A Good Night's Rest

Dear customer

Thank you for choosing Anmiz mattress.

Good sleep is quite important for your health. We really hope you get a good night's sleep.

Before enjoying your Anmiz product, we want to share some tips with you.

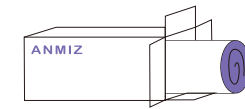

(1) Using the special opener provided to cut the plastic packag outside the mattress, being careful not to cut into the fabric of the mattress.

(2) Please allow at least 72 hours for the mattress to fully expand and dissipate any odors that may arise from being sealed during the mattress.

(3) We recommend rotating the mattress every 2 weeks for the first 3 months and every other month from the 4th month to the 12th month. This helps the mattress last longer.

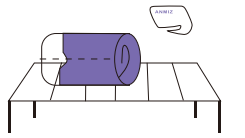

It is our vision to get you a good night's rest. Wish you have a good sleep and a healthy life!
