Dear Customer,
The product you bought was subjected to all sorts of tests and control before sending out to you. Even in this situation, sometimes happen that some component is damaged during the transportation. In such case please do not send the return article back to us. Just request order the damaged part. While requesting this returned part, describe it exactly by filling in service card. Missing part will be sent to you as soon as possible before start assembly. Please check the whole components and accessories according to the list. After being sure that every part and accessory are right, start assembly. Before start assembly, please clean all the components with a damp cloth. If you bought more than one product, to prevent confusion be sure that you completed this first product. Then do the other products' assembly. Never draw the products. While moving, disassemble and take the product and carry out maximum 2 people. For long distances carry the product with the package.
It is very easy to clean the surfaces of your product. It is enough to wipe with a damp and soapy cloth or other household cleaners. Do not directly contact your furniture with excessive heat, oxidized humidity because the product can be affected.
