

ST4031HD

Strong & Tough 3-4 Thread Serger

- Two needles and 3 or 4 thread capabilities
- Tackle heavy fabrics: Serge with confidence on multiple layers of denim, layered knits and heavy duty fabrics. Professionally cut and finish in one easy step.
- The Strong & Tough high durability blade is manufactured of carbon steel that can cut a smooth, clean edge even through heavy fabrics.
- Heavy duty metal frame: Helps ensure your serger remains stable on your work surface, even at very high speeds; built for durability and longevity, for many years of extended use.
- Metal thread stand for enhanced durability and longevity. The thread stand helps ensure that the thread feeds up and off your thread spools correctly.
- Wide extension table: Helps keep heavy fabrics on a level surface with the needle, helping to prevent excess pulling on the needle and thread, for better finishing.
- Versatile stitch options: Choose from 4 thread overlock, 3 thread overlock, narrow hem, rolled hem, ribbon lock stitches
- Differential fabric feed ratio of 0.7 to 2.0 for improved stitch quality.
- Removable trim trap: Collects the fabric trim as the serger knife trims and serges your project.
- Color-coded threading guides: Printed on the machine show you where to place each thread, for trouble-free threading.
- Fast, up to 1300 stitches per minute.
- Convenient stitch width control: Easily adjust between 5.0mm to 7.0mm from the left needle.
- Presser foot pressure adjustment dial helps ensure smooth fabric feeding for a range of fabric thicknesses and weights.
- 2-point thread tension control device allows for smoother delivery of thread, and the tension for each needle can also be individually adjusted, for even more precise control for each type of thread.
- Free arm for sewing cuffs and sleeves.
- Retractable knife blade helps prevent against accidentally cutting your fabric.
- Brightly lit work area.
- Uses standard sewing machine needles.
- Includes standard foot, blind hem stitch foot and gathering foot
- Includes wide table, 4-piece needle set, 4 mini thread spools, 4 spool caps, 4 thread nets, trim trap, tools, foot controller, dust cover.
- Instructional CD with demonstrations on setting up and using your machine.
- Bilingual instructions manual (English/Spanish).
- 25-year limited warranty with free customer phone technical support for the life of your product.
- Machine dimensions: 11.65”h x 11.1”w x 13.19”d
- Machine weight: 12.57 lbs.
- Shipping dimensions: 14.37”h x 12.99”w x 17.01”d
- Shipping weight: 17.64 lbs.
