

LED Makeup Mirror

Instruction Manual

Thank you for choosing this product. We strive to provide you with the best quality products and service in the industry. Should you have any issues, please don't hesitate to contact us.

1 Before Assembly

Thank you for purchasing our product. This manual will guide you through the installation.

As the product contains fragile glass, please take precautions to protect yourself from cuts, and keep the product out of reach of children during installation.

Check the list of contents before assembly to ensure that all parts are included in the package.

Warning & Caution:

- Turn off the electricity at the circuit breaker or the main fuse box before installation. If you are unsure, consult a licensed electrician.
- These instructions are provided for your safety. Please read them carefully and completely before beginning installation.
- We strongly recommend that installation be carried out by a licensed, professional electrician.
- Keep all small parts and fittings out of reach of children, and keep children away from the installation area.
- This mirror is for indoor use only. Use ONLY the supplied LED driver to power the mirror.

Care Advice

- Before cleaning, disconnect the power, then wipe the mirror with warm water and a soft, lint-free cloth.
- For regular cleaning, use an ammonia-free glass cleaner or a mild detergent.
- Avoid spraying cleaners directly onto the mirror.
- Check that all the screws and bolts are tight every three months or as needed.

Note:

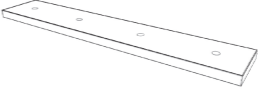

1. This product features a memory function. When turned off (without being unplugged), it will resume the last light setting upon the next use.
2. This product contains fragile glass components. Do not drop, knock, or apply pressure to them.
3. This product must be used in a dry or moisture-protected environment.
4. This product contains fragile components. In case of breakage, handle with care and keep broken parts away from children and pets.

Disclaimer:

This product contains fragile glass components. Mishandling may result in damage or personal injury. The manufacturer shall not be held liable for any injuries or damages caused by improper use.

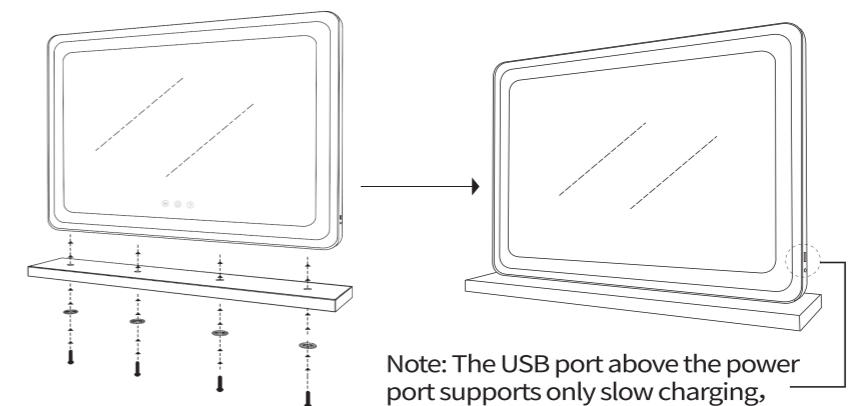

If you experience any issues with the product, please contact our after-sales service.

2 Package Contents

Part Name	Diagram	QTY.(pcs)
Cosmetic Mirror		1
Mirror Base		1
Charging Kit (Power Adapter + Power Cord)		1
Gaskets and Screws		4+4
Allen Wrench		1

3 Installation Guide

- ① Take four screws and four gaskets from the accessory pack. Place a gasket on each screw.
- ② Align the bottom of the mirror with the flat side of the base, making sure the mirror surface faces outward. Match the holes on the base with the pre-drilled holes at the bottom of the mirror.
- ③ Insert the screws and tighten them halfway. Adjust the base and mirror until level, then fully tighten all screws.
- ④ Connect the power cable to the mirror's power port, then plug the adapter into a power outlet. Switch on the LED light using the power switch. Note: The included charging kit is designed specifically for powering the mirror. It is not intended for charging other devices.

Button Functions

	Short press this button to switch the light color between warm and cold. The lighting sequence is: warm → cold → mixed (warm and cold).
	Short press this button to turn the light on or off.
	Long press this button to adjust the brightness.
