Note: Put the P part to the hole first and then put the N part

CARE AND MAINTENANCE

- Before using, clean the product completely with soft, dry towel. When not in use, wipe free of any dirt or loose objects, wash with a mild solution of soap and water; rinse thoroughly and dry completely.
- Do not use strong detergent or abrasive cleaners on wood surface finish.
- Moisture and heat can damage any wood finish. Protect your furniture by using coasters and trivets. Always wipe up spilled liquid promptly and dry with a soft cloth.
- Avoid dragging sharp or rough objects across the surface of your wood furniture. Use coasters or placemats to help prevent scratches on the wood surface.
- Wood will expand and contract with seasonal humidity changes. Maintain consistent humidity levels to minimize movement in the wood and prevent warping.
- Over time, strong sunlight will change the color of the furniture. Do have curtain or window shades to block out direct strong sunlight.
- Dust regularly
- Clean with damp cloth whenever necessary.
- Periodically check and ensure that all bolts are well-tighten during use
