

⚠ WARNING

To reduce the risk of drowning, entrapment, falls, paralysis, electrocution, or other serious injury or death:

Dealer/Installer: Give manual to homeowner.

Installer: Read "**Safe Installation**" on page # 2 and all instructions before beginning. For proper assembly and installation, instructions must be followed completely.

Homeowner: Read "**Safe Use**" on back cover before using. Save these instructions.

Installation must comply with local codes and may require permits.

Carton Includes:

2- Sidewalls

3- 36" Black Treads

7- 3" Supports

Safe Installation

⚠ WARNING

To reduce the risk of drowning, electrocution, falls, or other serious injury or death:

Check building codes/permitting - Consult your local Building Department before installation of your step and equipment. Equipment installation must comply with the codes of the authority having jurisdiction and may require permits (e.g., building, plumbing, electrical, zoning, etc.). Be sure that barriers (fences, gates, etc.) restricting spa access meet local codes.

Use for intended purpose only - Not intended for storing hazardous products (e.g., chemicals) - the step is not a secure location.

Check that you have all required parts - Check the contents of the carton with the Parts List for this step. All parts and hardware are required. If any parts are missing **DO NOT attempt to assemble or install the step**. Instead call Toll Free U.S. 800-635-3213 or visit our website at www.conferladders.com for assistance.

Select an appropriate location - The step must be located on a level solid base and in a location that will be in full view of competent adult supervision when in use.

- Follow all instructions.

- For stable correct assembly and installation all instructions must be followed completely and in the sequence shown.
- Follow the manufacturer's recommendations for the safe use of all hand tools and equipment used during installation.

Cordless drill only. No corded drills near water - Use a cordless drill for assembly and installation. To reduce the risk of electrocution, NEVER use a corded drill in or around a water.

Lift safely - When lifting awkward or heavy loads, have another person help you.

Double check after installation -

- Before using the product, after assembly and installation, go over the instructions and procedures again to make sure nothing has been overlooked.

STEP ASSEMBLY:

Step 1: Install the foam pads on the flat spots located on the bottom edge of the side wall

Step 2: Using a rubber mallet, install one of the 3" supports into the slot on the bottom of the sidewall

Step 3: Turn the step assembly over and finish installing the 3" supports into the front and back slots of each step location

Step 4: Install the step treads (finished edge out) by placing over the male lugs on the sidewall and hitting downward with a rubber mallet. If the treads don't fully engage onto the lugs.

Safe Use

WARNING

To reduce the risk of drowning, falls, paralysis, electrocution, or other serious injury or death:

Use step system properly.

Use for intended purpose only - Not intended for chemical storage.

- **No diving or jumping from steps** - shallow water; risk of paralysis or death.
- **ONE PERSON ON THE LADDER/STAIR AT A TIME.**
- **Illuminate the steps** when using the pool at night.

Weight limit - 400 lbs. maximum - Exceeding maximum weight may cause the step to fail.

Secure the spa when not in use - (for example, with a locked cover or secure gate) - refer to local codes.

Watch children at all times when they are in or around water to help prevent drowning.

BE SURE AND SAFE - The manufacturer **IS NOT** responsible for improper assembly, installation and use.
