

Technical drawing of a semi-circular window. The overall width is 38" and the overall height is 32". The window features a semi-circular top with a radius of R19" and a base that is 34" wide. The interior is divided into 10 horizontal panes. The drawing includes various dimension lines and callouts: 38" (top width), 32" (left height), 13" (height from base to center of panes), 2" (base thickness), 34" (base width), 28" (height from base to top of panes), 2" (top thickness), and R19" (radius of the semi-circle).

Technical drawing of a vertical rectangular object. The width is labeled as  $1\frac{1}{2}"$ . The height is labeled as  $32"$ . The base width is labeled as  $2"$ . The object is shown in a perspective view with dashed lines indicating the dimensions.

A black and white line drawing of a semi-circular window. The window is covered with horizontal blinds, represented by several parallel lines. The frame of the window is simple, with a curved top and straight sides and bottom.
