WARNING

FAILURE TO FOLLOW THESE WARNINGS MAY RESULT IN A SERIOUS INJURY AND/OR PROPERTY DAMAGE. Owner must ensure that all players know and follow these rules for safe operation of the system.

- **DO NOT HANG** on the rim or any part of system including backboard, support braces or net.
- During play, especially when performing dunk type activities, keep player's face away from the backboard, rim and net.
- Serious injury could occur if teeth face come in contact with backboard, rim or net.
- Do not slide, climb or play on base and/or pole.
- After assembly is complete, fill system completely with water or sand. Never leave system in an upright position without filling base with weights, as system may tip over causing injuries.
- When adjusting height or moving system, keep hands and fingers away from moving parts.
- Do not allow children to move or adjust system.
- During play, do not wear jewelry (rings, watches, necklaces, etc.). Objects may entangle in net.
- Surface beneath the base must be smooth and free of gravel or other sharp objects. Punctures cause leakage and could cause system to tip over.
- Keep organic material away from pole base. Grass, Fertilizer, etc. could cause corrosion and/or deterioration.
- Check pole system for signs of corrosion (rust, pitting, chipping) and repair with exterior enamel paint. If rust has penetrated through the steel anywhere, replace pole immediately.
- Check system before each use for proper ballast. Loose hardware, excessive wear and signs of corrosion must be repaired before use.
- Check system before each use for instability.
- Do not use system during windy and/or severe weather conditions: system may tip over. Place system in the storage position and/or in an area protected from the wind and free from personnel property and/or overhead power lines.
- Never play on damaged equipment.
- Keep pole top covered with cap at all times.
- While moving system, never allow someone to sit or stand on base or add extra ballast to base. Allent too capable sticks is necessary to move the system.
- Never leave system unattended, or allow anyone to play on or near base or pole, when wheels are engaged for moving.
- Manufacturer recommends placing system on flat surface. Using or moving system on uneven or sloped surfaces may result in tipping.
- Do not allow water in system to freeze. During sub-freezing weather conditions, and enough non-toxic anti-freeze to water to prevent freezing use sand or empty water and store system in a safe manner.

Adjust backboard to nearest position. While holding pole and lifting base, carefully lean system forward until wheels touch ground. While holding pole and base, tilt system to desired location. Store pole upright and set base flat on ground. ALWAYS check to make sure system is stable in new location.

MADE IN CHINA

- EN** - Please place the warning sticker in the language of your country on the pole.
DE - Kleben Sie bitte einen Warntaufkleber in Ihrer Landessprache auf den Mast.
ES - Coloque la etiqueta de advertencia en su idioma en el poste.
FR - Veuillez placer l'autocollant d'avertissement écrit dans votre langue sur le poteau.
IT - Si prega di apporre un adesivo di avvertimento nella propria lingua sul palo.

- EN** - Adjust backboard to lowest position. While holding pole and lifting base, carefully lean system forward until wheels touch ground. While holding pole and base, roll system to desired location. Stand pole upright and set base flat on ground. ALWAYS check to make sure system is stable in new location.
- DE** - Stellen Sie die Rückwand auf die niedrigste Position ein, während Sie die Basis halten und anheben. Lehnen Sie das System vorsichtig nach vorne, bis die Räder den Boden berühren. Halten Sie Stange und Basis an der gewünschten Stelle an. Stellen Sie die Stange aufrecht und stellen Sie die Basis flach auf den Boden. Vergewissern Sie sich, dass der Basketballständer am neuen Standort stabil steht.
- ES** - Ajuste el tablero a la posición más baja; mientras se sujeta el poste y se levanta la base, tenga cuidado de inclinar completamente el sistema hacia adelante. Mientras sujeta el poste y levanta la base, incline completamente el sistema hacia adelante hasta que las ruedas toquen. Mientras sujeta el poste y la base, haga rodar el sistema hasta el lugar deseado. Compruebe SIEMPRE que el sistema es estable en la nueva ubicación.
- FR** - Fixez le panneau en position basse en tenant le poteau et en soulevant la base. Penchez légèrement l'équipement vers l'avant jusqu'à ce que les roues touchent le sol. Tout en tenant le poteau et la base, faites rouler l'équipement jusqu'à l'endroit souhaité. Vérifiez toujours que l'équipement est stable à son nouvel emplacement.
- IT** - Regolare il tabellone nella posizione più bassa. Mentre si tiene l'asta e si solleva la base, inclinare delicatamente il sistema in avanti fino a quando le ruote toccano il suolo. Mentre si tiene la base e l'asta, spostare il sistema nella posizione desiderata. Porre l'asta in posizione verticale e impostare la base su una superficie piatta. Verificare SEMPRE che il sistema sia stabile nella nuova posizione.
