ASSEMBLY GUIDE

(12 Persons)

USE TIPS

1. Two bolts for each leg, please make sure both bolts are fastened securely
2. Fasten both sides. Do not fasten one fully first then the other, as it will cause the table to be unstable.
3. After all legs are assembled, gently waggle the legs to verify if the legs were fastened tightly
4. Repeat this action 2-3 times to ensure all table legs are installed stably.

WARNING / DISCLAIMER

Make sure all bolts and screws are fully tightened before using the desk.

Lubricate and tighten all parts such as the bolts and screws every 6 months or as needed.

To ensure good assembly, follow all steps and use all parts.

Failure to follow the assembly instructions can result in serious injury to you or others.
