4000-0079

Overall: 24"h x 10.25"dia

Finish: White Gesso/Antique Brass

Materials: Composite/Metal/Volakas Marble

Availability: In Stock

Item Weight: 22 lb

Made of composite that has been treated to a white gesso finish, the pedestal of the Greta Drinks Table expands before it gathers itself to meet the metal base. The tabletop surround matches the contrasting tone of the base, both treated to an antique brass finish. The Volakas marble inset top is a crowning achievement for this smooth design that exhibits mid-century modern and contemporary notes.
