

INSTRUCTION MANUAL

♥Thank you for choosing♥

NOTICE:

IMPORTANT, KEEP FOR FUTURE REFERENCE PLEASE READ CAREFULLY.

IF YOU HAVE ANY CONCERNS ABOUT THE PRODUCT, PLEASE FEEL FREE TO CONTACT US BEFORE YOU LEAVE A REVIEW.

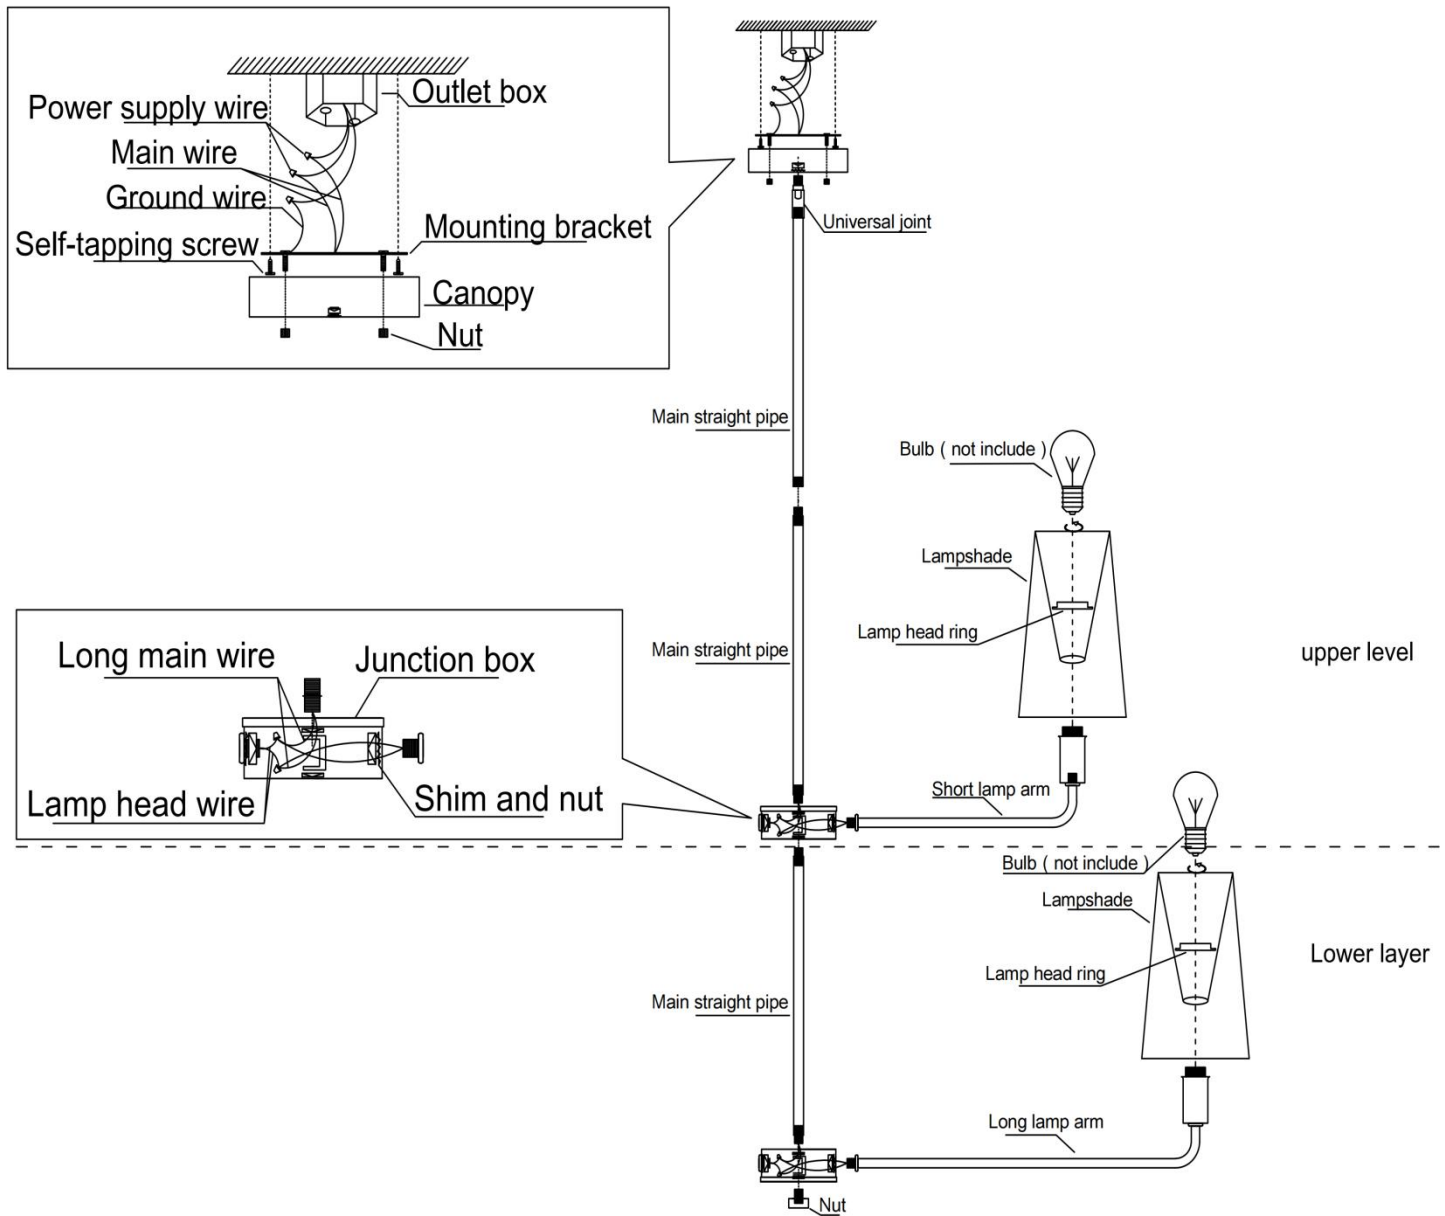

CAUTION:

1. The installation requests a professional electrician to operate. Please make sure the installation environment ventilating and dry.
2. Wearing gloves during installation to prevent yourself from scratching by the fixtures. or electric wire. Be sure the power has been turned off before operation.
3. Make sure the fixture is away from corrosive chemicals and air such as acid and alkali. Clean the fixture by wiping it with a dry rag.
4. Do not touch the bulb when the fixture is turned on or look directly at the lit bulb. Keep flammable materials away from the lit bulb.
5. To reduce the risk of fire, electrical shock, and personal injury, always turn off and unplug the fixture and allow it to cool before replacing the light bulb.

STEP-BY-STEP INSTALLATION (Reference assembly drawing)

1. Install the upper and lower lamp arms into the junction box and lock them.
2. Connect the lower lamp head wire to the main wire and lock it with a terminal block.
3. One end of the lower main straight pipe is connected to the junction box, and the other end is connected to another junction box.
4. Connect the lower main line with the upper lamp head line and the upper main line together, and lock them with a terminal block.
5. Connect one end of the upper main body straight pipe to the junction box and the other end to the ceiling plate (the height can be adjusted according to your own requirements).
6. Fix the hanging board in the installation position.
7. Connect the main line to the power line and lock it with a connector.
8. Connect the power cord and lock the entire lamp in the hanging board position with a nut.
9. After completion, the lampshade can be placed on the lamp head and locked with the lamp head ring.
10. Finally, install the **E12 (US) /E14 (EU)** bulb onto the lamp head, turn on the power, and check if the light fixture is working properly.
