x1

what's included

(D) - Bolt
(M6 x 12mm)
x16

(E) - Allen Key
(M4 x 140mm)
x1

assembly instructions

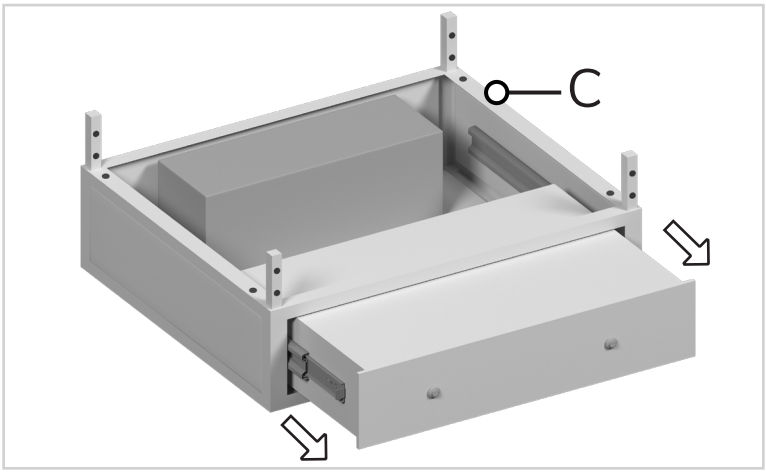
Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

Note: To ensure proper working of the drawer, pull both knobs together with equal force. Opening the drawer with the help of only one knob may hamper functioning over time.

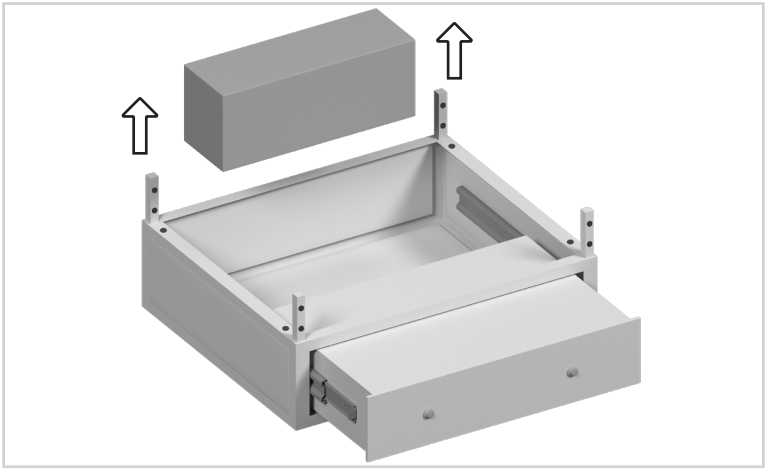
step 1:

Start by placing tabletop (C) upside-down on a rug/carton. Push out the drawer taking this image as reference.



step 2:

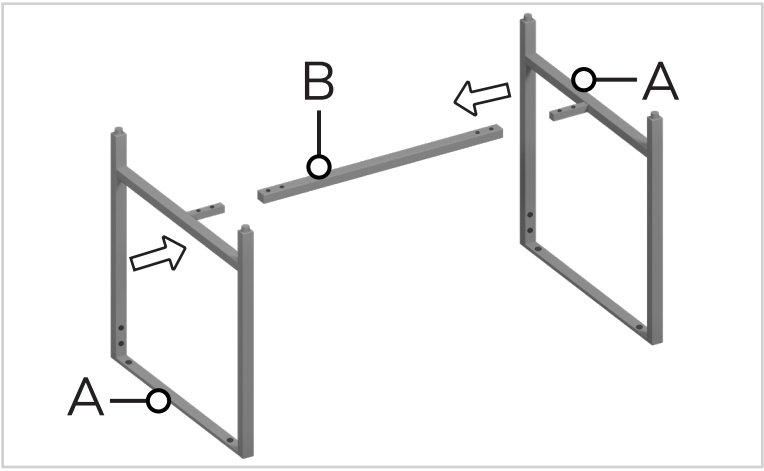
Take out the cardboard box and discard it; it is only for ease of transportation.



While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

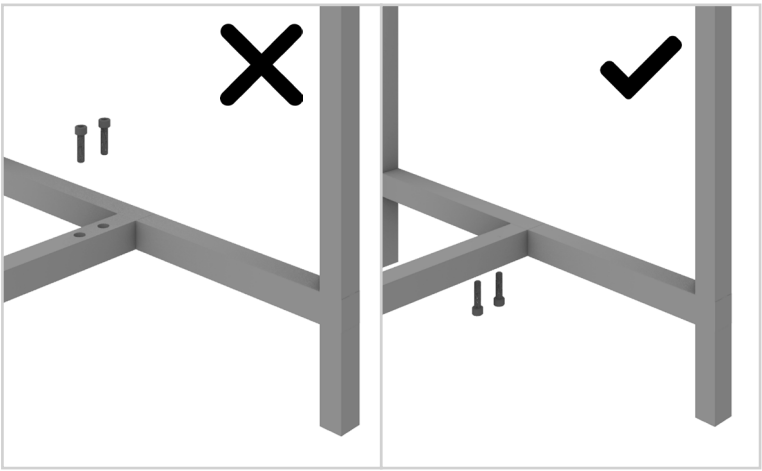
step 3:

Next, taking this image as reference, insert rod (B) to table legs (A). Simple enough?



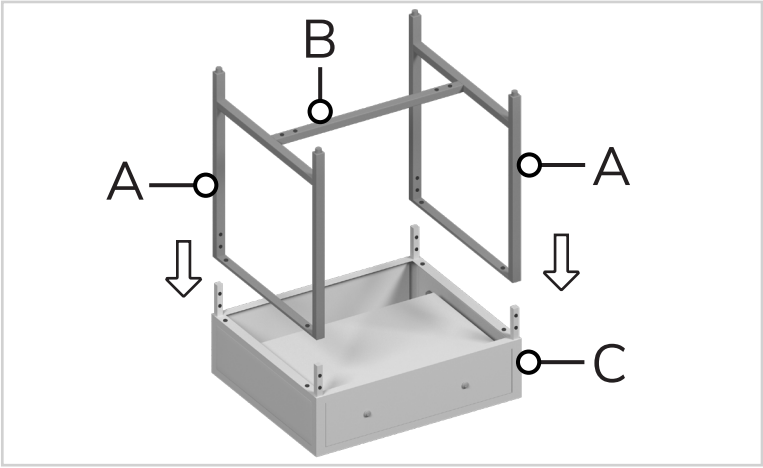
Note:

Ensure that the rods are placed in such a way that the holes are facing downwards, aligning with the lower part of the tenon on the lower frame.



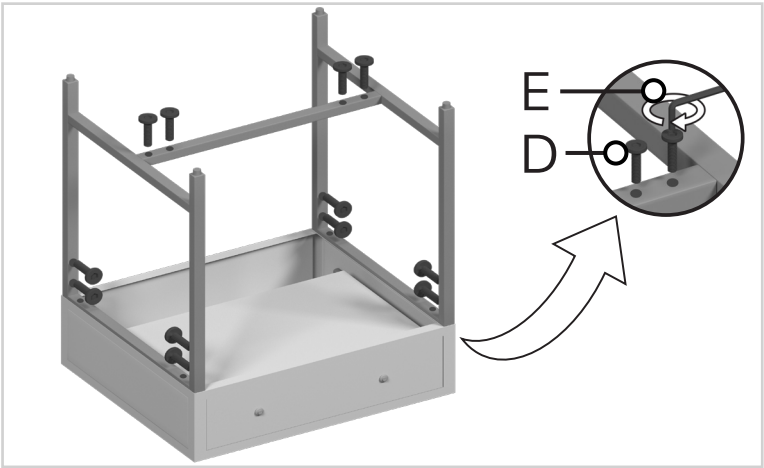
step 4:

Now, insert the resulting frame (A, B) into slots given on tabletop (C).



step 5:

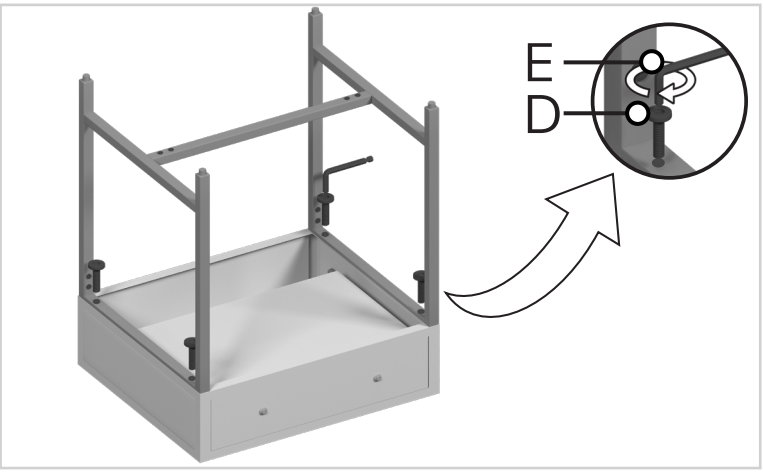
To fix legs (A) and rods (B) in place, use bolts (D) at points shown in this image. Tighten all bolts using allen key (E).



While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

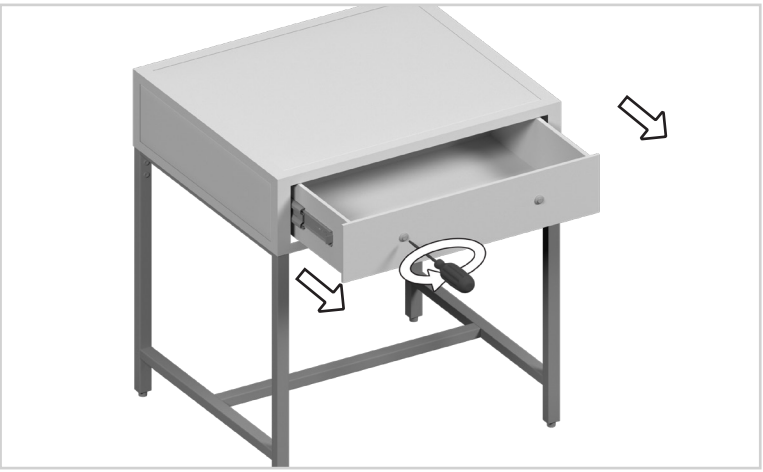
step 6:

Then, use bolts (D) on all four points shown in the image. Tighten them using allen key (E).



step 7:

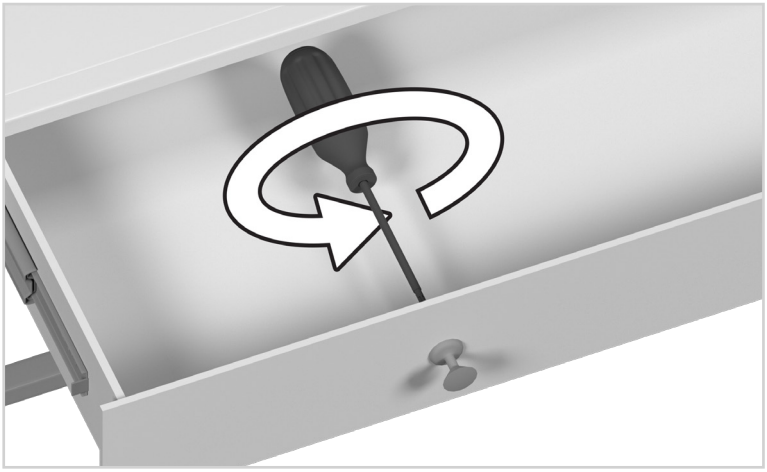
Using a screwdriver, detach the knobs fitted inside the drawer.



Note: To ensure proper working of the drawer, pull both knobs together with equal force. Opening the drawer with the help of only one knob may hamper functioning over time.

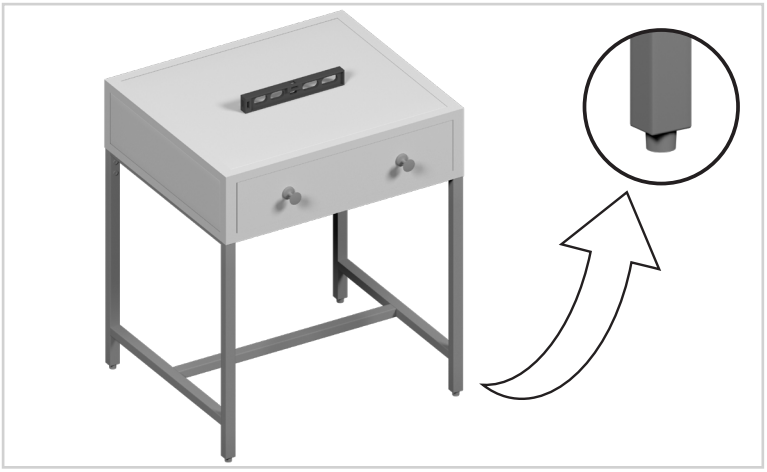
step 8:

Place the knobs outside the drawer and re-attach using the screws that you just removed and tighten using the screwdriver.



step 9:

Place a spirit level on top of the surface to check alignment. Adjust the levellers if needed.



Voila! Your table is now assembled and secure!
