Assembly Preparation

Over view

This table has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

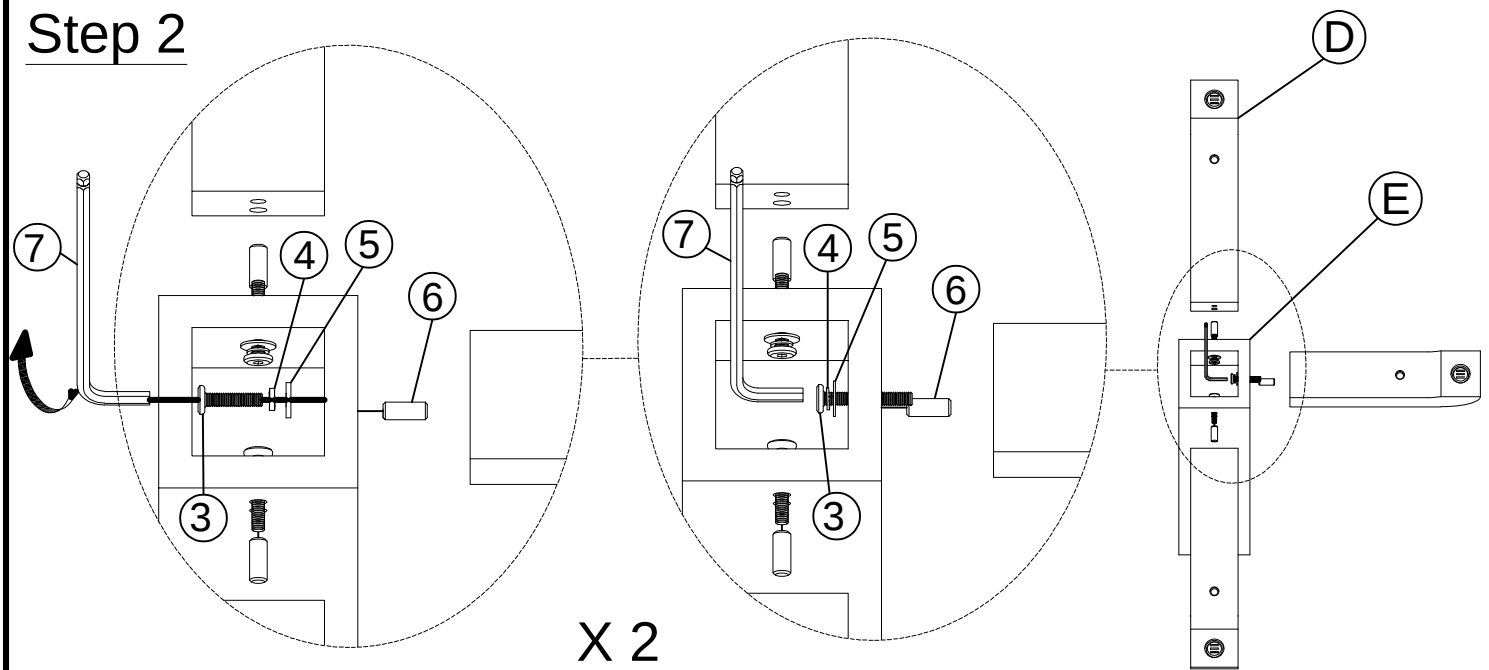

Step 1

Remove the pre-installed connecting board (B) from the table top (A) using an Allen key (7)*1.

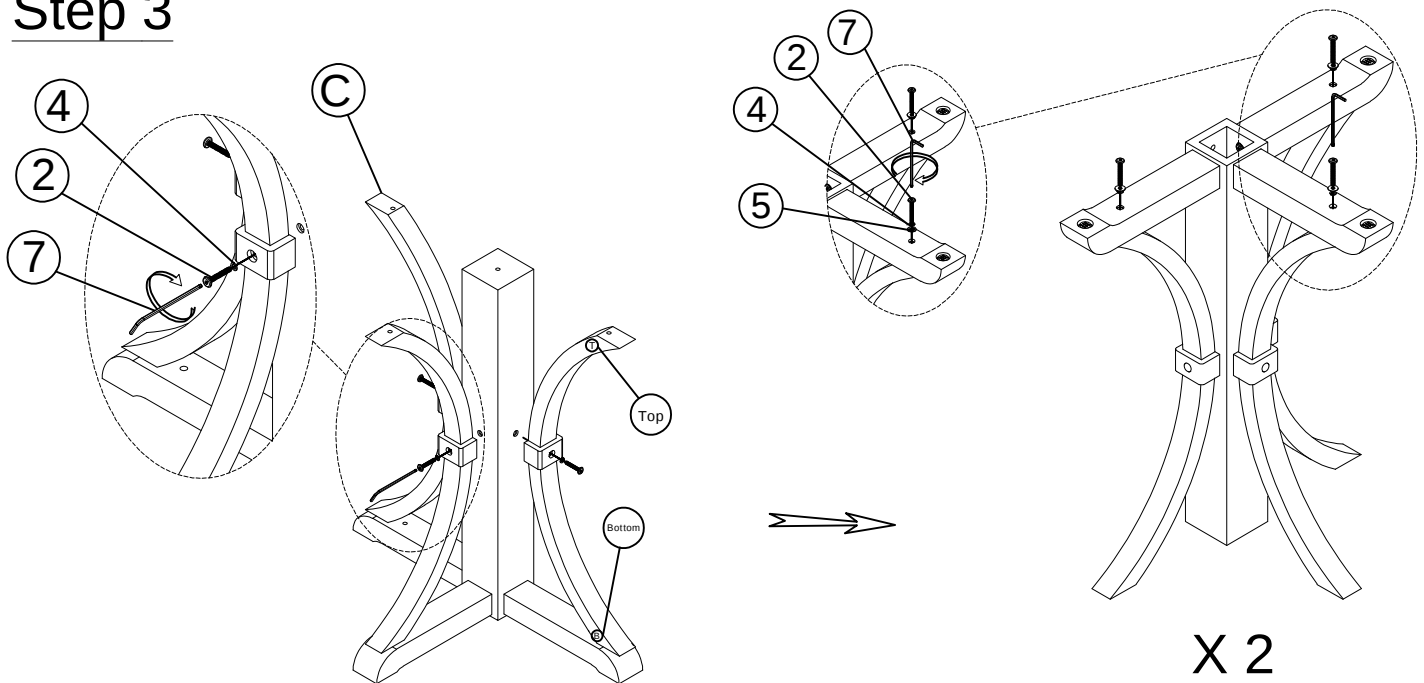

Note: Keep the removed hardware separate for use in the next step.

Step 2

Attach the Pedestal post (E) to the Base rail (D) by using Wood dowel (6)*6, Flat washers (5)*6, Spring washers (4)*6, and Bolts (3)*6 with Allen key (7)*1.

Step 3

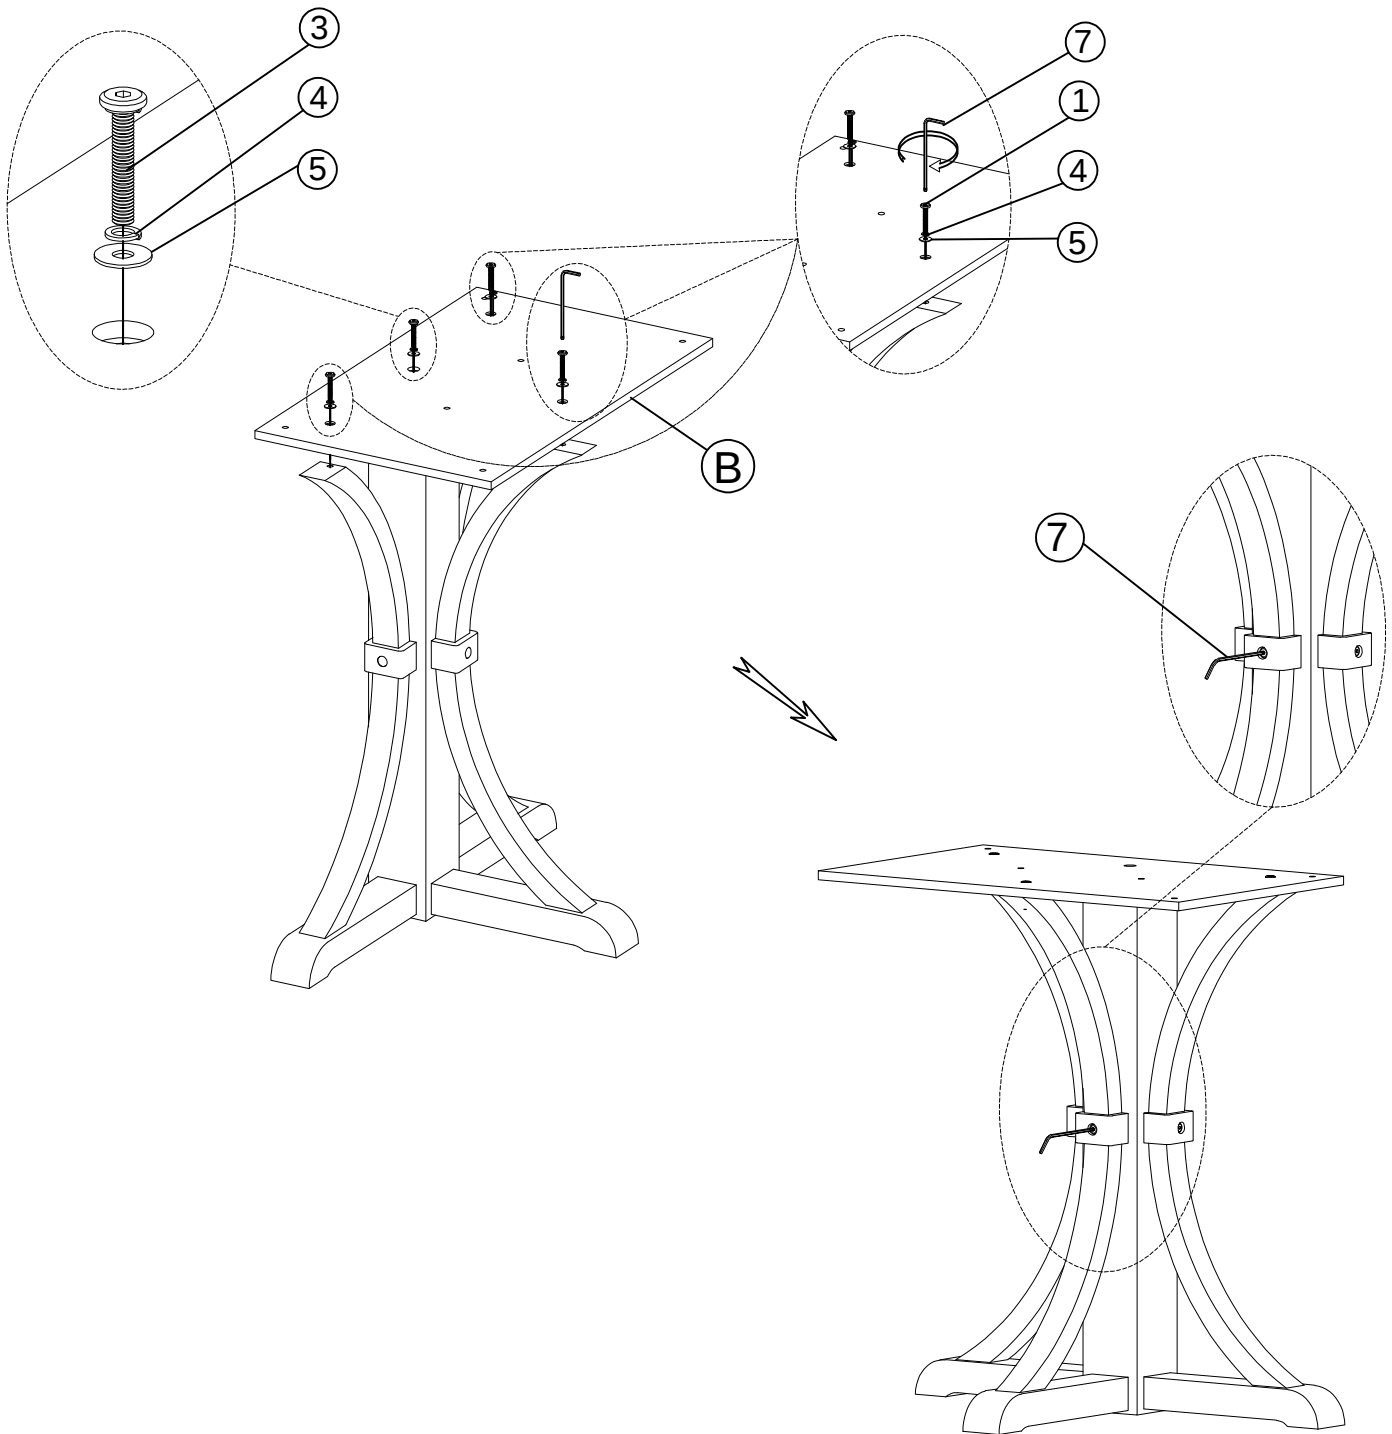

Attach the Support brace (C) to the assembly from step 2 by using Bolts (2)*6 and Spring washers (4)*6 with Allen key (7)*1.

Note: In this step, the Stretcher (F) has two orientations: T (Top) and B (Bottom). Ensure correct orientation and only tighten lightly—do not fully secure, to allow easier assembly in the next step.

Then, flip the entire assembly over and attach the Support brace (C) to the Base rail (D) by using Bolts (2)*6, Spring washers (4)*6, Flat washers (5)*6 with Allen key (7)*1.

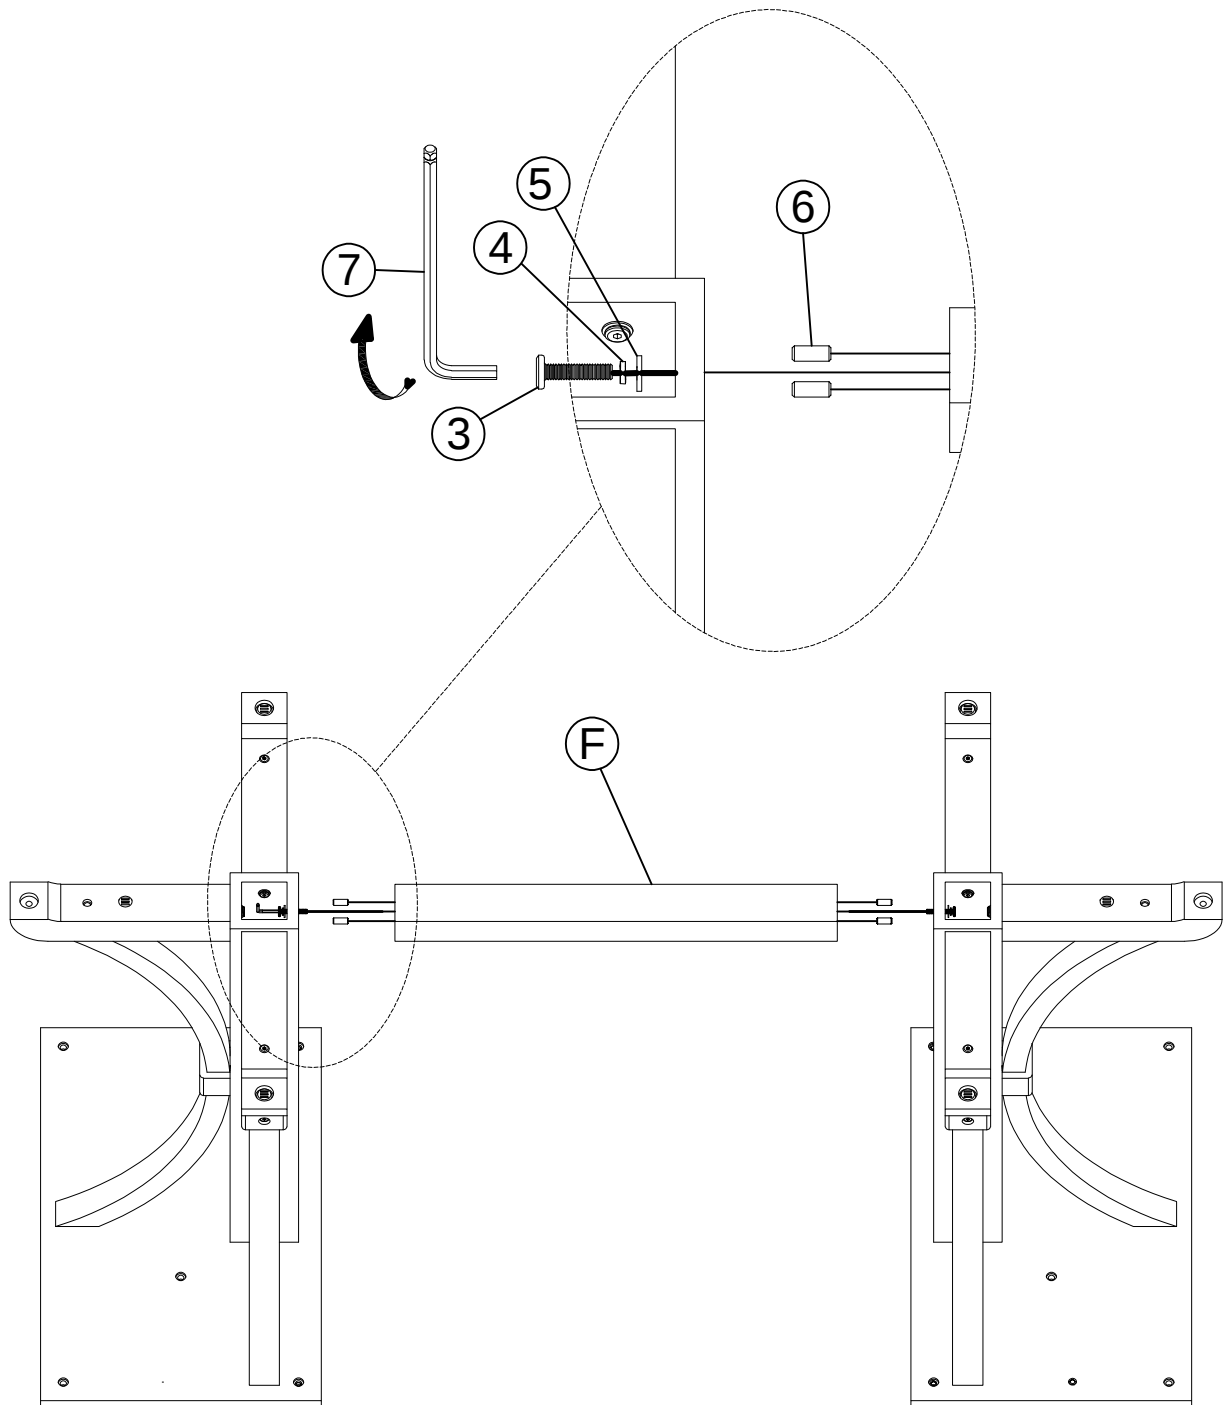

Step 4

Attach the Link board (B) by using two types of bolts: Bolts ①*6 for the Support braces (C) and Bolts ③*2 for the Pedestal post (E), along with Spring washers ④*8 and Flat washers ⑤*8 by using Allen key ⑦*1.

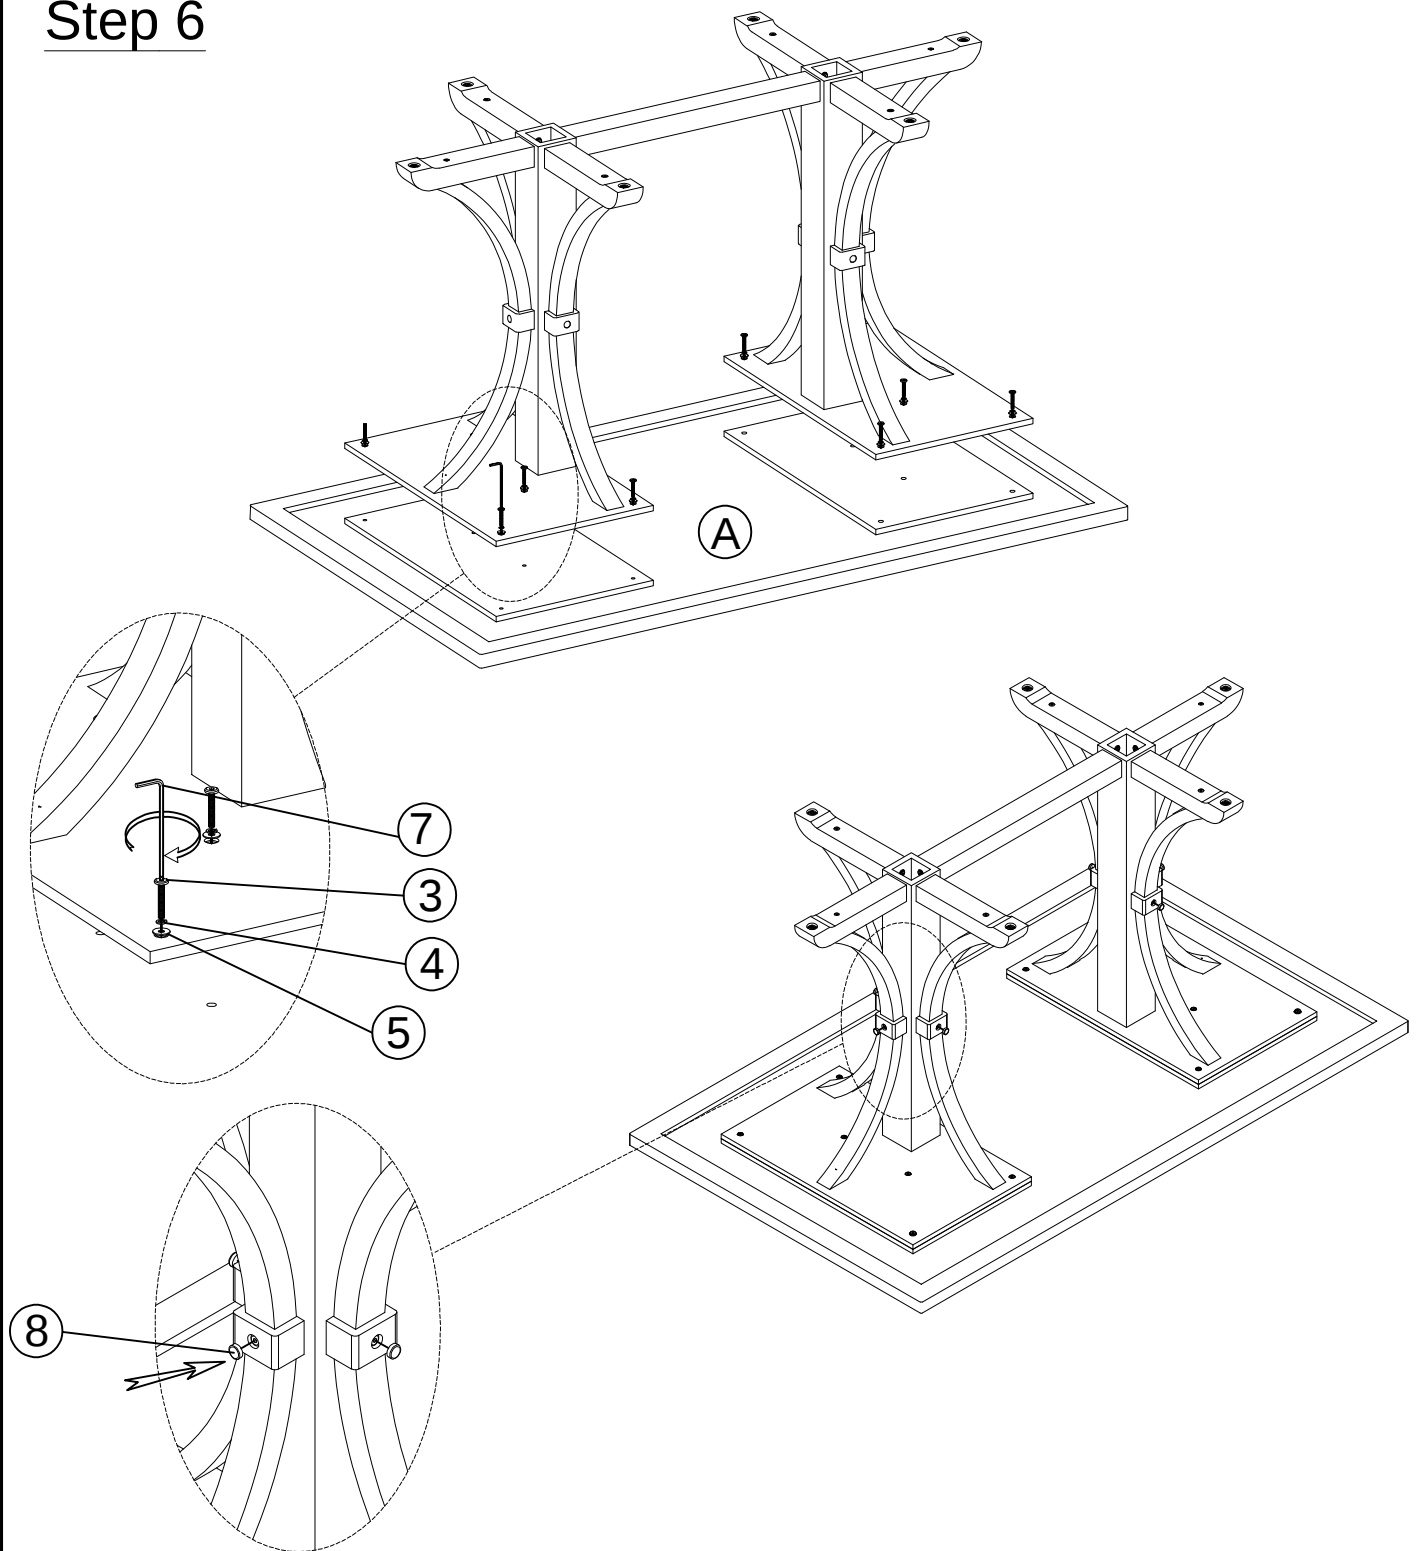

Then, fully tighten the Bolts ④ from step 2 to complete this step.

Step 5

Attach the Stretcher (F) to the two assemblies from step 3 by using Wood dowels (6)*4, Bolts (3)*2, Spring washers (4)*2, Flat washers (5)*2 with Allen key (7)*1.

Step 6

Attach the assembled base from step 4 to the Table Top (A) by using Bolts (3)*12, Spring washers (4)*12, Flat washers (5)*12 with Allen key (7)*1.

Cautinon: In this assembly step, the Table Top must not be placed directly on the floor to avoid scratches.

Then, install the Screw cover caps (8)*6 onto the Support braces (C) to complete the assembly.

Step 7

Inspect the Table and make sure all parts are adequately connected.
Adjust the Levelers to desired height to avoid wobbles.
Your Table is ready for use.
This Table can only be used on a flat, level surface.
