Taking a Dip 1

D2192S43825-3506

Taking a Dip features a composition of contrast and movement. The fine art photograph perfectly captures the contrast between the human figure and nature. Movement is located within the rippling of the water and the impression the figures make upon the water. An engaging sense of balance is the result.

Coastal tranquility follows Taking a Dip's casual depiction of the everyday. Shown on textured paper in a Grey Cap Frame, this original work of art is part of the carefully curated ART by TA collection.
