CARE AND MAINTENANCE

INDOOR METAL/ALUMINUM FURNITURE

Wipe spills immediately. Maintain with regular dusting and clean with mild soap and water, dry thoroughly and do not use a brass cleaner. Adhesive felt pads should always be used/applied in order to prevent damage to the furniture or surfaces on which the furniture is placed.

GLASS AND MIRROR CARE

Dust with a soft, dry cloth. Do not use abrasive cleaner. To clean mirror, spray a small amount of glass cleaner onto a lint-free cloth and wipe mirror clean.

WOOD CARE

Adhesive felt pads should always be applied to areas of furniture which make direct contact with flooring, said application will prevent damage to the furniture and or surfaces on which the furniture lies. Objects placed on articles of furniture should rest on non abrasive material as to prevent damage to the wood finish. Objects whose composition consists of plastic and rubber are known to discolor and damage the wood surfaces on which they rest. Wipe up spills immediately and avoid common hazards such as hot dishes, harsh solvents and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.
