

Wall Sconce

Transitional in design, this is a collection of sophisticated fixtures with slightly playful silhouettes. Sleek and graceful slender tubes defy gravity to hold tall cylindrical glass shades atop metal cups. With its mid-century modern aesthetic and two finish options, the series was created with a variety of interiors in mind. Choose between a stately plated aged brass finish, or a striking matte black. When illuminated, the clear seeded glass softly diffuses the light cast by the slim candelabras for a radiant look. Wall sconces are popularly used in halls, stairways, entries and foyers. The soft light of this fixture is perfect for accent lighting.
