

WOODEN TABLE INSTALLATION TUTORIAL

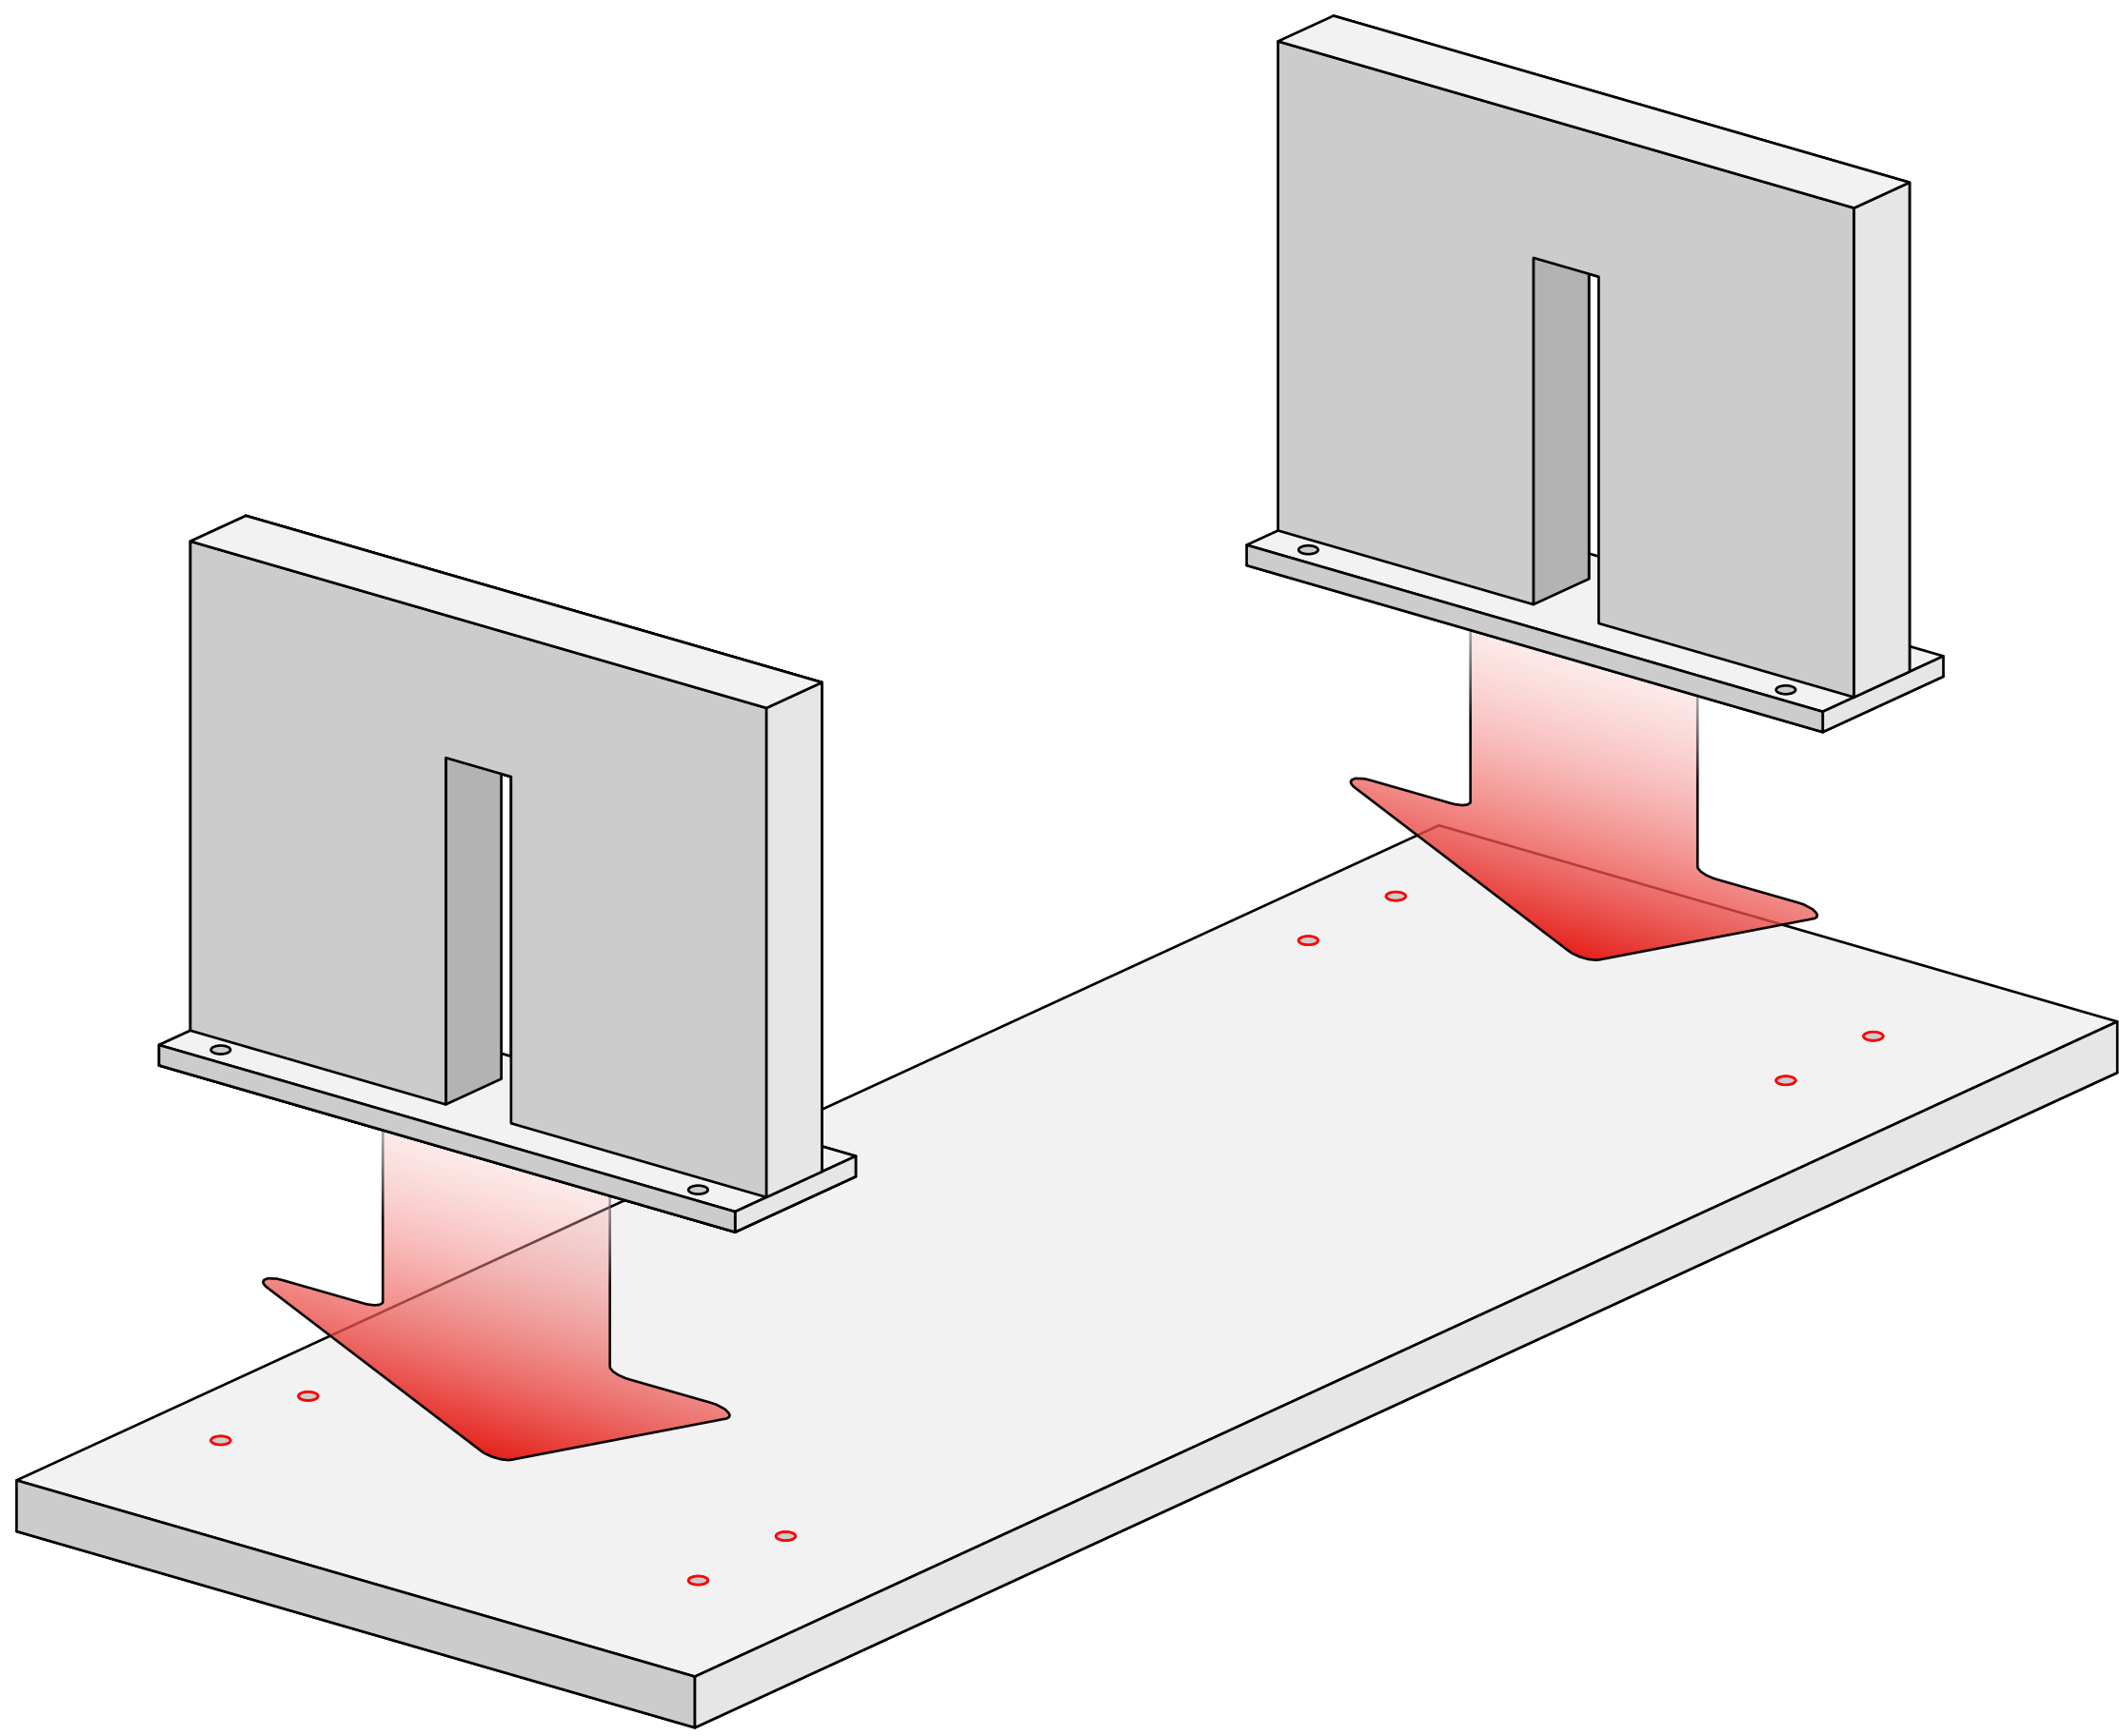

PARTS LIST

The extra parts are for spare

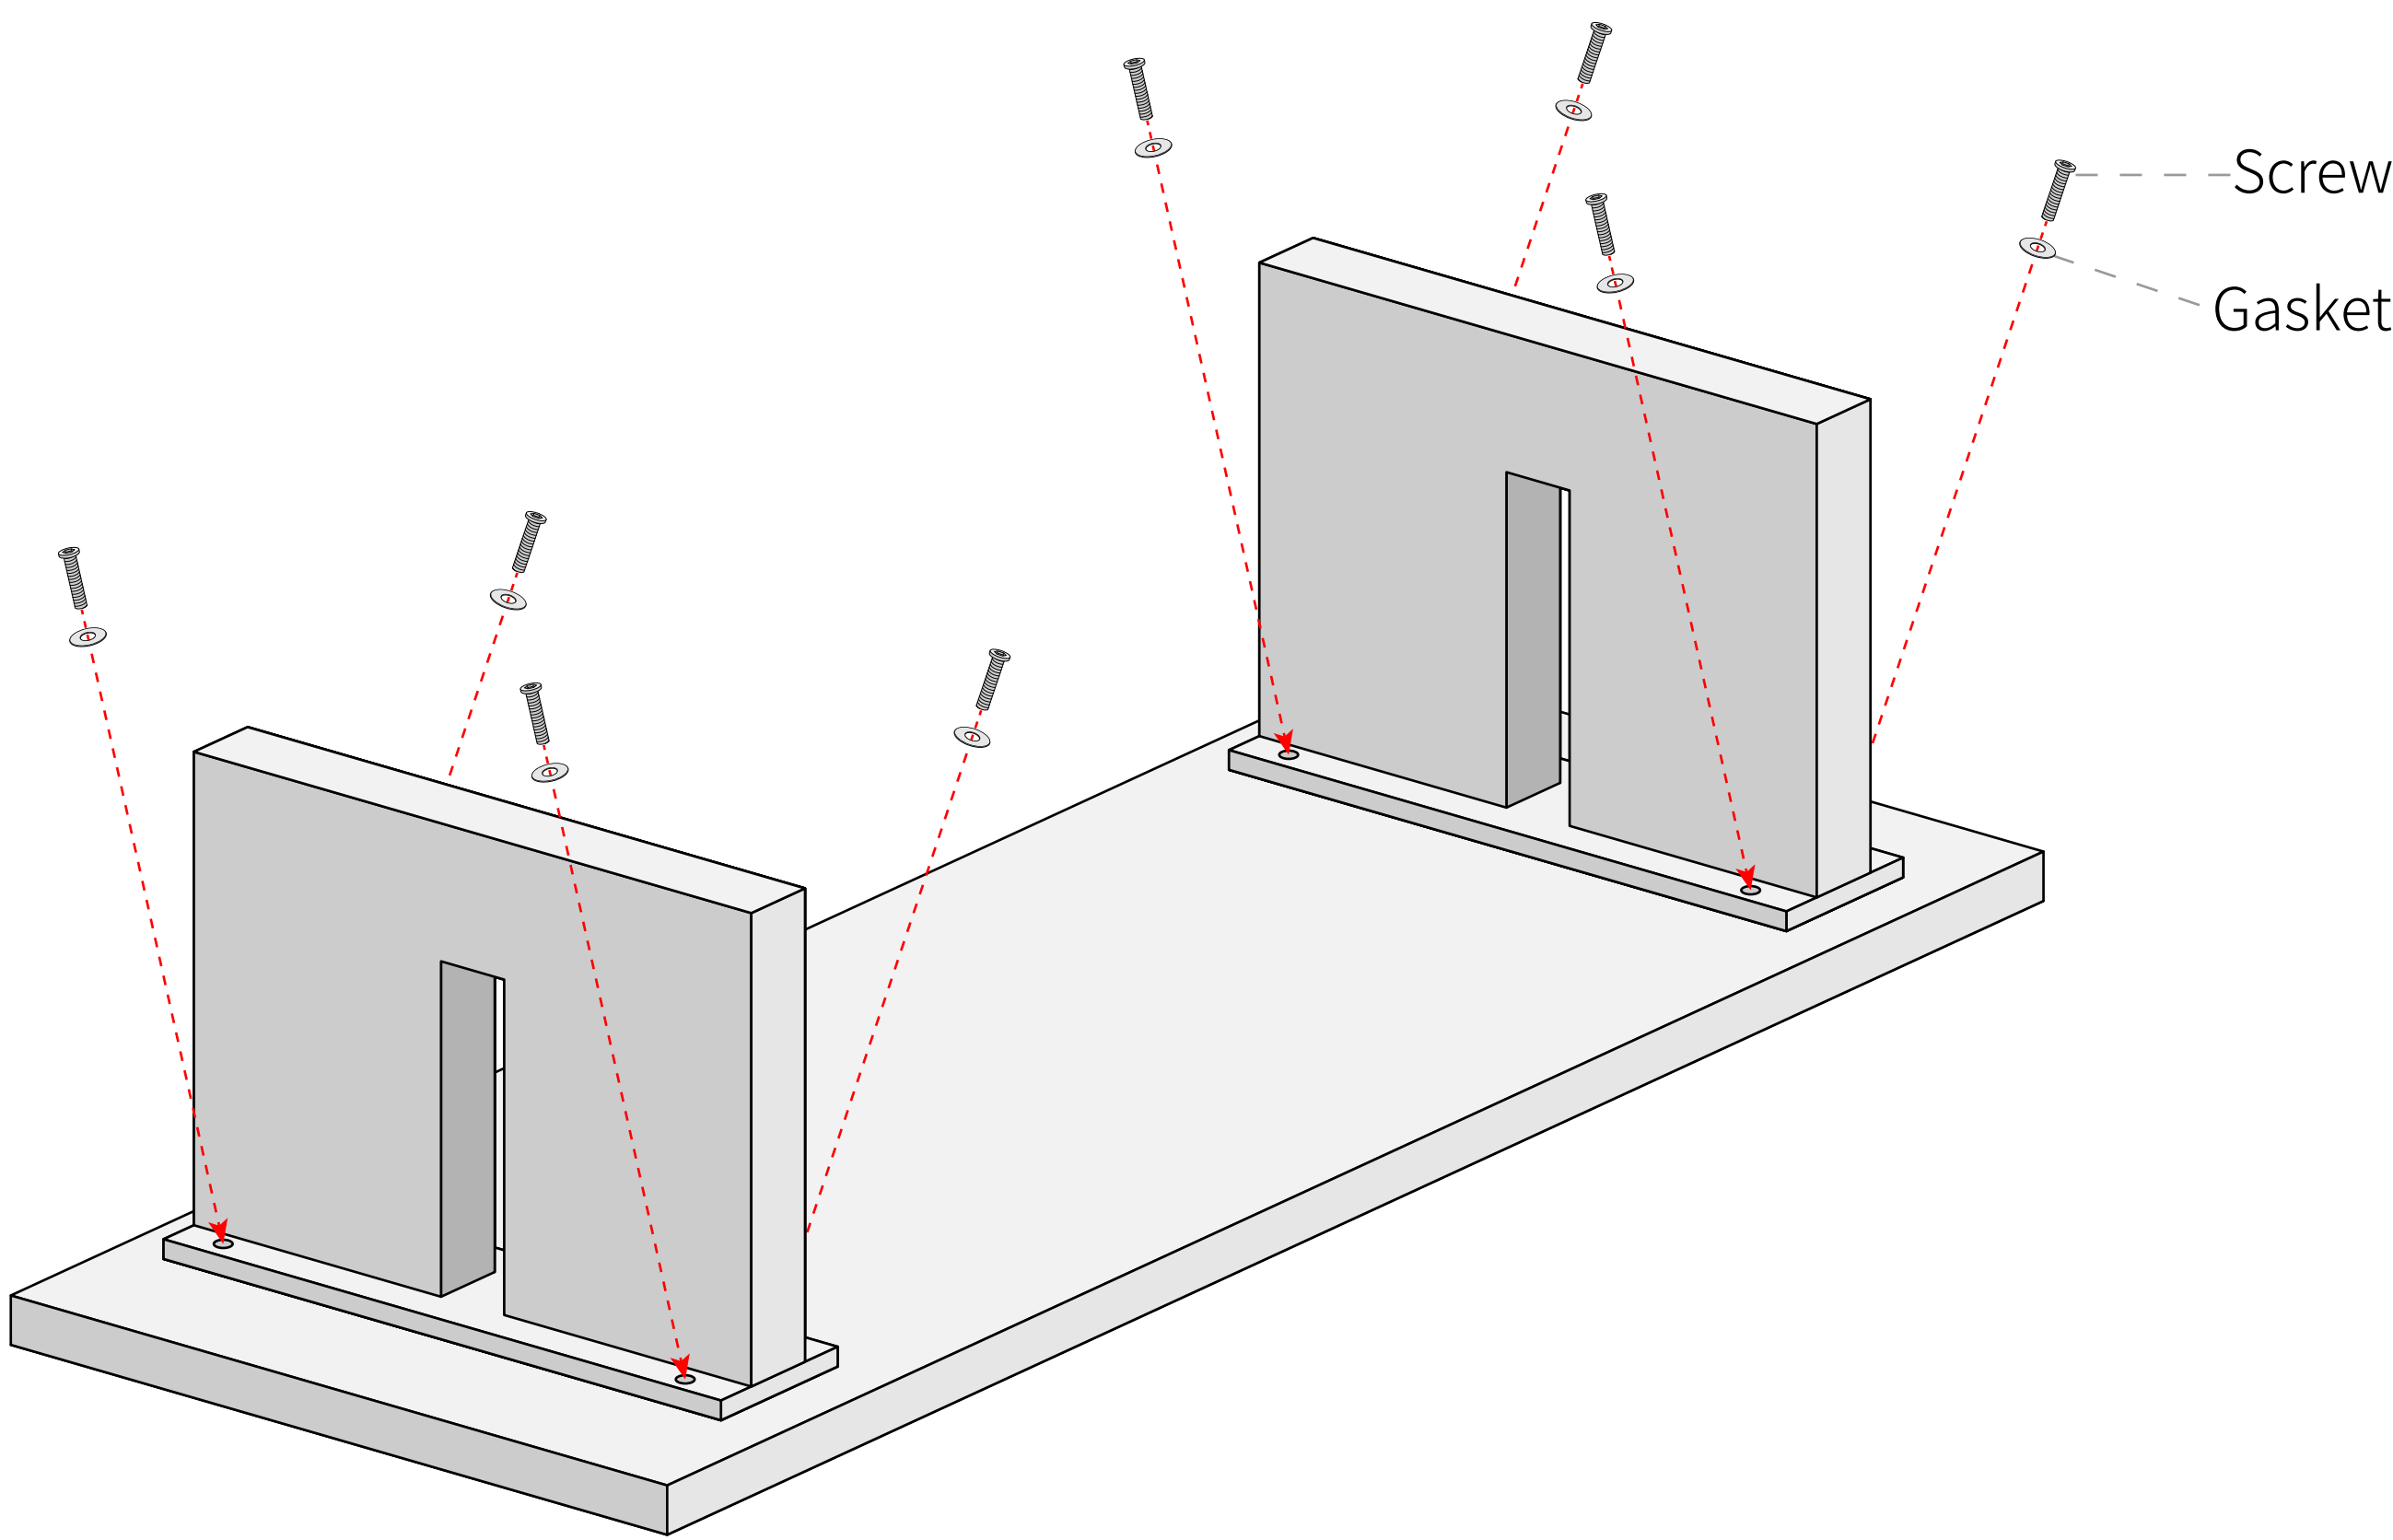

STEP 1

Turn the "Table leg" and "Tabletop" upside down and place them on the ground. Place the "Table leg" on the back of the "Tabletop", aligned with the holes.

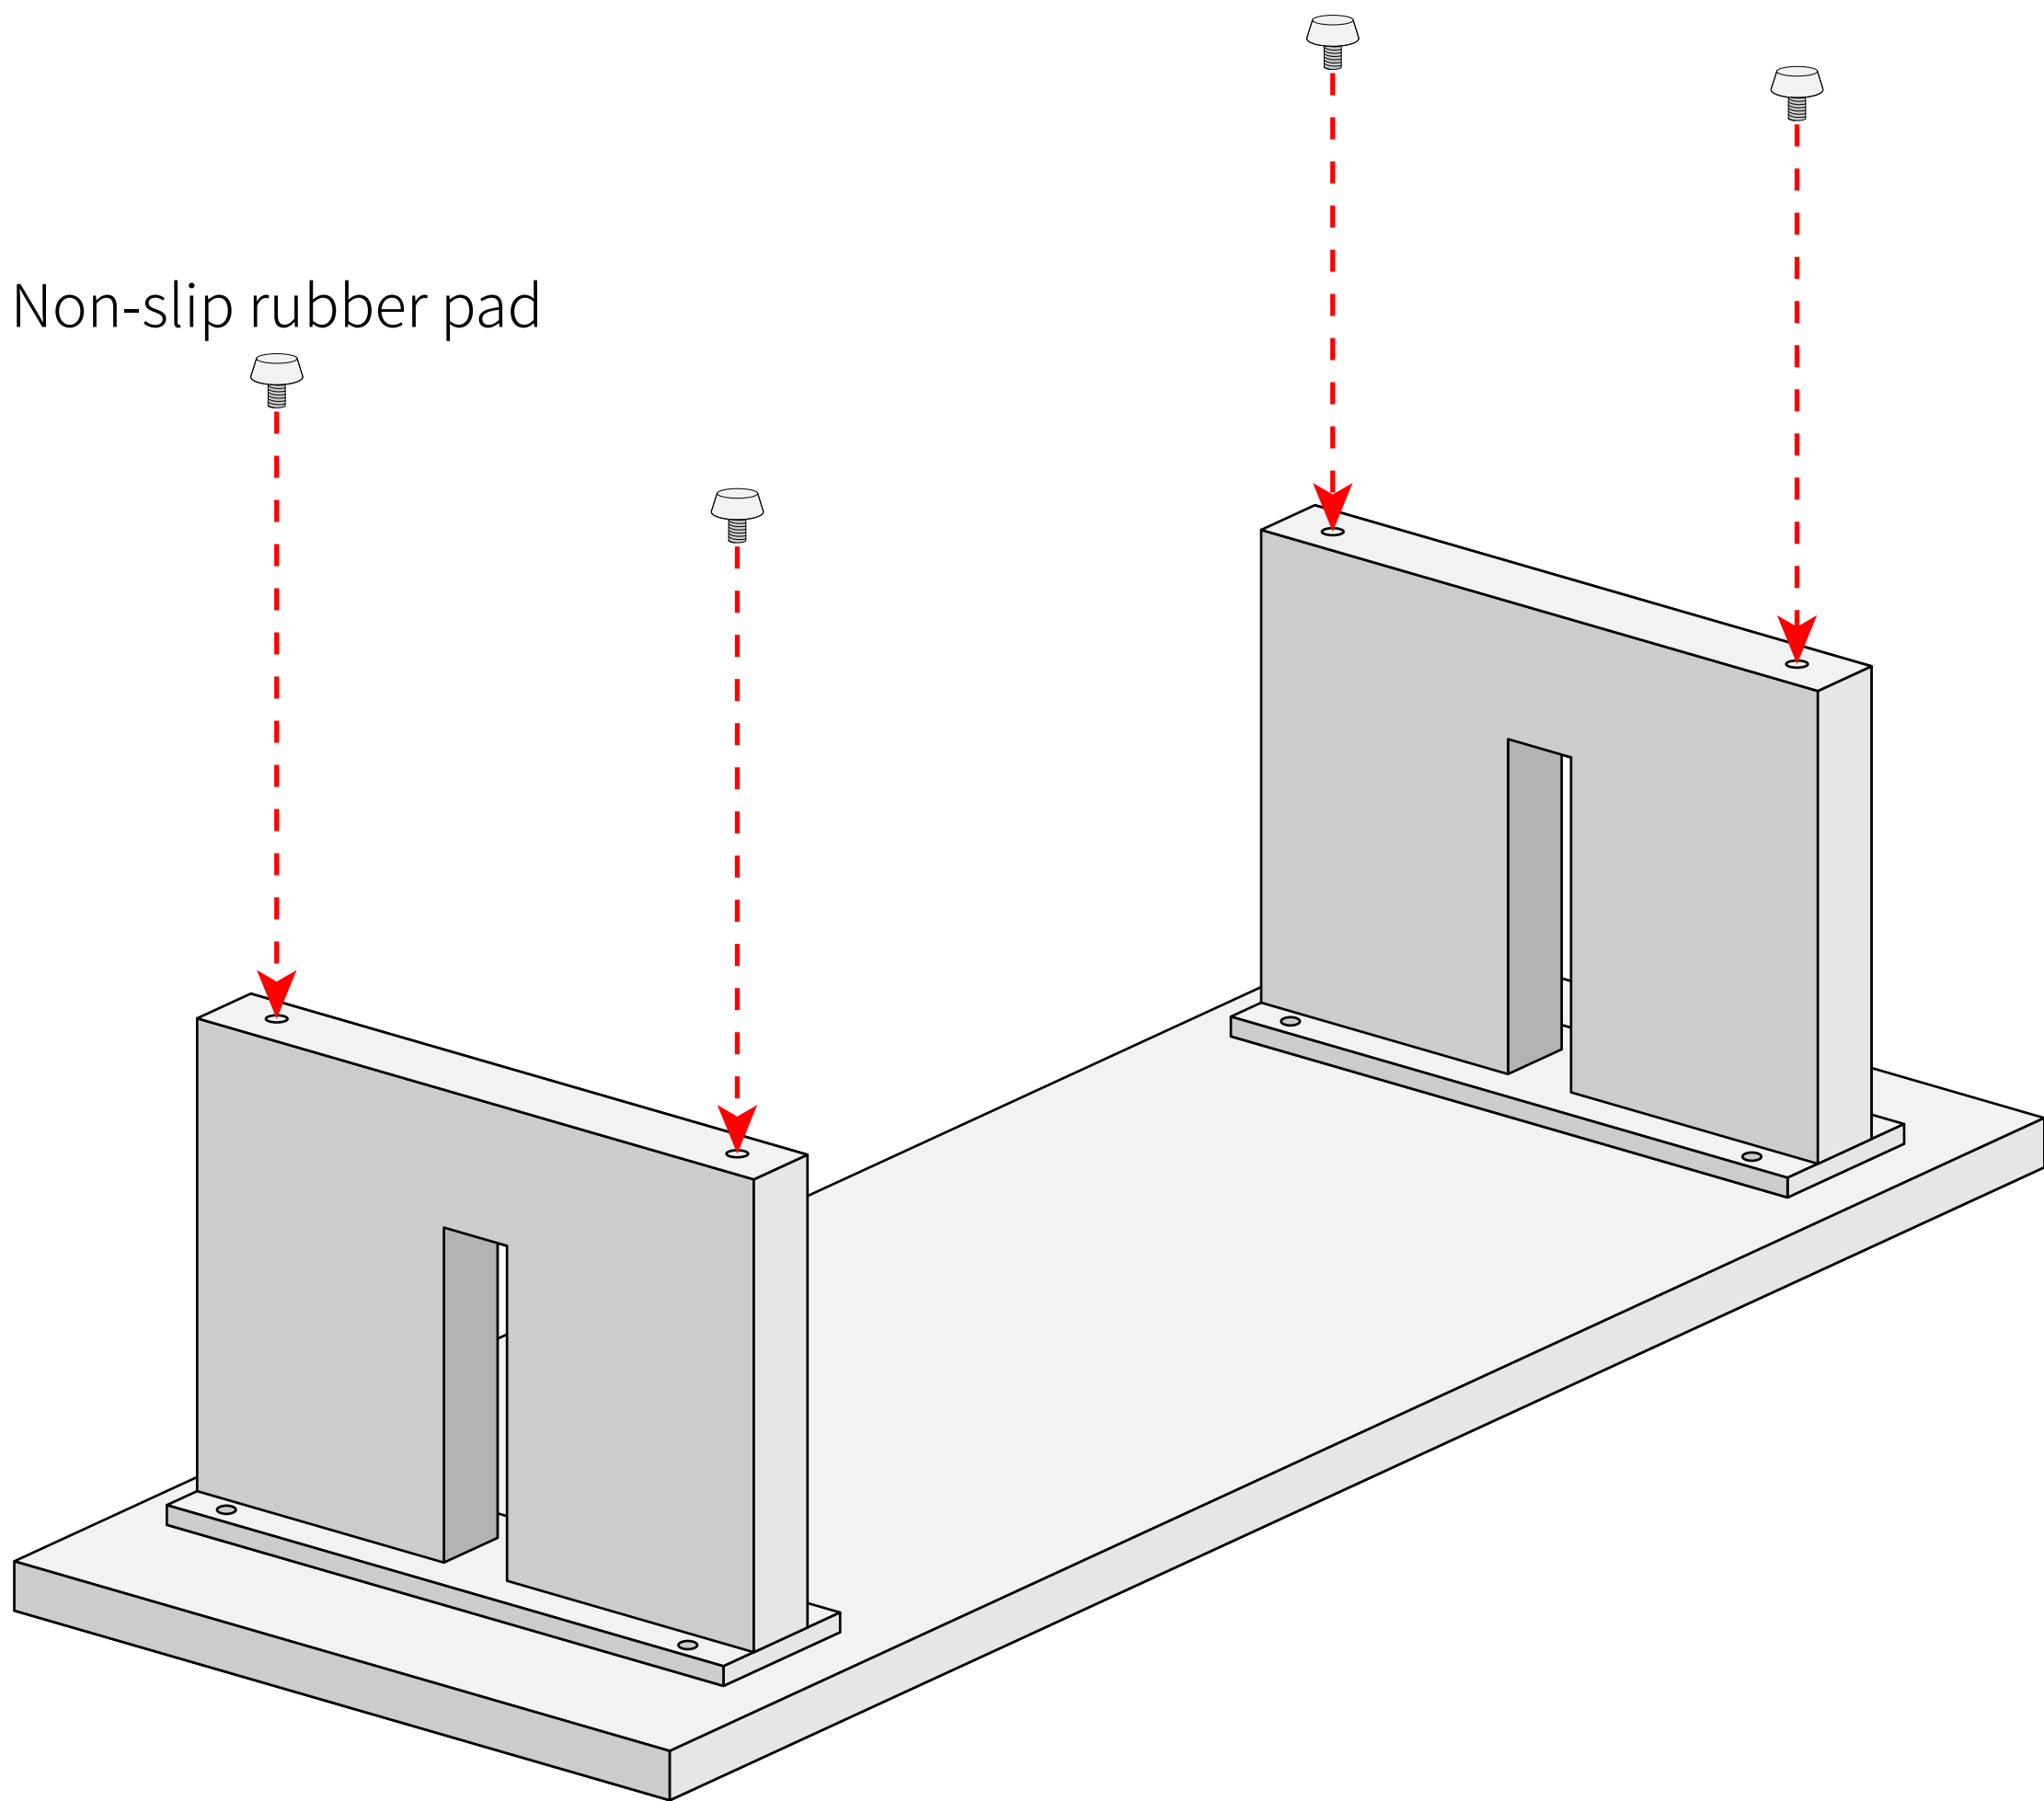

STEP 2

Use "screws" and "gaskets" to secure the "Table leg", each "Table leg" needs eight "screws".

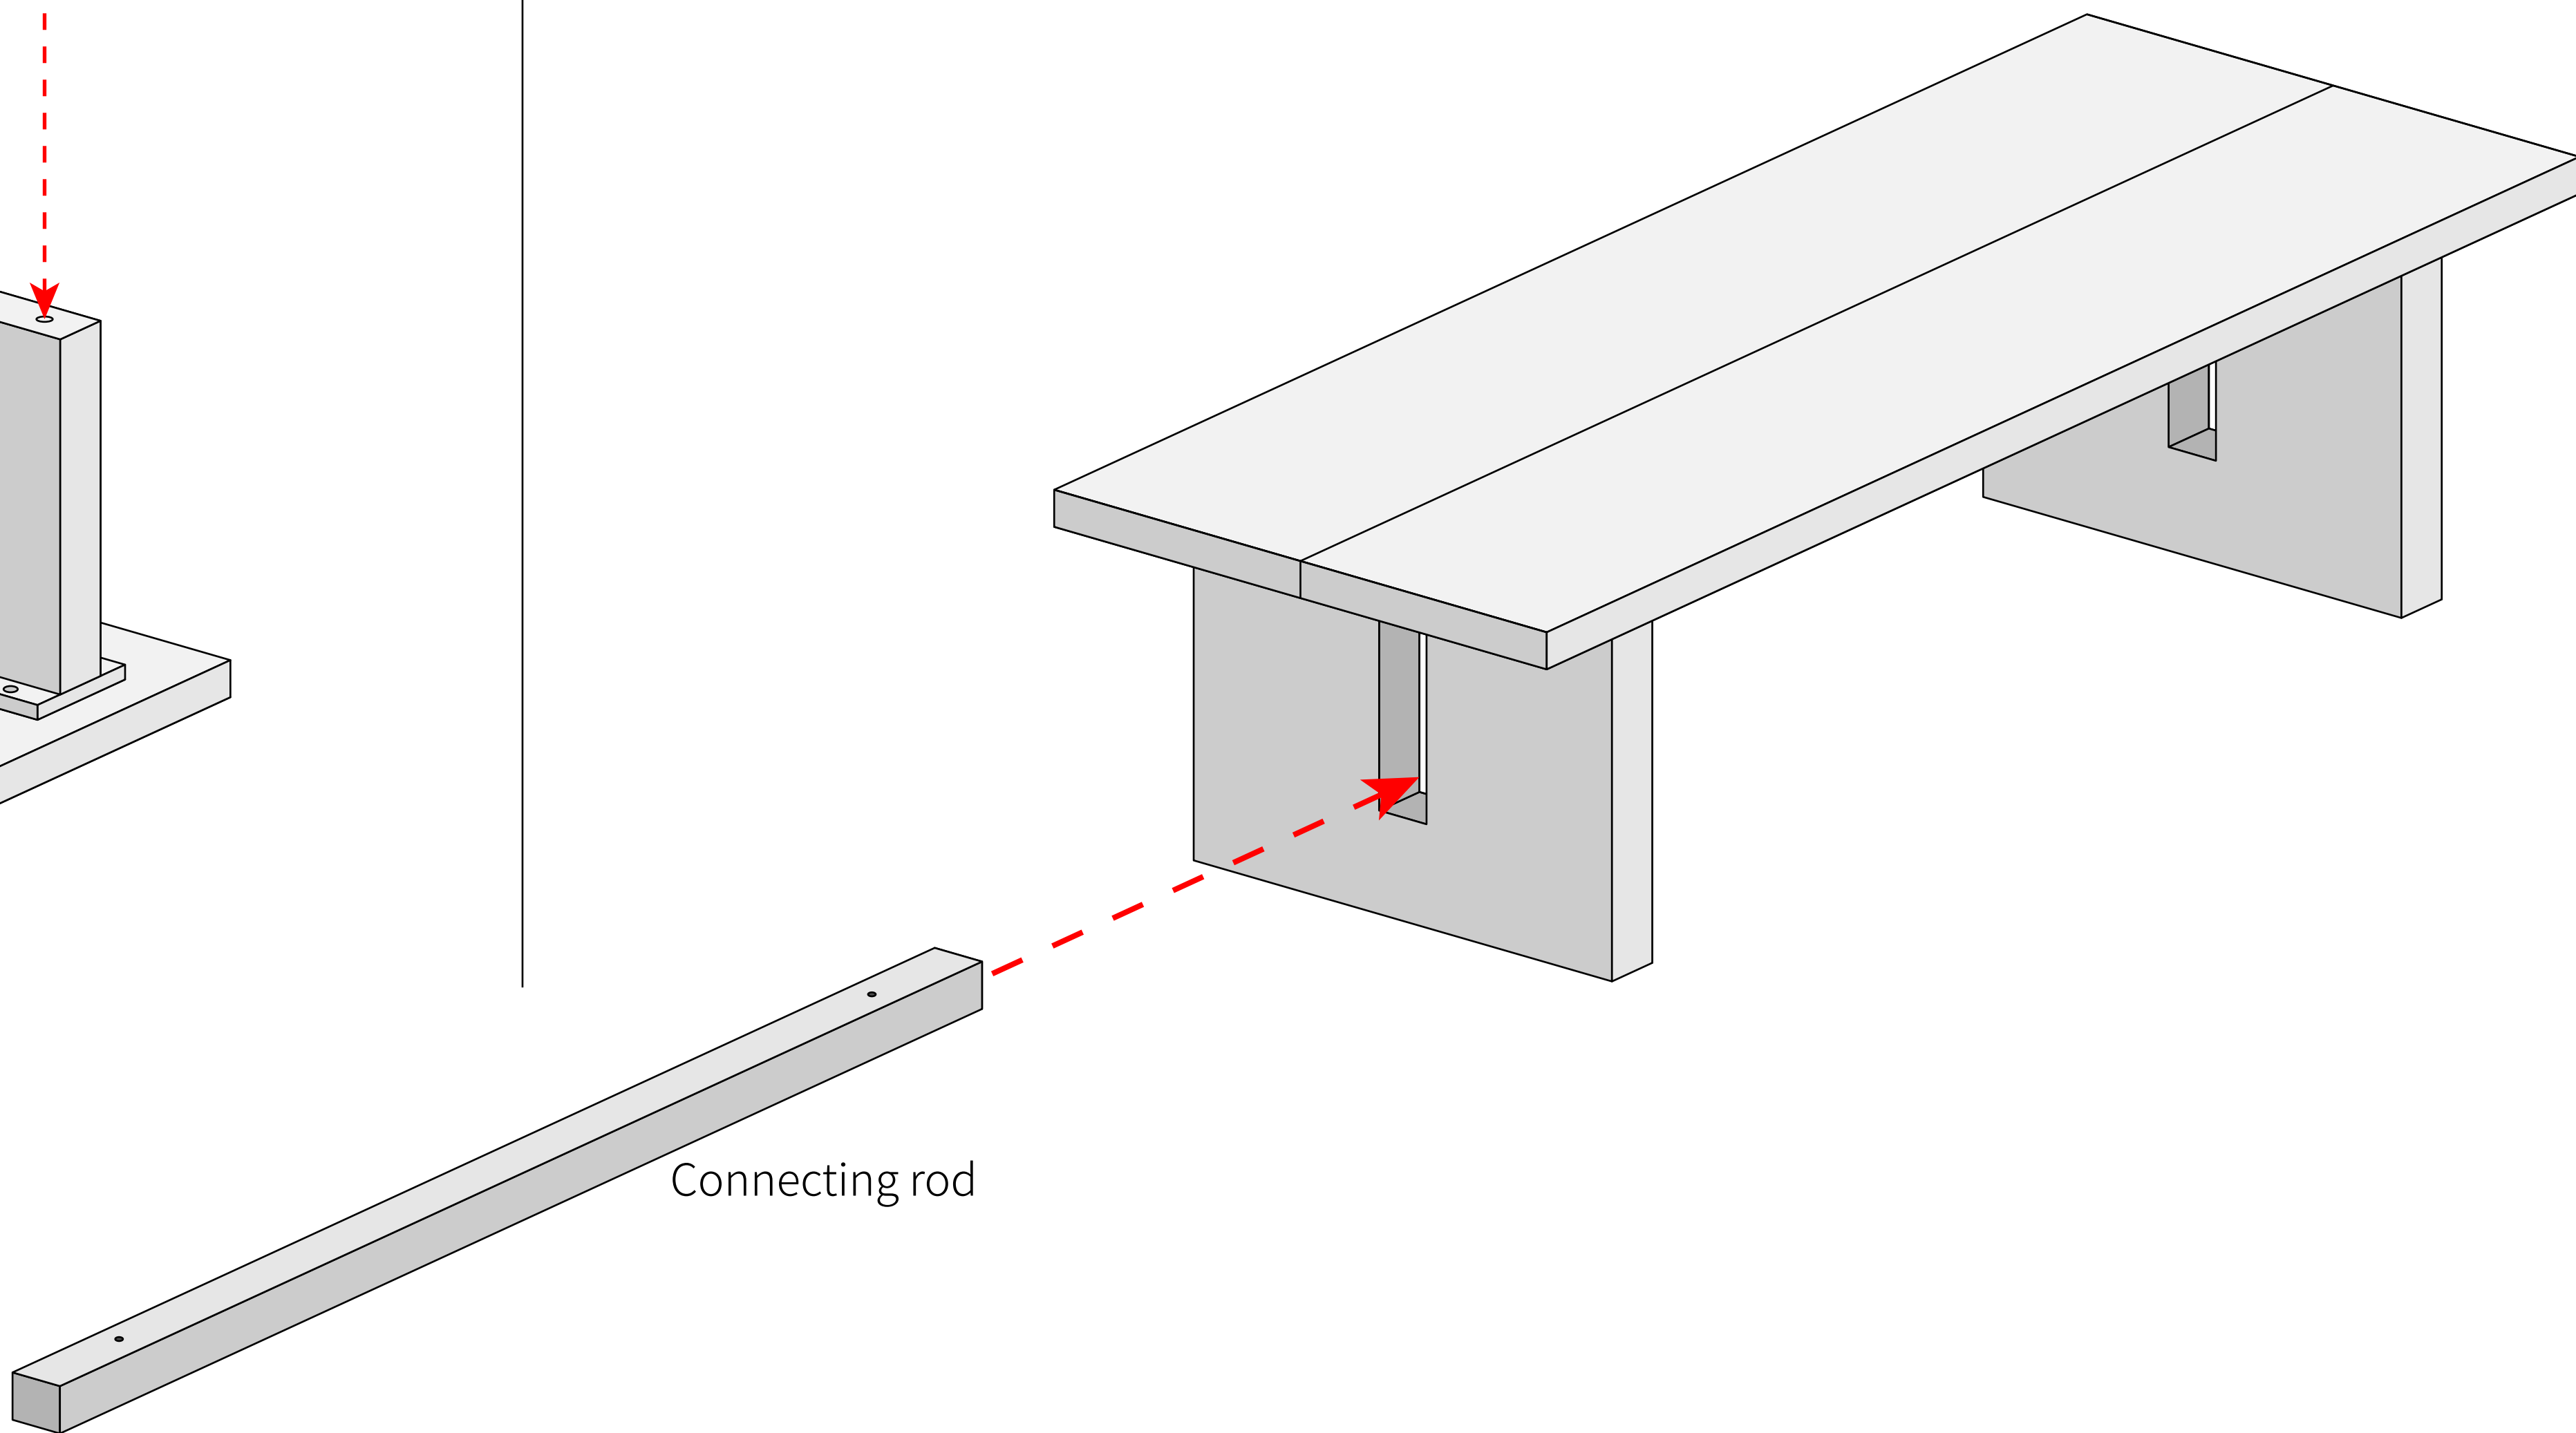

STEP 3

Install "Adjustable foot pads" on the "Table leg", Install two "Adjustable foot pads" on each "Table leg".

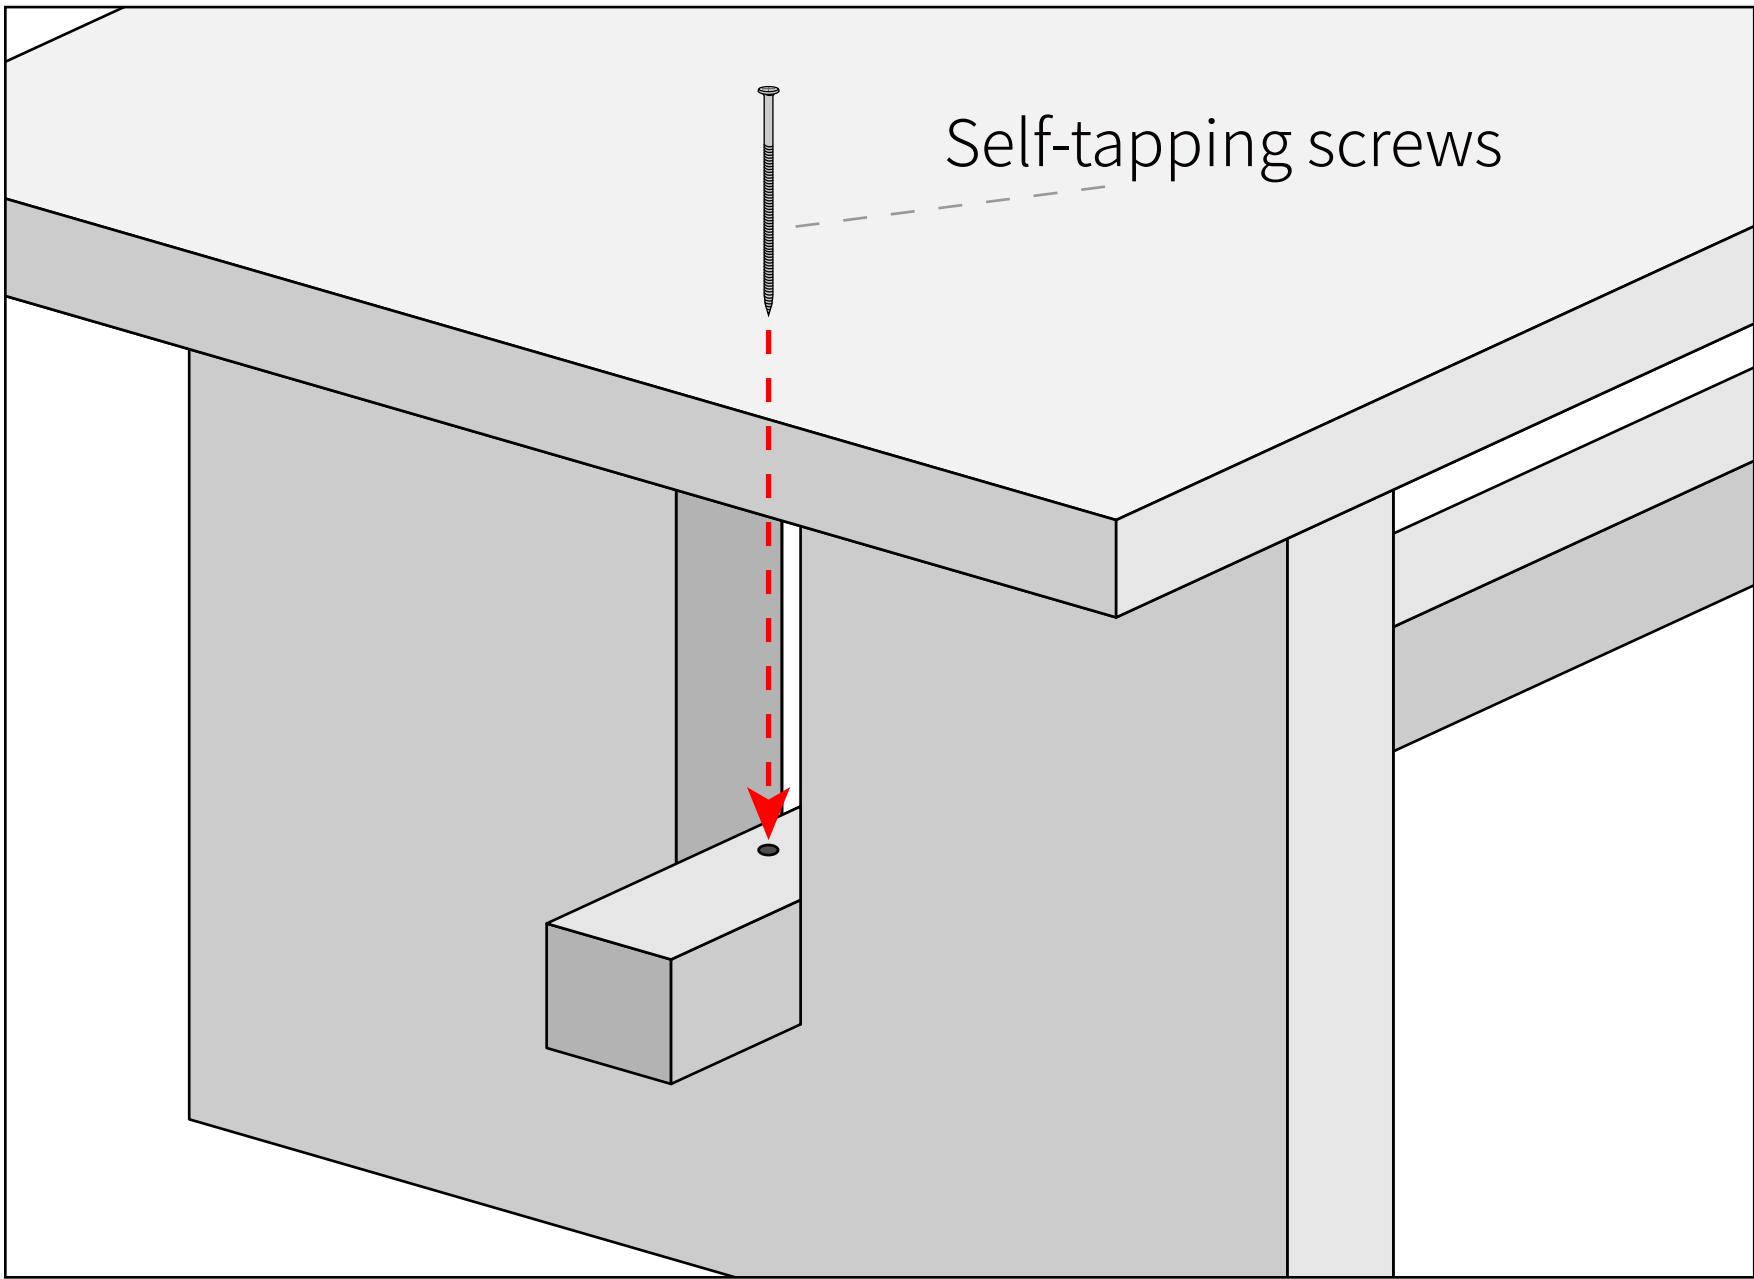

STEP 4

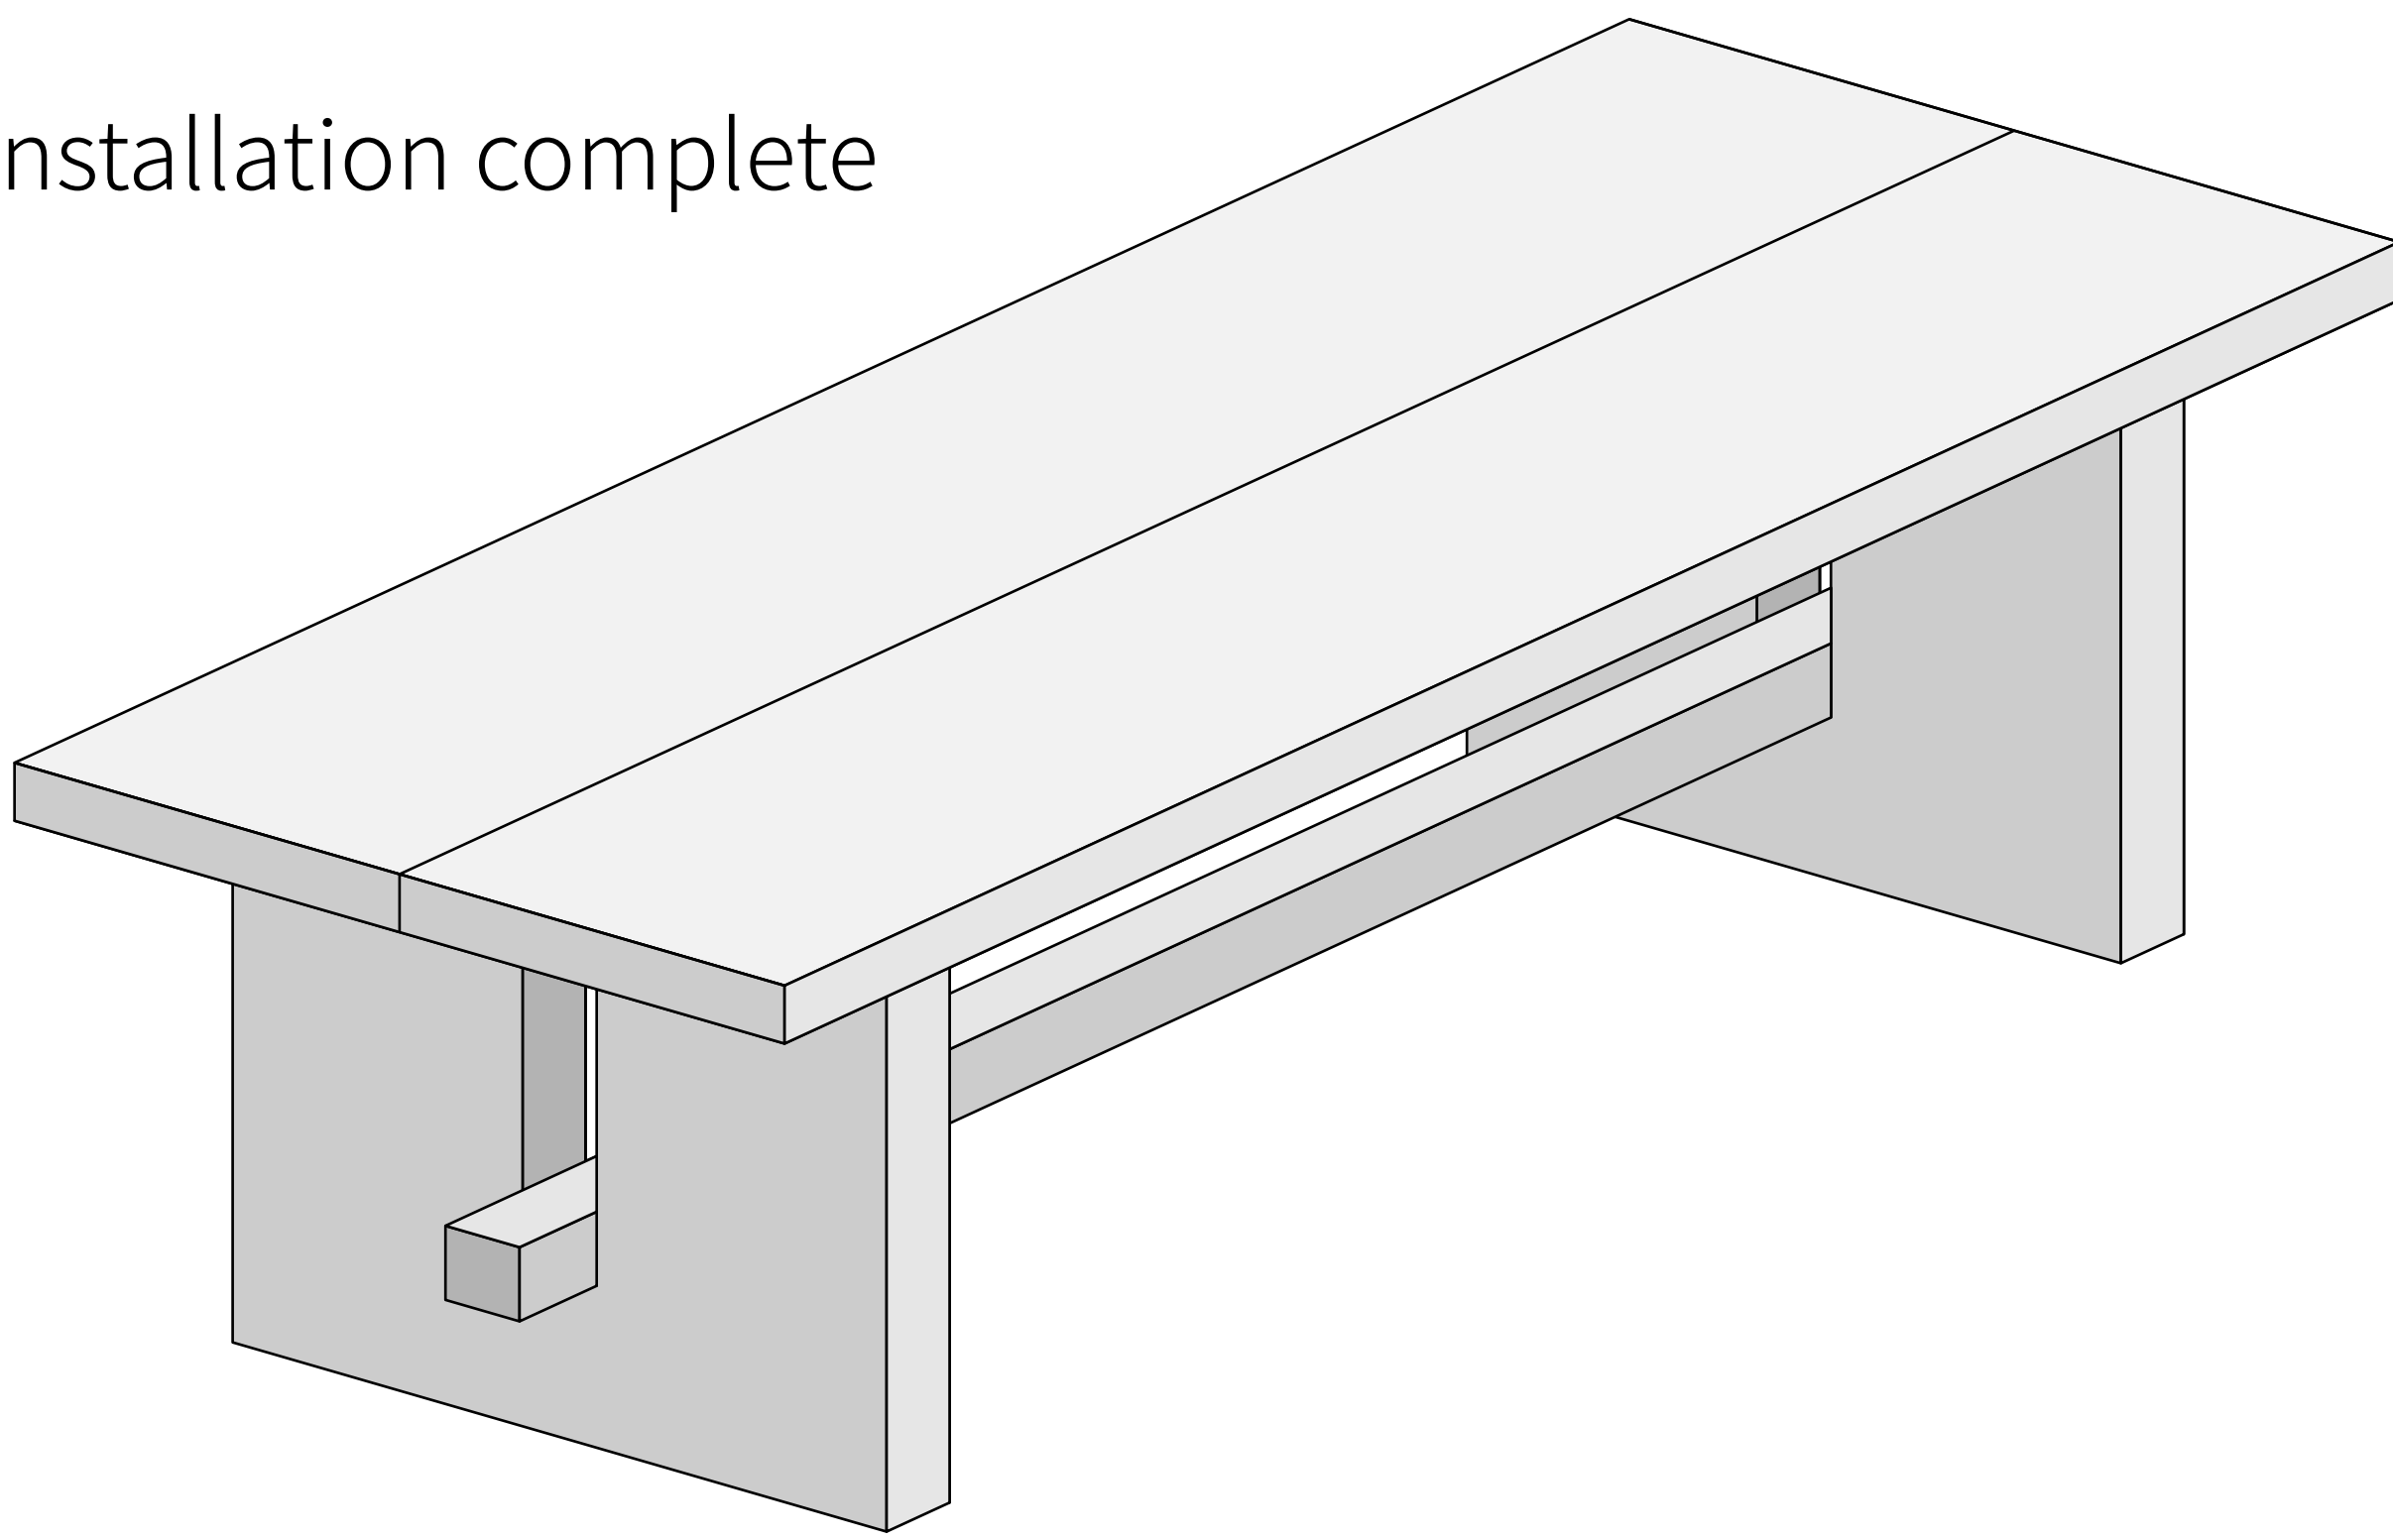

Install the connecting rod through the holes in both table legs.

Secure the connecting rod with self-tapping screws. Installation here is optional, depending on your needs.

Installation complete

CARE & MAINTENANCE

Solid wood furniture is made of natural material. Proper care will extend its service life.

- 1.Avoid long - term direct sunlight exposure, which may cause fading or wood cracking.
- 2.Keep furniture at least 1.5 meters away from heaters, air - conditioning vents and other heat sources.
- 3.Maintain stable indoor humidity. Avoid extreme dry or damp environments.
- 4.Do not place high - temperature items directly onto the tabletop surface. Always use heat - resistant coasters or pads.
- 5.Wipe away liquid spills immediately with a soft dry cloth. Do not leave water stains on the surface.
- 6.Do not place corrosive substances such as alcohol, perfume on the furniture surface.
7. Clean surface with soft slightly - damp cloth and mild soap only. Avoid abrasive cleaners.
8. Periodically check and retighten all screws to keep table stable.
