

Sideboard-Cream (MI01-6021-01)

Description

This sideboard is made of solid wood, manufacture wood and glass showcase a modern style. The combination of different materials makes the overall visual effect very rich and the natural wood grain also brings a sense of nature. Four glass doors frame the side sections of this modern classic sideboard and the magnetic door catches are used to ensure the safety of daily use. Each compartment has an adjustable shelf that allows you to adjust it according to your needs. The middle part of the sideboard is constructed by three large size drawers which are perfect for providing ample room for all your necessities, keeping the room area organized. This sideboard can be placed in the living room, kitchen, bedroom or home office, sufficient space can be very effective to store all kinds of things in your daily life. The sideboard bottom frame structure as the support system breaking the regular leg structure. Further-more, when this shape under the light will form a certain sense of suspension, make the cabinet looks rich in a certain sense of science and technology, this is an amazing experience in your room. The sideboard features metal glides for easy access to your daily essentials. In addition, the solid part of this sideboard adopts the processing form of finger-jointing, which highlights exquisite craftsmanship in details.
