# Instructions for Use

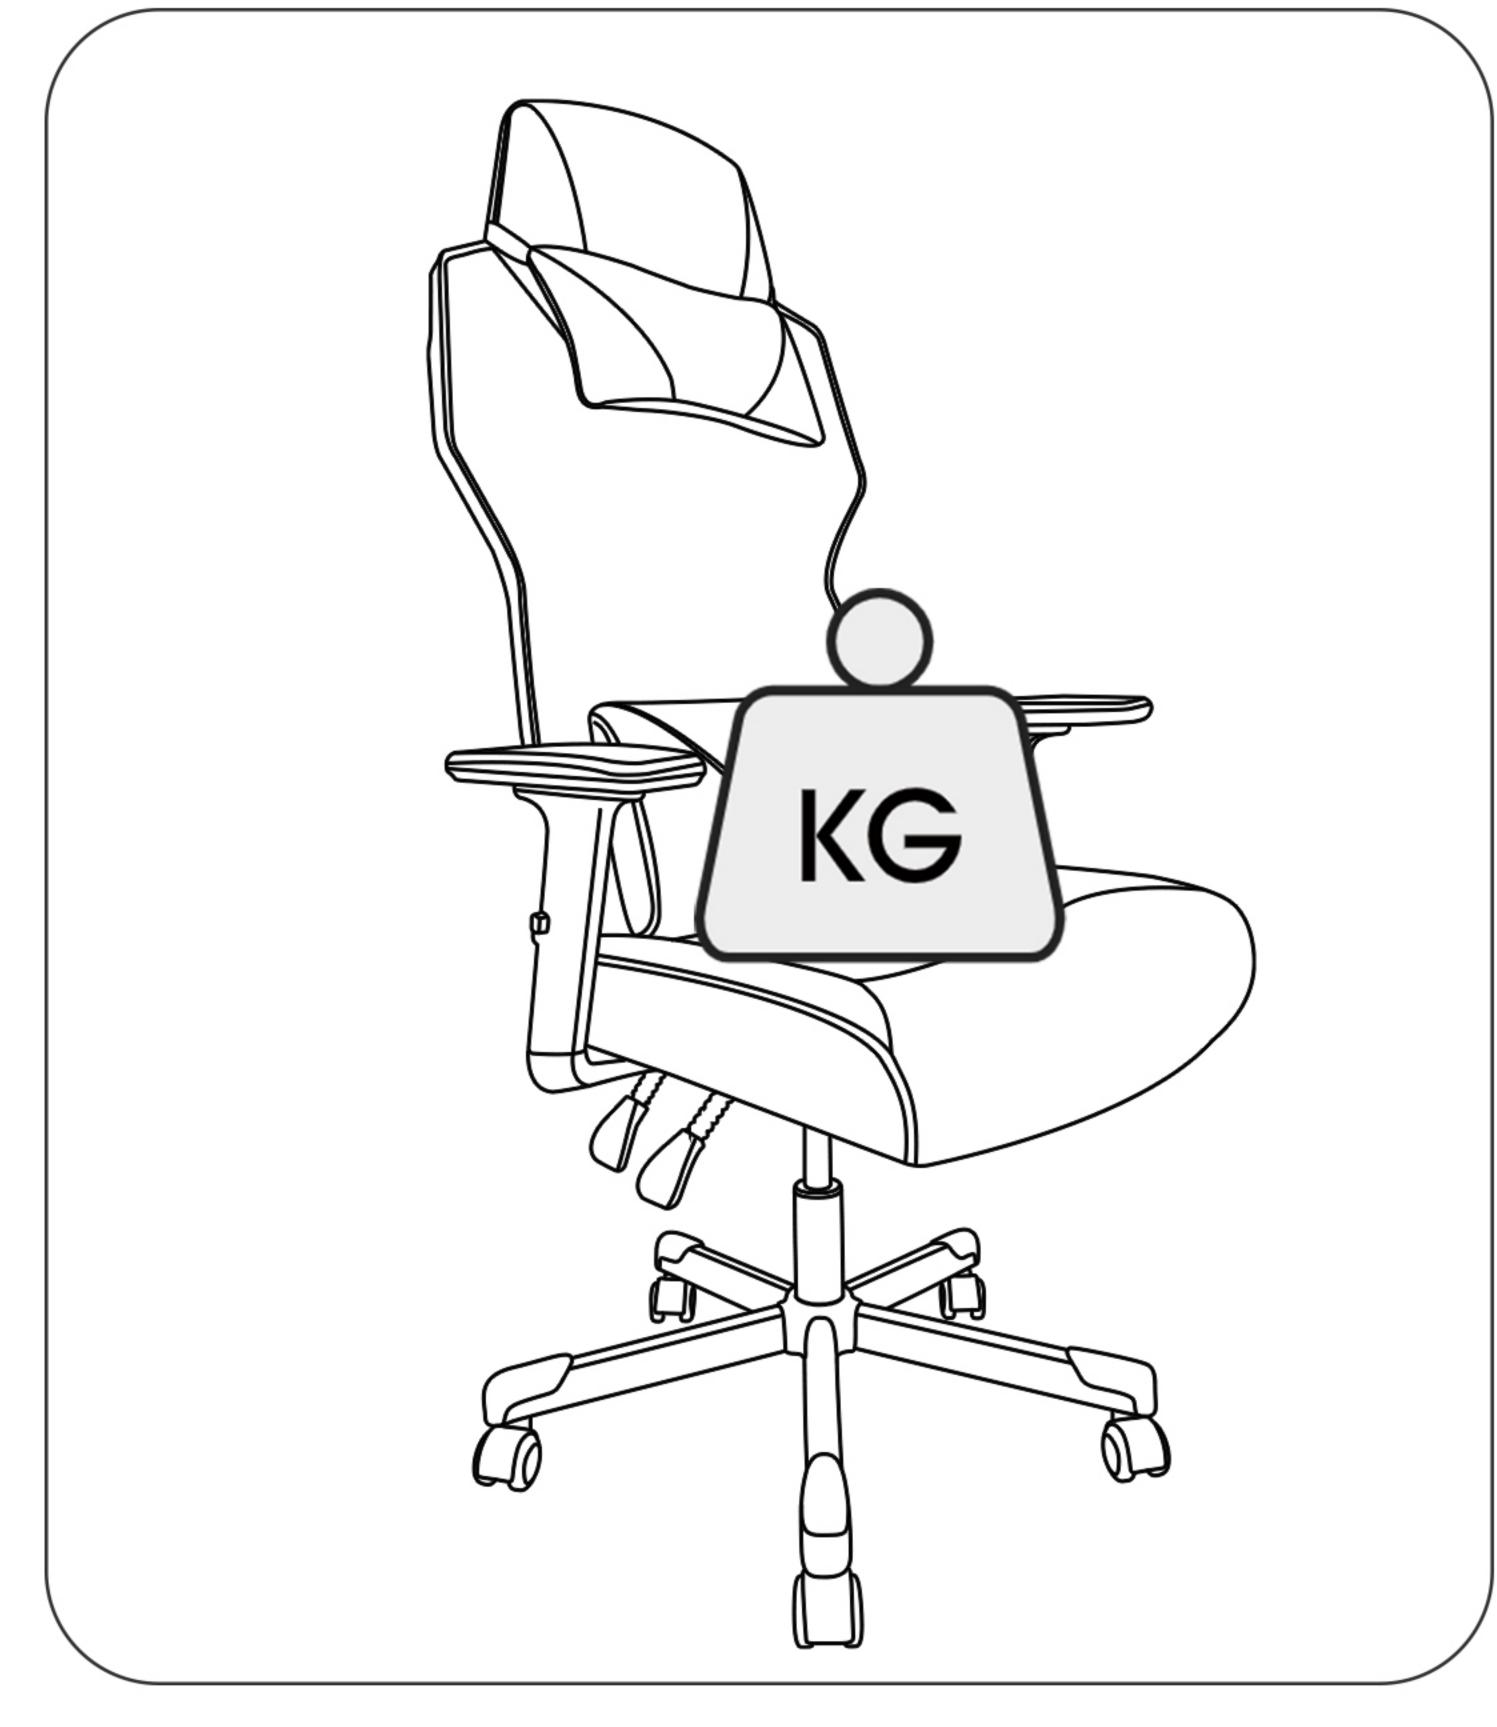

Height adjustment

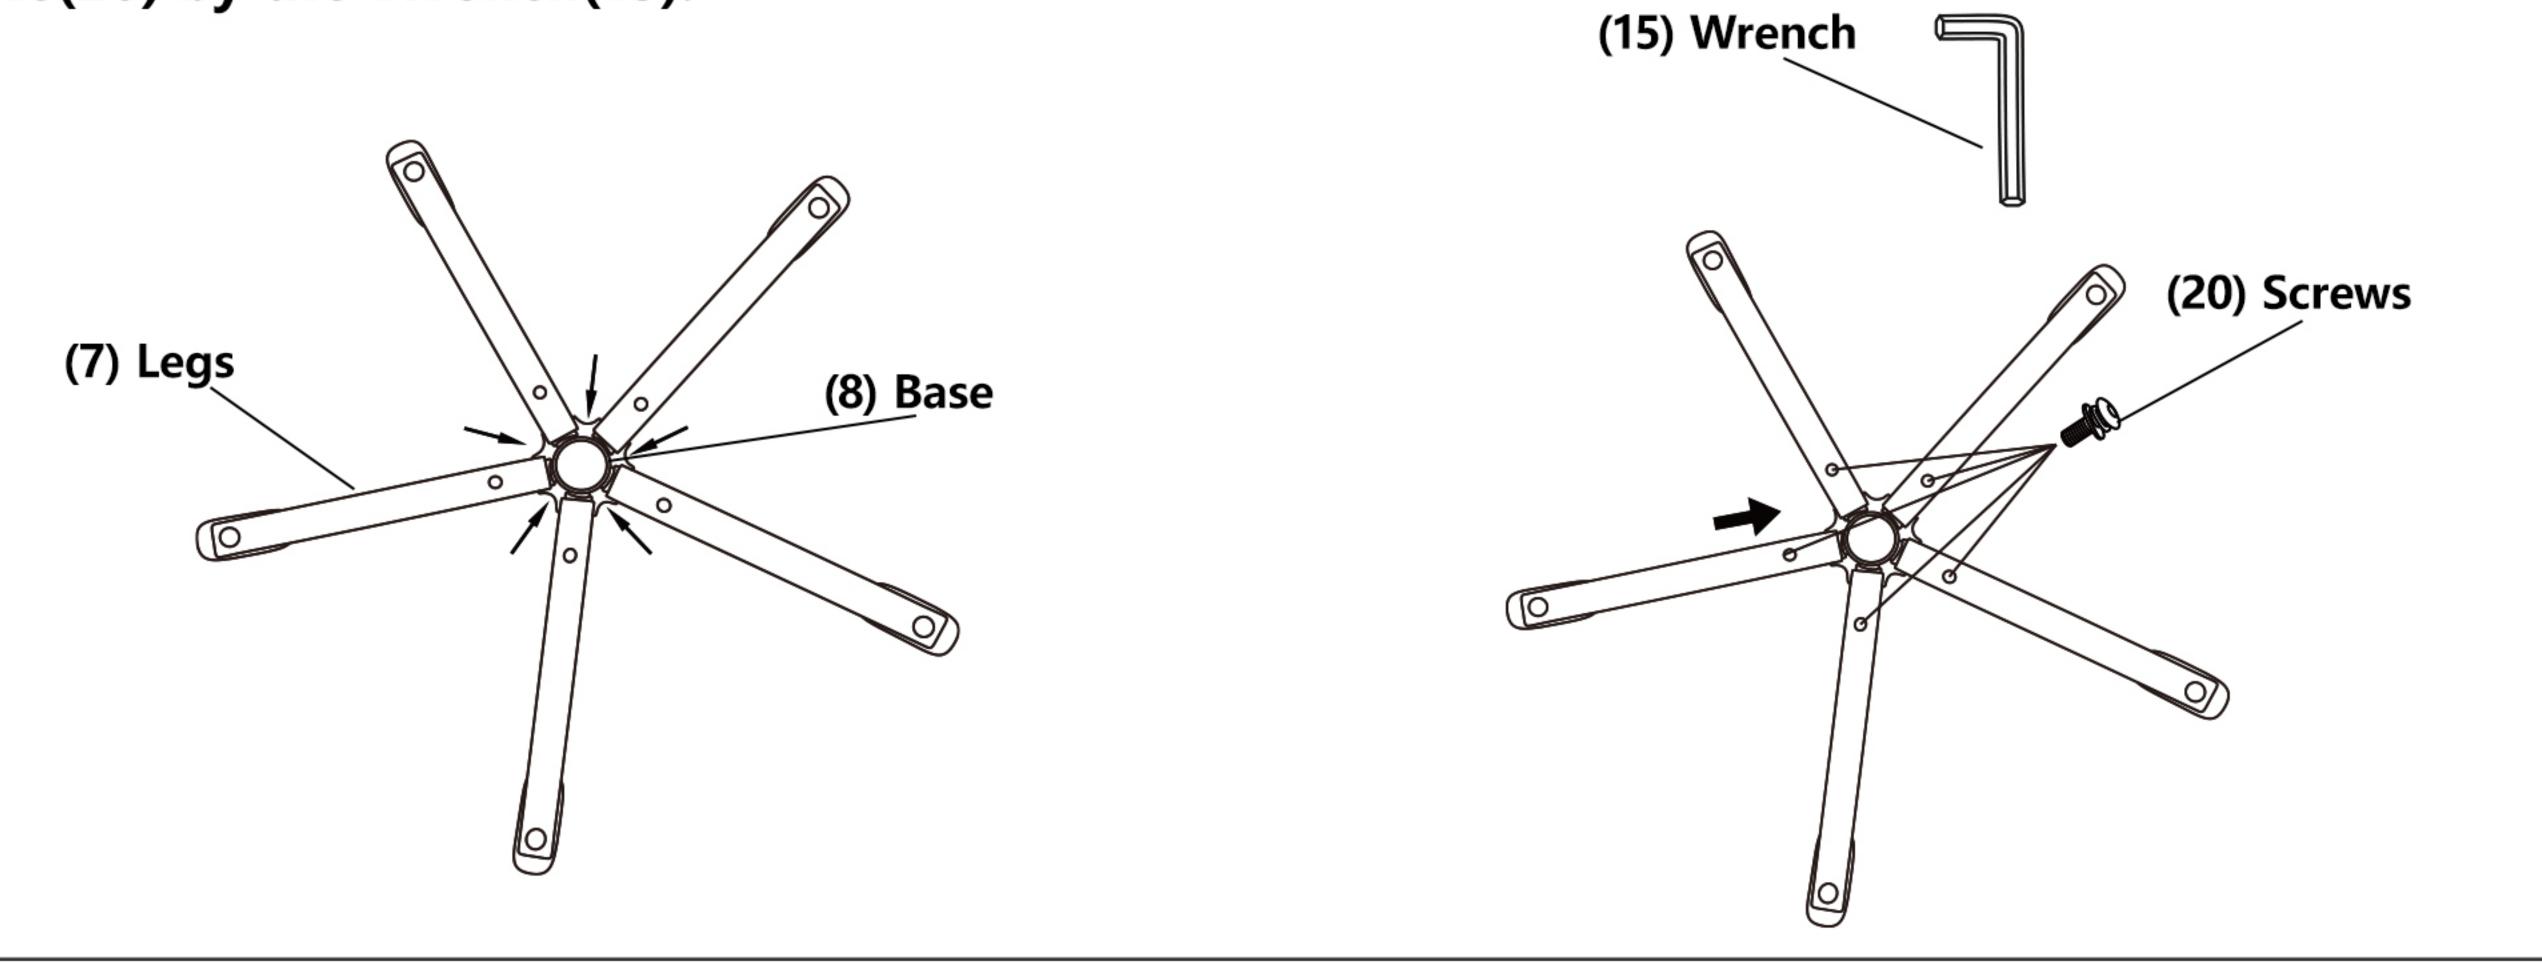

330lbs (150kg)

Thank you for purchasing our products. Please read these instructions before assembly. And please assemble in the correct order. After assembly, please keep the instructions carefully. Make sure that all parts are included (20 types in total).

# Assembly Instruction

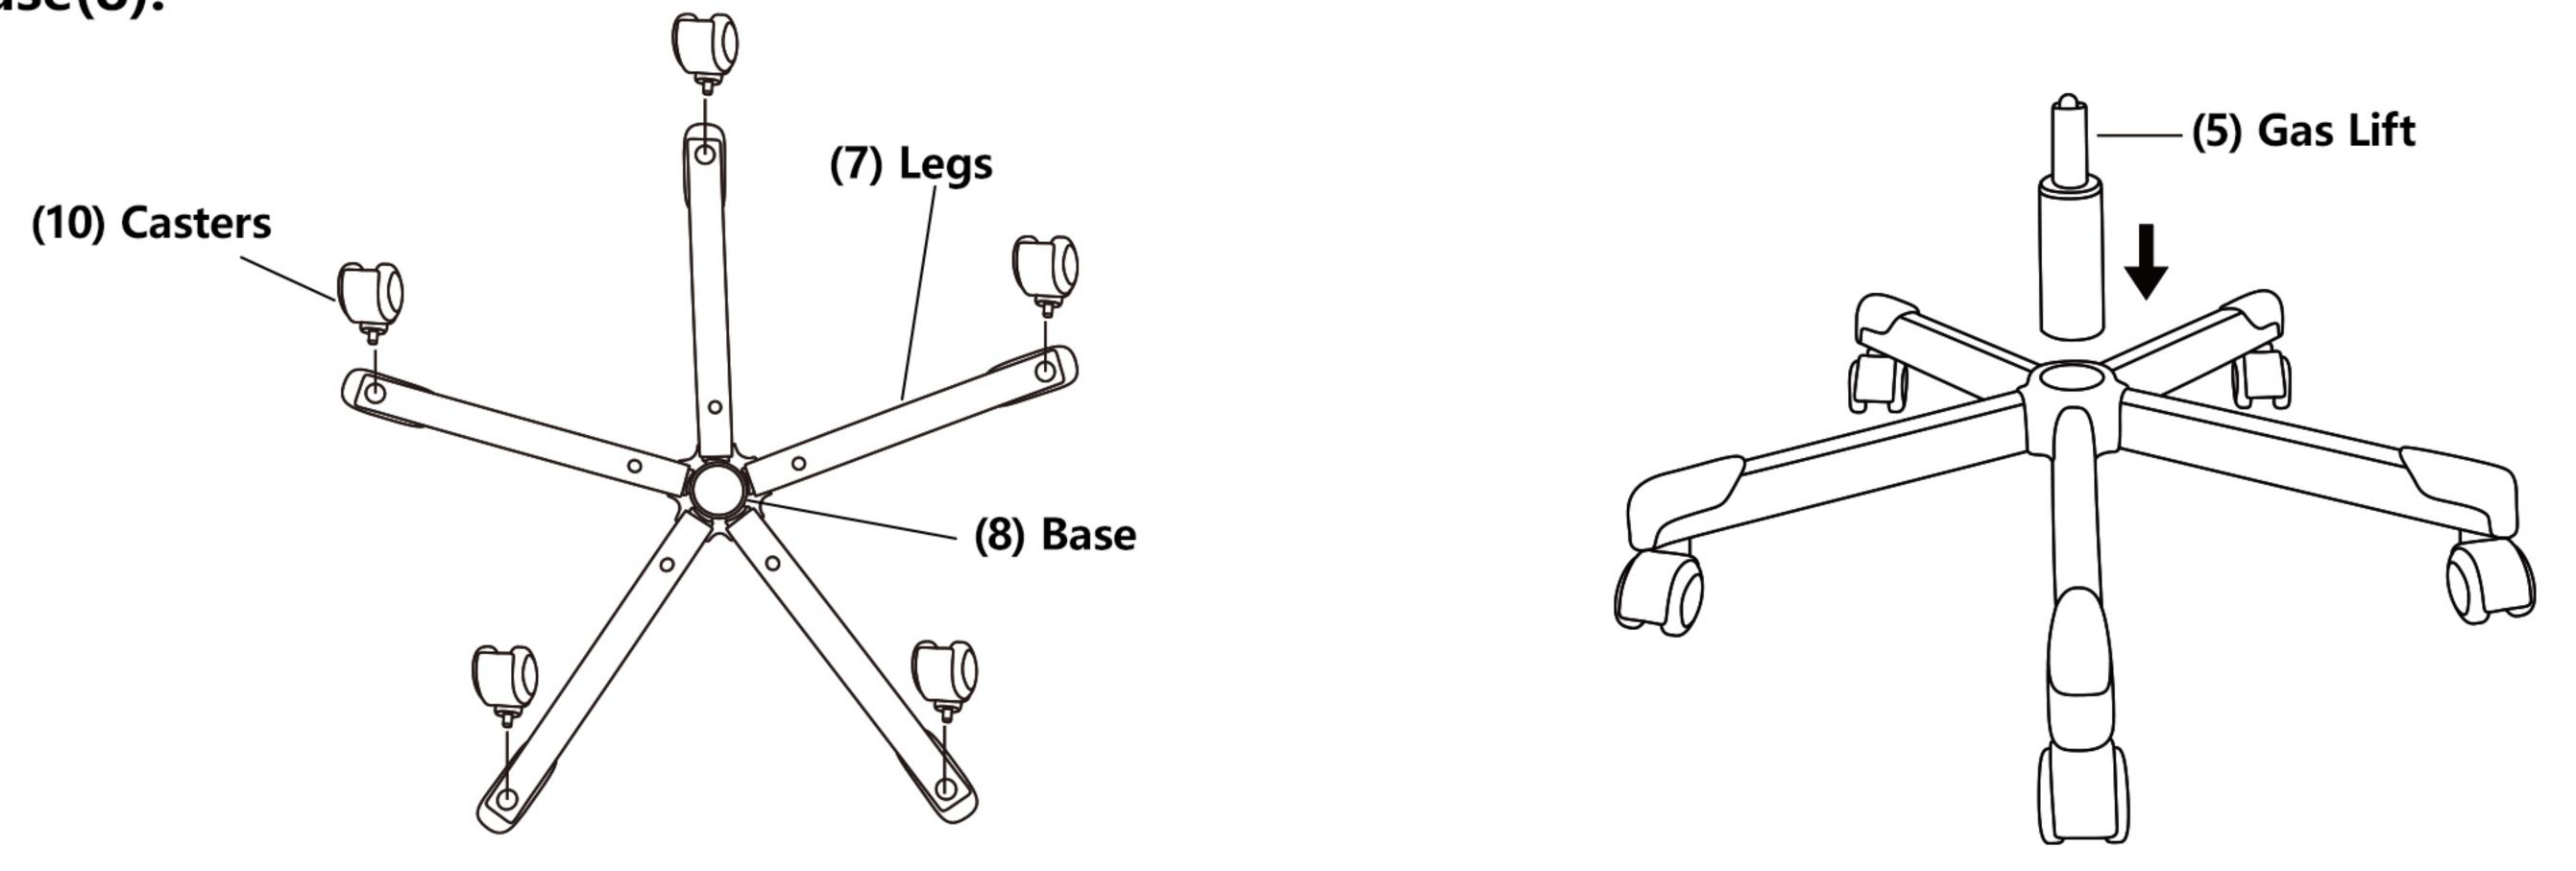

#### Step 1

Turn the Base(8) upside down, insert Base Legs(7) one by one to the Base(8), then tighten them with 10 Screws(20) by the Wrench(15).

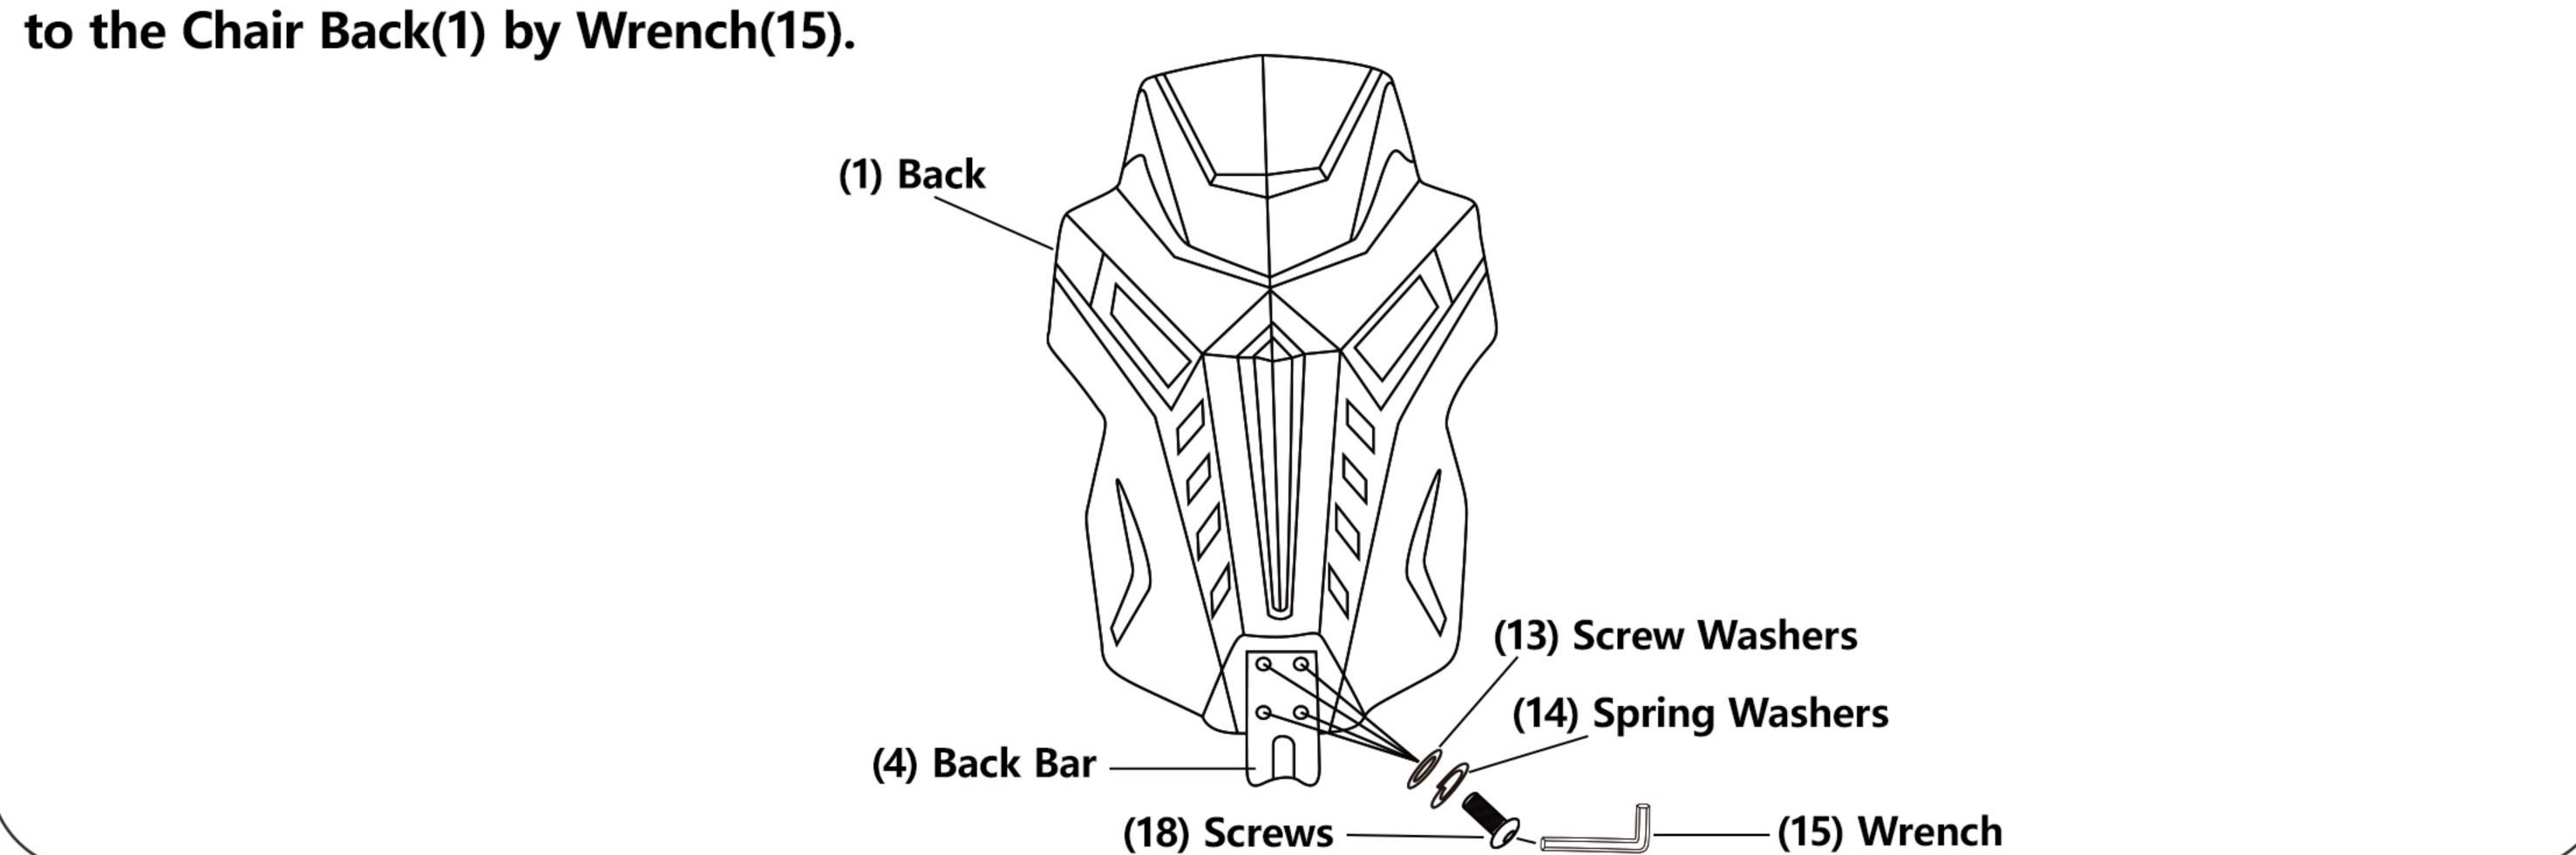

### Step 2

Insert Casters(10) into the Base Legs(7). Then insert Gas Lift(5) into the hole in the center of the Base(8).

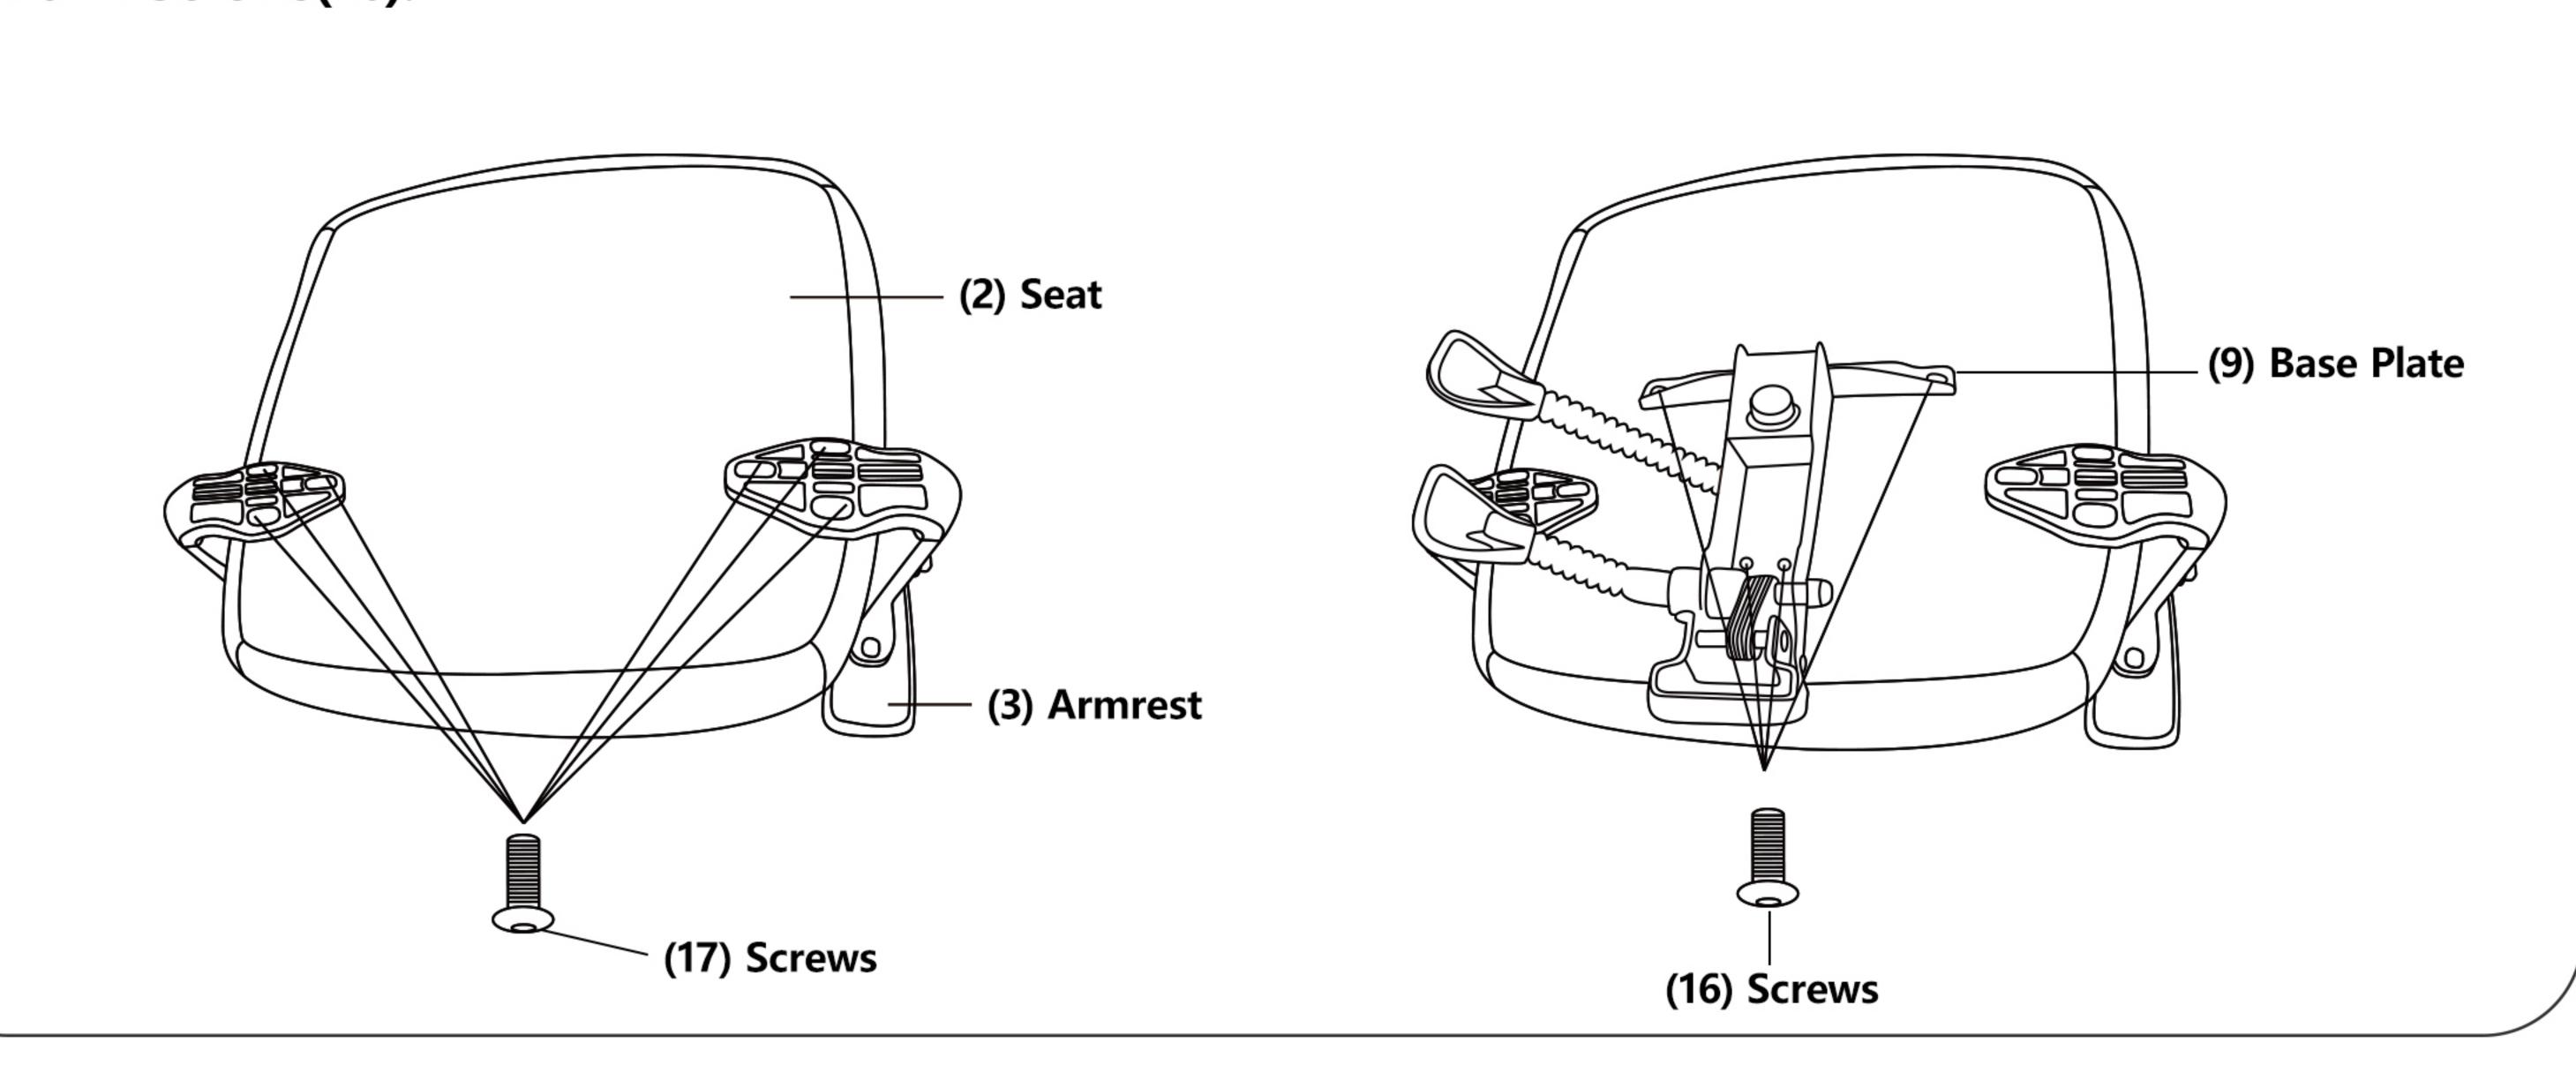

## Step 3

Put Screw Washers(13) and Spring washers(14) on each Screws(18). Then use them to attach the Back Bar(4) to the Chair Back(1) by Wrench(15).

#### Step 4

Attached the Armrests(3) to the Seat(2) with 2 Serews(17) by Wrench(15). Secure Base Plate(9) to Seat(2) with 4 Screws(16).

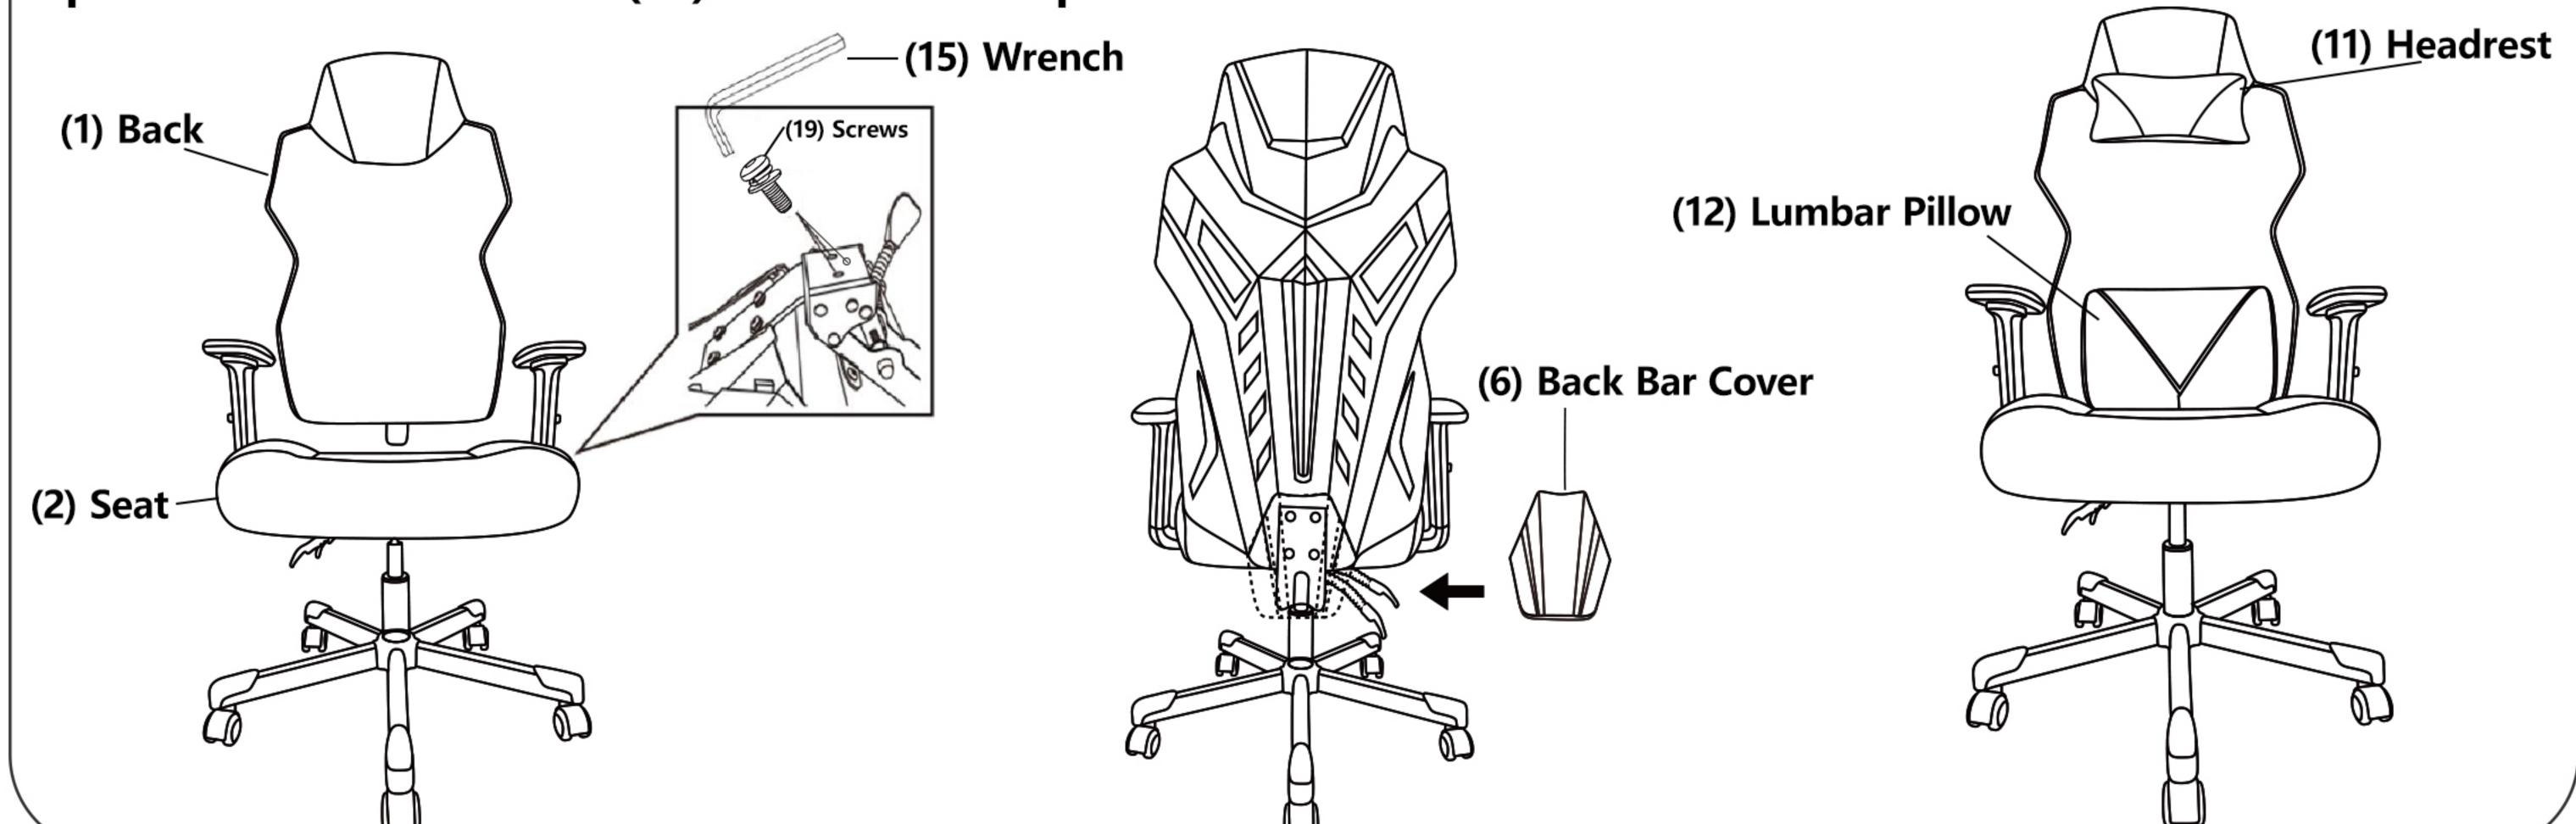

#### Step 5

Insert the Back Bar(4) into the hole at the back of the Seat(2), then tighten them with 3 Screws(19) by Wrench (15).

Attach the Back Bar Cover(6) to the Chair Back by pushing the buckle into the slot.

Finally, remove the Headrest(11) and Lumbar Pillow(12). Strap the Headrest(11) to the top of the chair and place the Lumbar Pillow(12) at the lumbar position of the chair.
