATION

## Step 1

Attach the legs (02) to the top panel (01) using flat washers (A) and JCB (B), tighten with Allen wrench (C), as shown below.

## STEP 2

Install wooden dowels (D) and (E) into the locator holes on (03) and (04) as shown below.

## STEP 3

Attach first side panel (03) to end table aligning the dowels with the holes in the apron. Be sure the panel is centered before tightening the wood screw (F).

## END TABLE CHARGING STATION

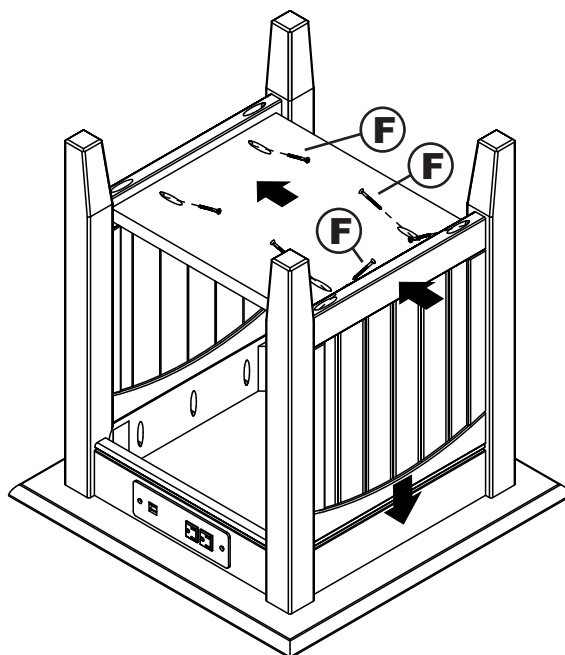

### Step 4

Attach second side panel (03) the same as the first but place the lower shelf (04) in position by aligning the wooden dowels with the holes in the side panel.

### Step 5

Apply pressure to eliminate any gap between the lower shelf and the side panel and fix in place using wood screw (F).

## Congratulations!

Your end table is now ready for use.

To ensure lasting safety, we recommend that you periodically check that all screws are tight and all parts are secure.
