READ AND SAVE THIS INSTRUCTION FOR FUTURE USE

SAFETY & WARNINGS

ADULT ASSEMBLY REQUIRED.

- Keep these instructions for future reference.
- This product is intended for indoor, outdoor, family, domestic use only.
- Place this product on level ground and at least 6.6' away from a fence, building, overhead branches, laundry lines or electrical wires. This product should be placed away from furniture that could cause injury if a fall occurs.
- Ensure the installation area is ventilated.
- Do not use the product if it is damaged or defective. If it is damaged or defective, please contact a qualified technician.
- Check that all parts are assembled well and are stable before use. Defective parts must be changed immediately as they can impair the function and the safety of the product.
- When temperatures fall below freezing (0˚C/32˚F), outdoor use of this product is not recommended. In extreme cold, plastic materials lose resilience and may become brittle and crack with impact. Store product in a warmer, protected place.
- Keep away from fire or any source of ignition.
- Packing materials are not toys, keep them away from children.
- Instruct children on proper use of this product: only after properly assembled and installed, and not in a manner other than intended.
- Dress children appropriately: do not allow children to wear loose-fitting clothing including ponchos, scarves and garments with drawstrings. Well-fitting shoes must be worn at all times.
- Avoid placing equipment in direct sunlight as hot surfaces could cause serious burns.
- Provide adult supervision at all times.

PLEASE DO NOT RETURN TO STORE

Please do not return this product to the retailer!!
We are able to assist you in ANY way

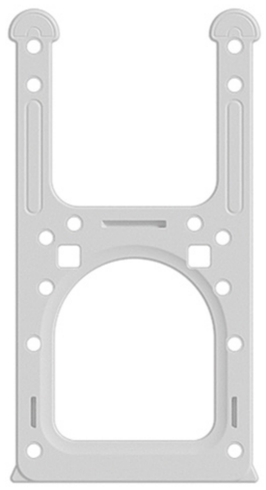

If you find that you have any trouble with assembly or missing or damaged parts please contact the seller.

INFORMATION BEFORE ASSEMBLING

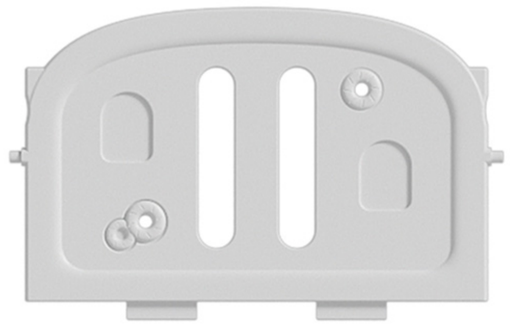

Check if following spare parts are in the box:

A-Crown swing side panel*2

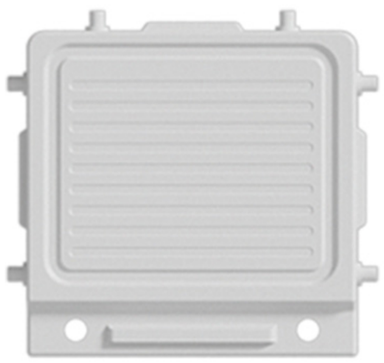

B-U-shaped side panel*3

C-Barrier on the aisle*2

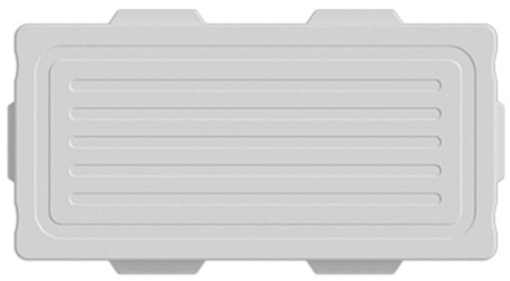

D-Under aisle baffle*2

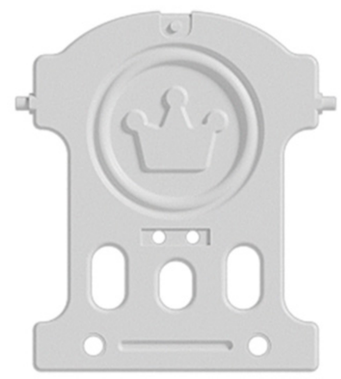

E-Staircase three ear platform*1

F-Small aisle platform*1

G-Great aisle platform*1

H-Crown upper side panel*3

I-Crown slide small baffle*4

J-Hexagon nut*12

K-Square screw*2

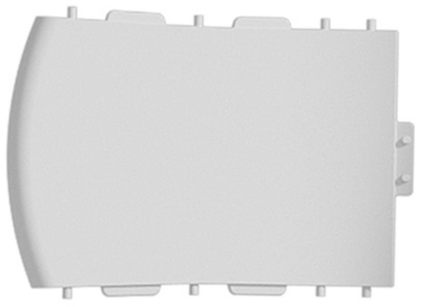

L-installer assistant*1

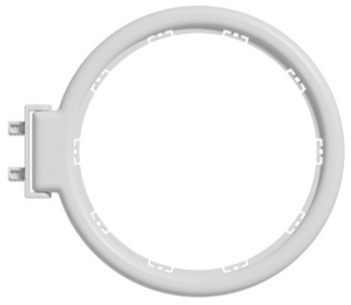

M-Slide side panel*2

N-Slide music tongue side panel*2

O-Slide Music Tongue*1

P-basketball hoop*1

Q-skidway*1

R-Rectangular screw*2

S-Small nut*20

T-Big nut*56

U-Swing top clouds*1

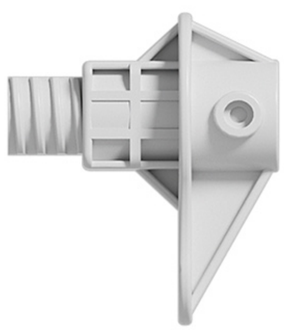

V-Swing backrest*1

W-Seat belt * 1

X-Straight iron beam*1

Y-Duck head nut*2

Z-Slide Music Tongue*1

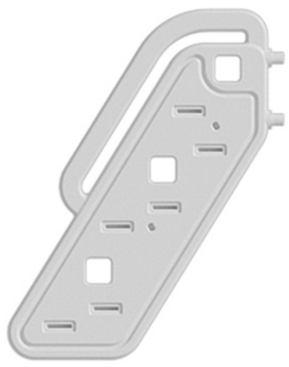

AA-Duck head nut*2

AB-Swing base*2

Installation

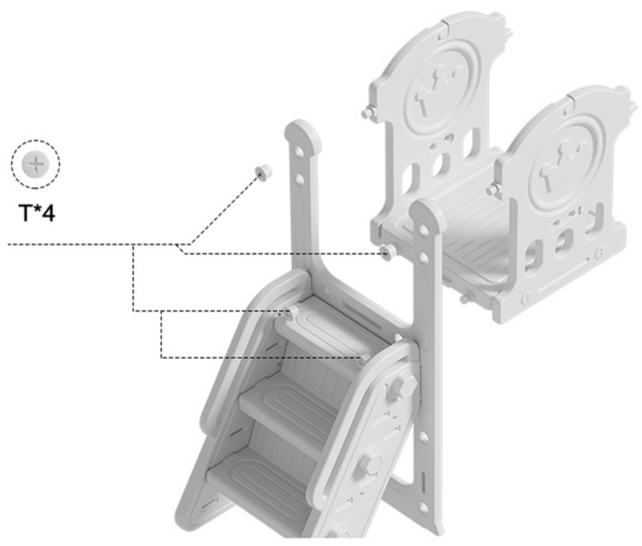

Step 1: Connect the AD accessory and AE accessory AF accessory with J accessory as shown in the picture

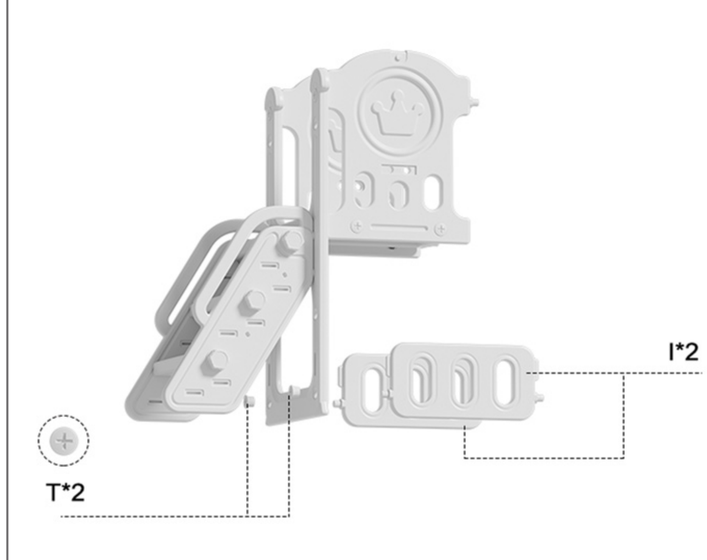

Step 2: As shown in the picture, use T fittings to connect B fittings to the set of fittings that were installed in Step 1

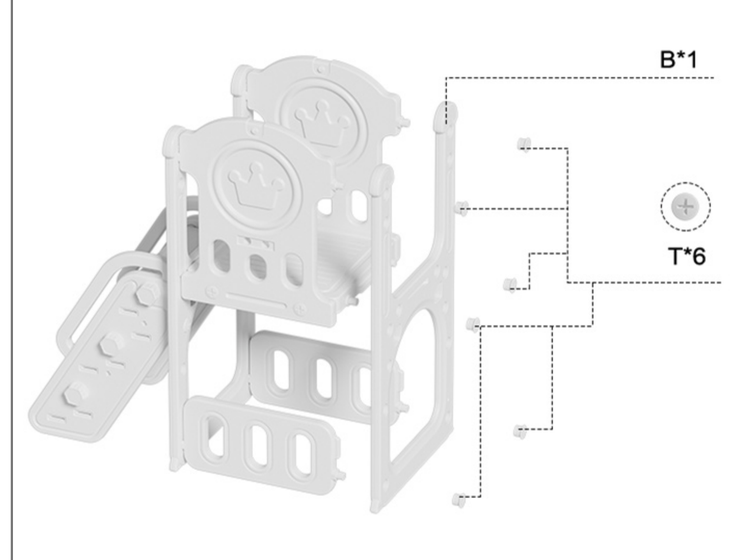

Step 3: Assemble W and B components using J component as shown in the picture

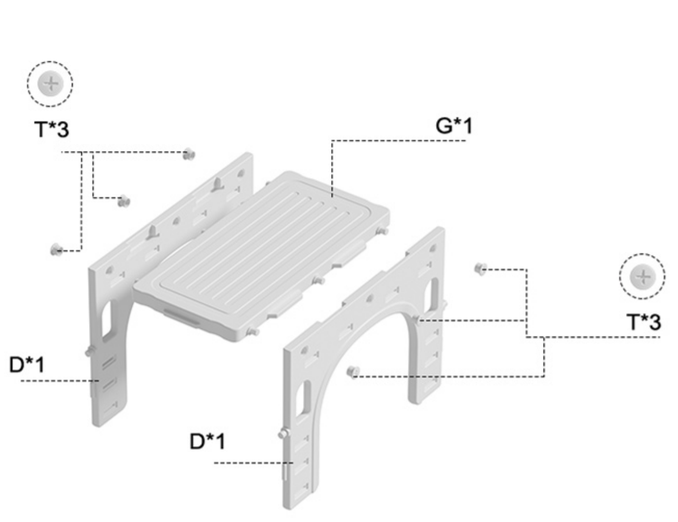

Step 4: Use the T-shaped connector shown in the figure to connect the assembled products from steps 2 and 3

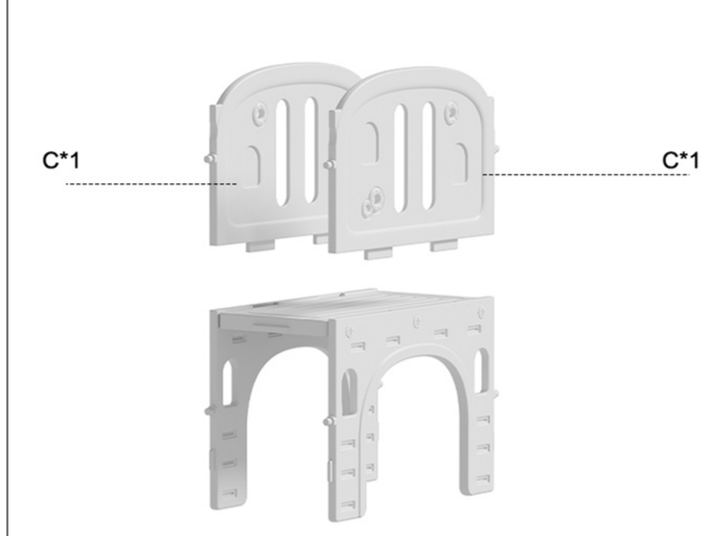

Step 5: Connect the I component to the product assembled in Step 4 using the T component

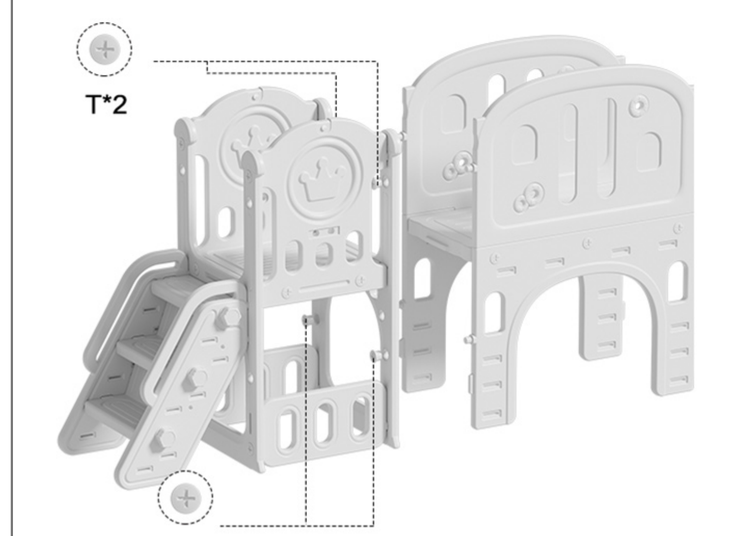

Step 6: Connect the B component to the product assembled in Step 4 using the T component as shown in the figure

Step 7: Assemble the D and G components using the T component as shown in the diagram

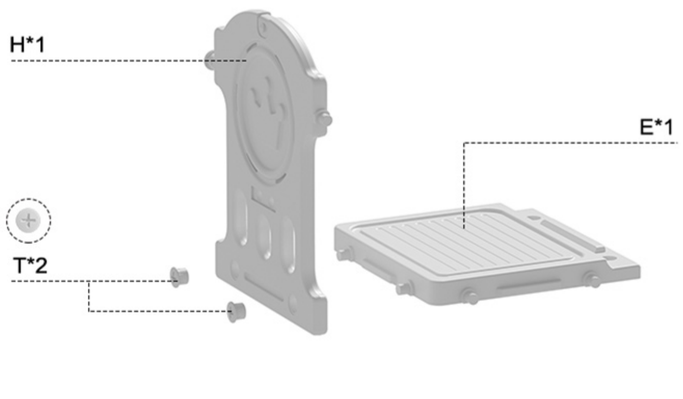

Step 8: Insert the C component into the product assembled in Step 7 as shown in the figure

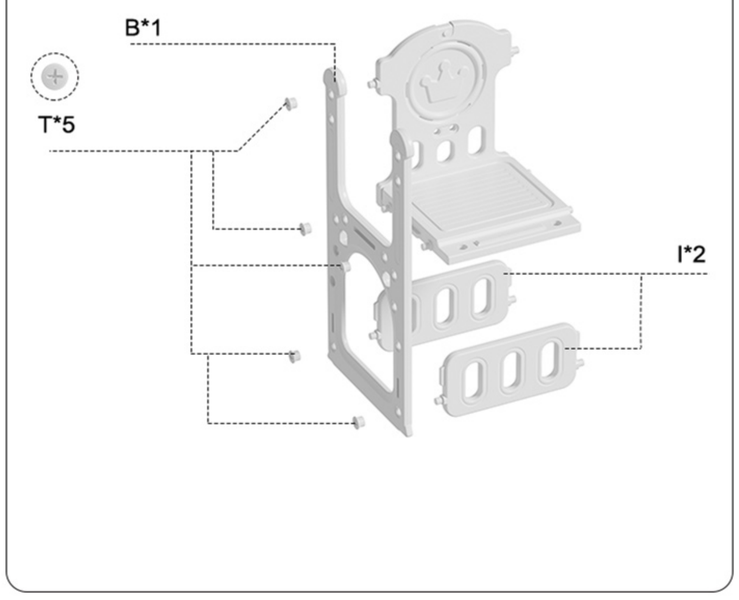

Step 9: Connect the products assembled in Step 5 with the products assembled in Step 8 using T-fittings as shown in the figure

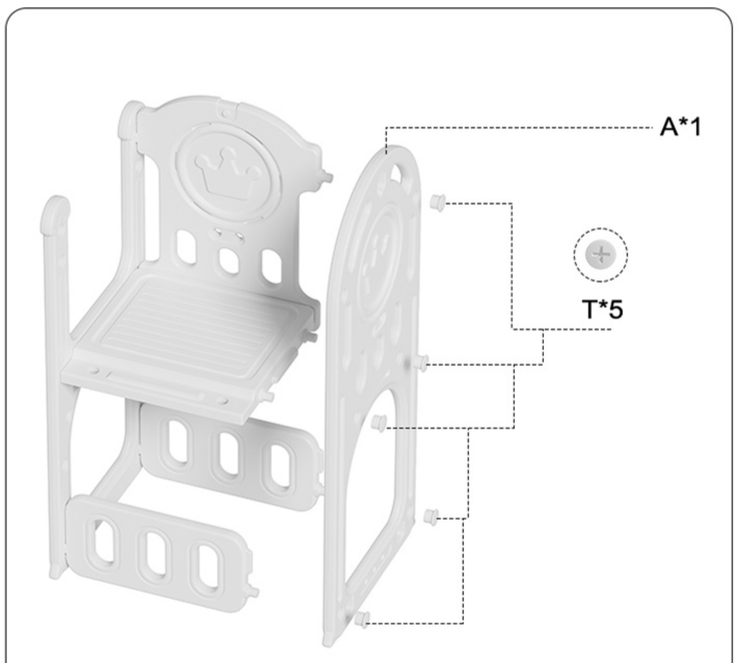

Installation

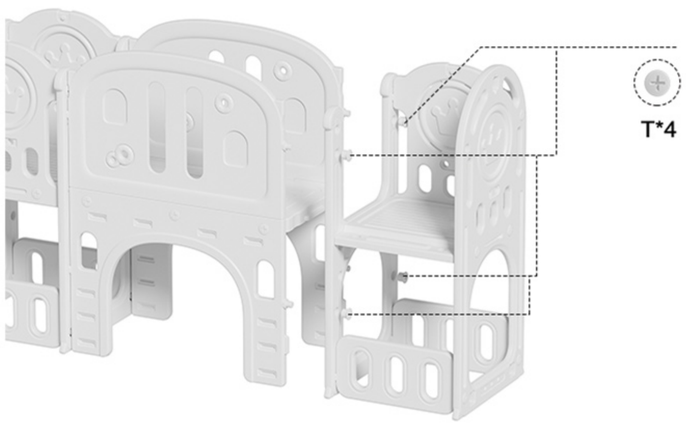

Step 10: Connect the H and E components using the T component as shown in the diagram

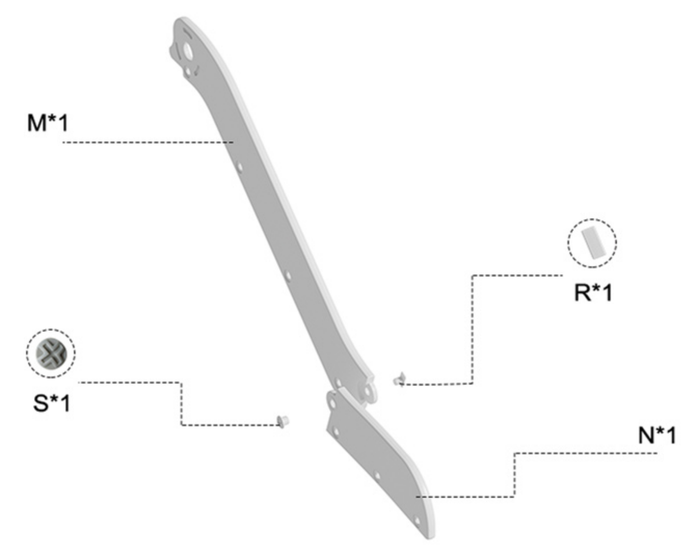

Step 11: Connect the B and I components with the product assembled in Step 10 using the T component as shown in the figure

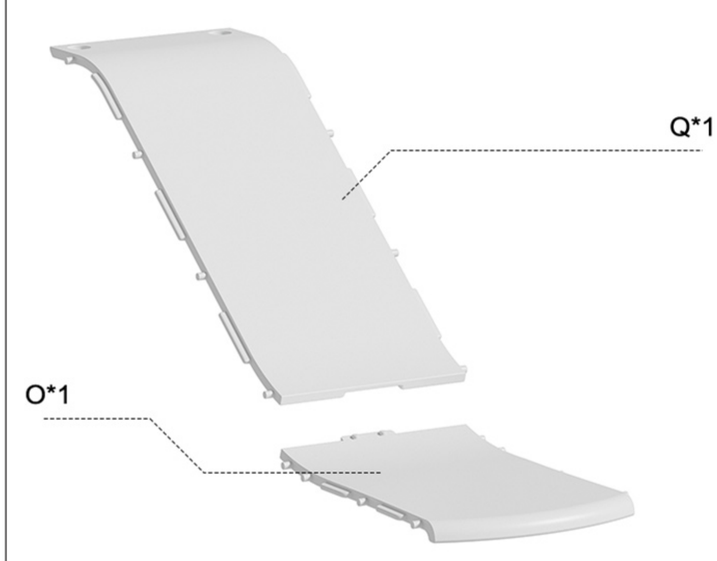

Step 12: Connect component A to the product assembled in step 11 using T component as shown in the figure

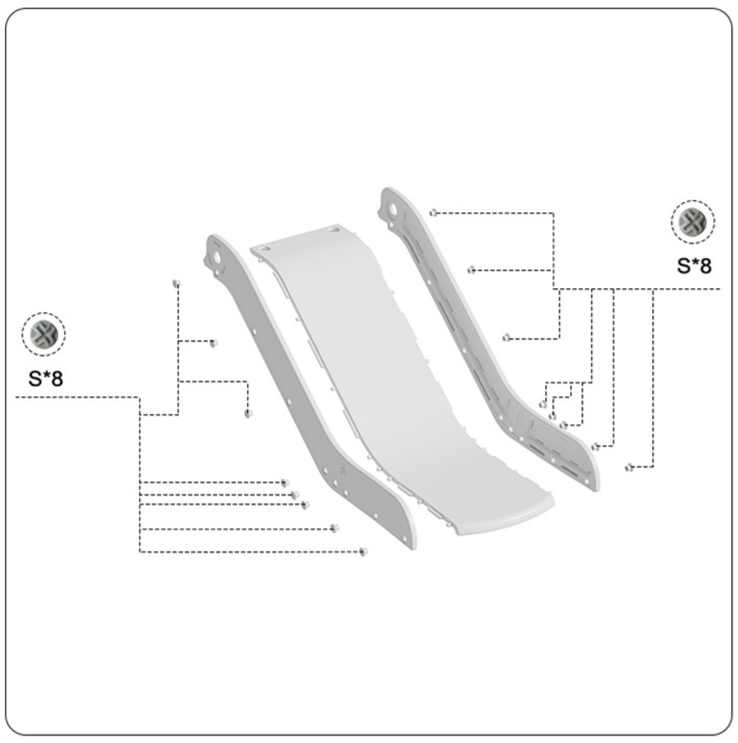

Step 13: Connect the product assembled in Step 11 and the product assembled in Step 9 using T fittings as shown in the figure

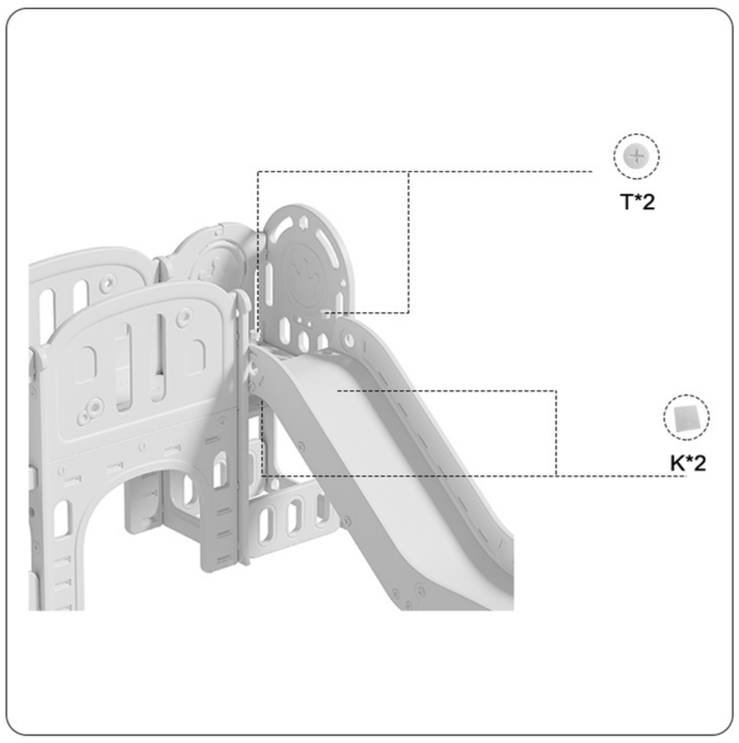

Step 14: Connect the N and M components using the S and R components as shown in the diagram

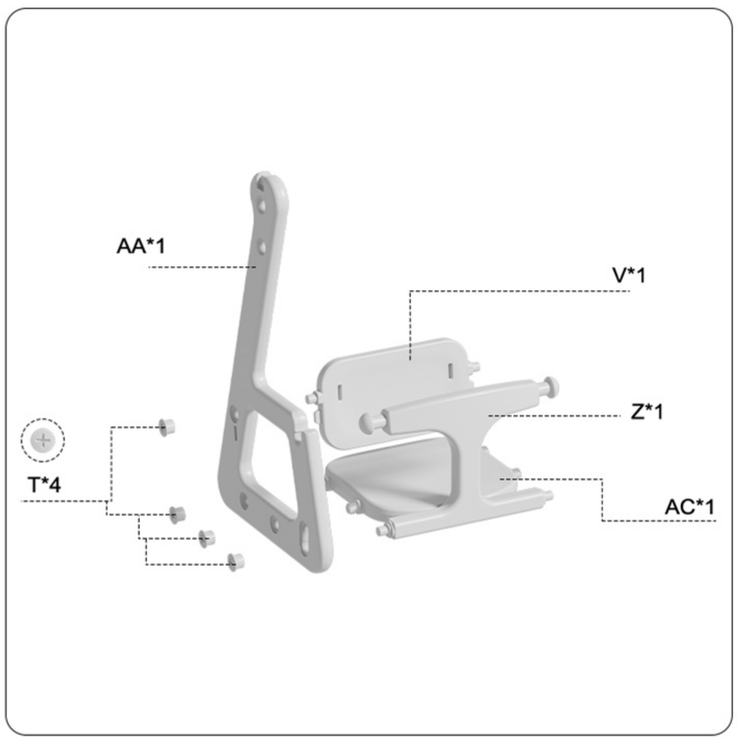

Step 15: Connect the O and Q components as shown in the diagram

Step 16: Connect the assembled products from Step 14and Step 15 using S accessories as shown in the figure

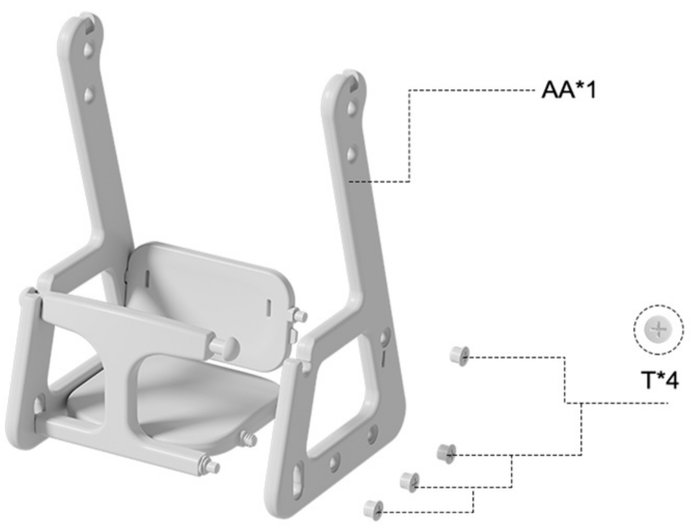

Step 17: Connect the product assembled in Step 15 and the product assembled in Step 13 using T and K fittings as shown in the figure

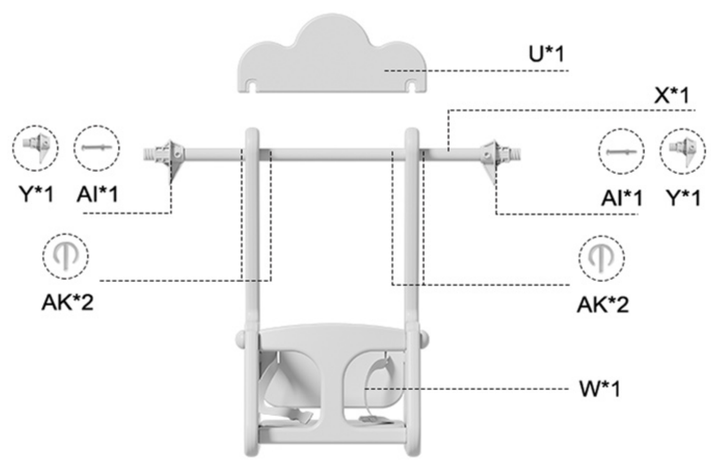

Step 18: As shown in the figure, use T fittings to assemble AA fittings, V fittings, Z fittings, and AC fittings

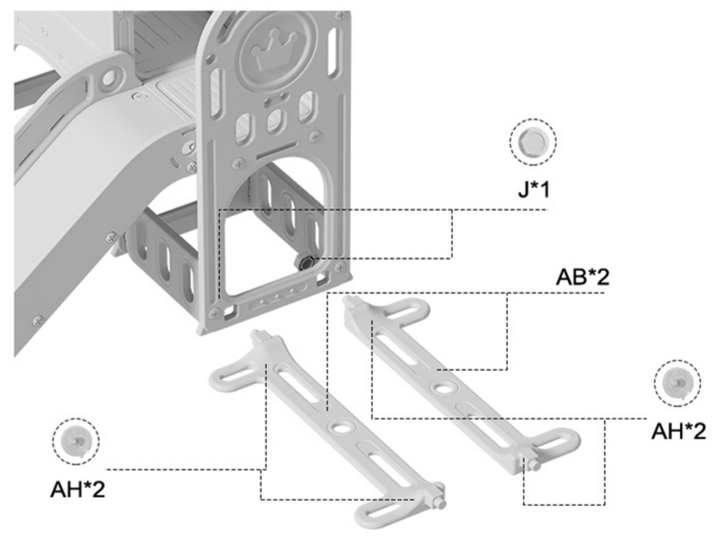

Installation

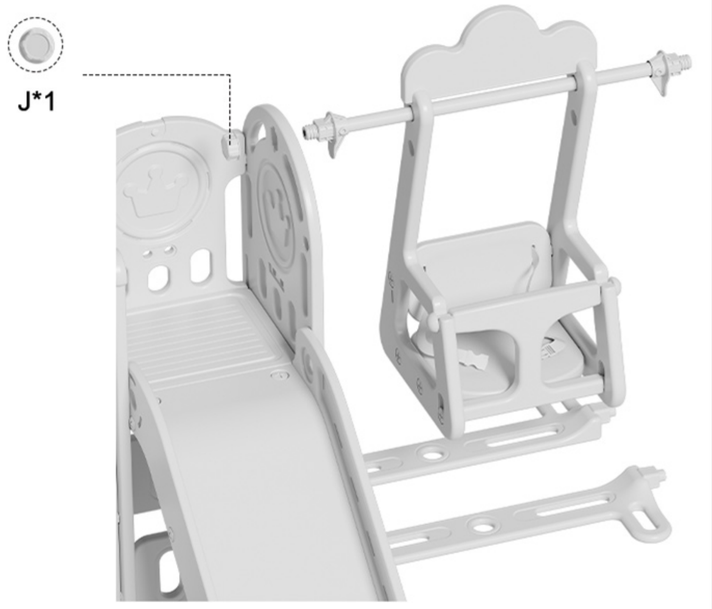

Step 19: Connect the AA component to the product assembled in Step 17 using the T component as shown in the figure

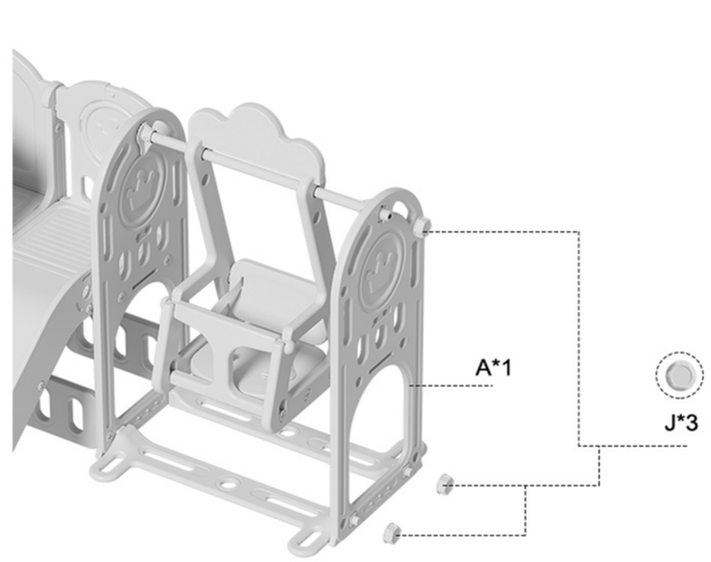

Step 20: Insert accessory X into the product assembled in step 19, then fix it with AK accessory. Fix accessory Y on both ends of accessory X with AI accessory, then clip in the U accessory above it. Finally, install accessory W on the seat

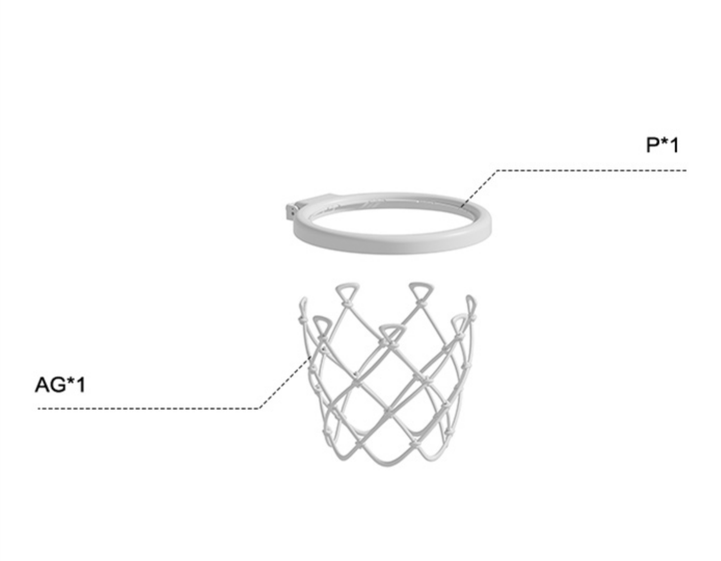

Step 21: First, assemble the AH component under the AB component, and then connect it to the product assembled in Step 17 using the J component

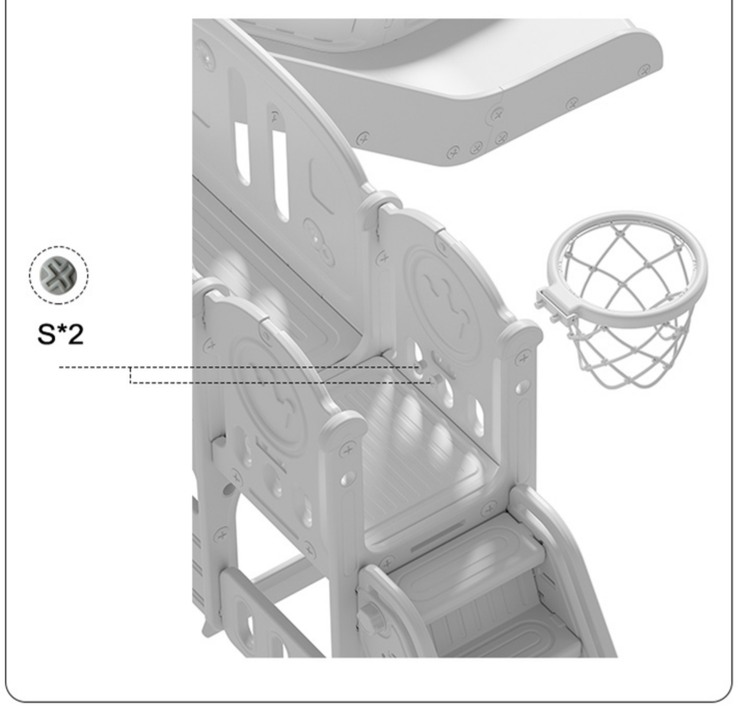

Step 22: Connect the product assembled in Step 19 to the product assembled in Step 21 using J accessories as shown in the figure

Step 23: Assemble component A onto the product assembled in step 22 using component J as shown in the diagram

Step 24: Assemble AG and P components as shown in the picture

Step 25: Connect the assembled product from Step 23 to the already assembled product using S accessories as shown in the picture

⚠ GENERAL SAFETY INSTRUCTIONS

This product is intended for indoor, outdoor, home, domestic use only.It is not suitable for commercial or medical use.

The assembly of the product must be done carefully and by an able-bodied adult. If in any doubt, ask a technically qualified person.

Do not use the product if it is damaged or defective. If it is damaged or defective, please contact a qualified technician.

Check the product before each use. Defective parts must be changed immediately as they can impair the function and the safety of the product.

Use the product only on even and non-slip surfaces. Keep sufficient space around for safety.

Beware that when using tools or doing technical work, there is always a risk of injuries. Assemble the product with care.

After installing the product according to the instruction manual, ensure all screws, bolts and nuts are correctly installed and tightened and that all joints are secure.

Do not make alterations to the product. Only use original spare parts. Only qualified technicians should carry out repairs - improper repairs can lead to danger for the user. Use this product only as described in this manual.

IMPORTANT

The owner’s manual contains safety, assembly, use and maintenance instructions. The product must be assembled by an adult who has read and understood these instructions. Keep the packaging away from children and dispose of all packaging before use.

OPERATION INSTRUCTIONS

Provide adult supervision at all times.

The disassembled product contains small parts which pose a choking hazard to children under 3.

Dress children appropriately, including wearing well-fitting shoes that fully protect feet.

Instruct children:
- to sit in the center of the swings with their full weight on the seats,
- to avoid swinging empty seats,
- to slide feet first; one child down slide at a time,
- to remove articles, before playing on equipment, that create hazards when they get tangled and caught.
- not to walk close to, in front of, behind, or between moving items,
- not to get off equipment while it is in motion.

Never allow children to use the equipment in a manner other than intended. Do not swing while standing or slide down head first.
