

Please be aware that due to the nature of bamboo, it is not recommended to place the product in an overly dry or overly humid environment.

Installation Guide

Multi-functional Table

Parts List

Start Assembly

1.Take out the column and connecting bracket, and secure them with long screws.

2.Take out the table top, and secure it to the connecting bracket on the back of the table top with short screws.

3.Place the base as shown in the picture, and secure it with long screws.

4.Flip the assembled frame over.
