

Assembly Instruction

Note:

- 1. Should be assembled on flat ground to keep balance.**
- 2. Before completing the installation, do not tighten the screws.**

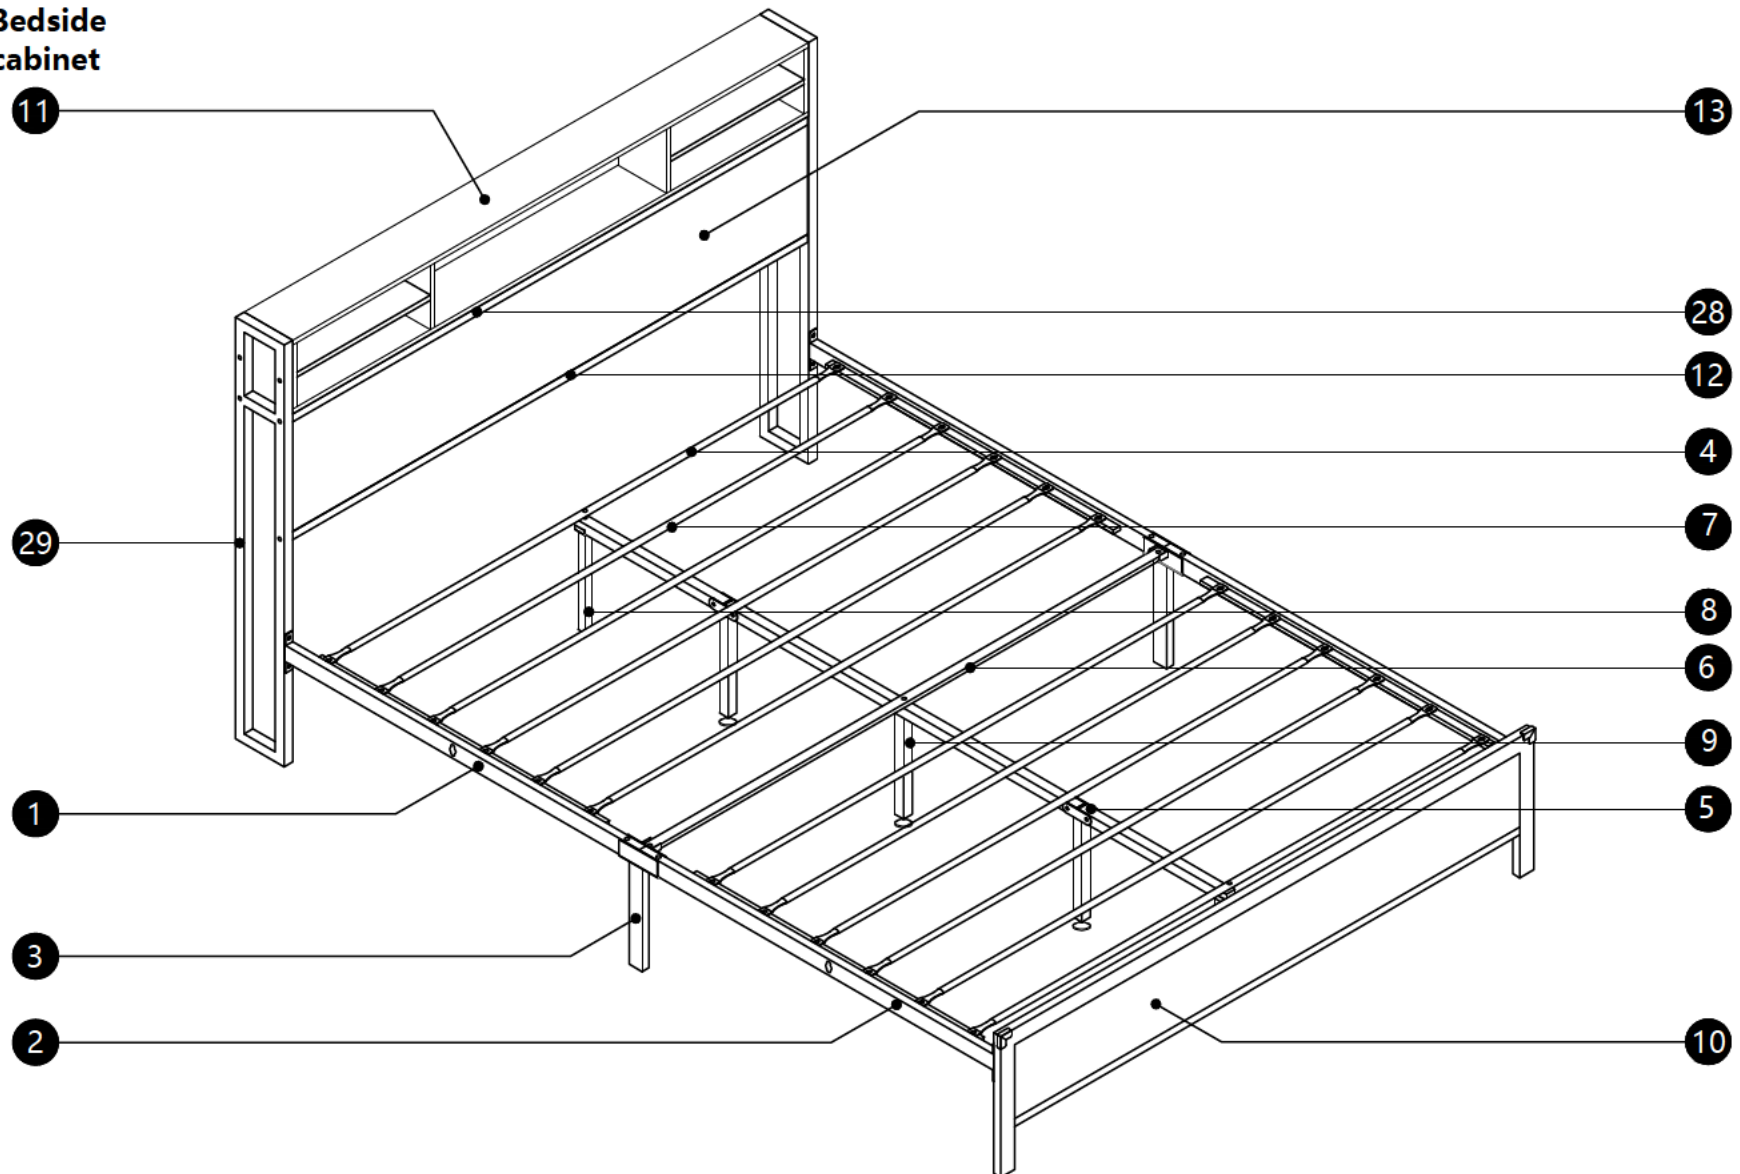

It needs at least two people to install.

Before starting the assembly, you must read the whole manual and follow the instructions

Assembly Instruction of Bedside cabinet

Step:1

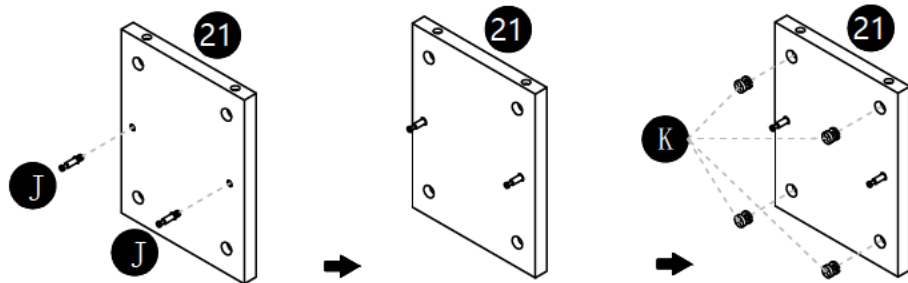

Step:2

1. As shown in the figure, just put the nut (K) in first. If the nut falls off before locking, insert it back.

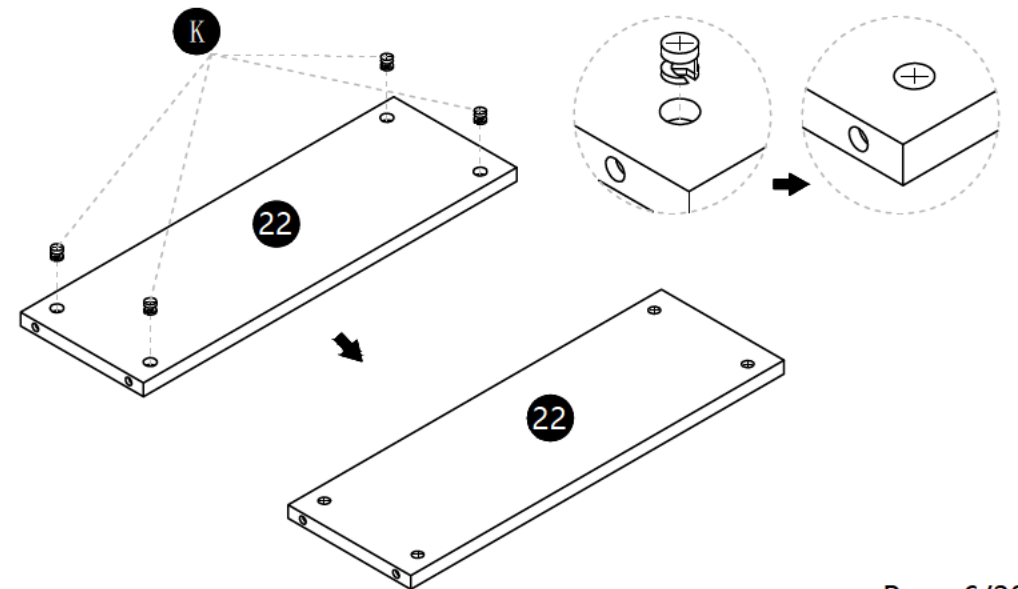

2. There is an arrow on the nut. Please align the arrow with the side hole.

Step:3

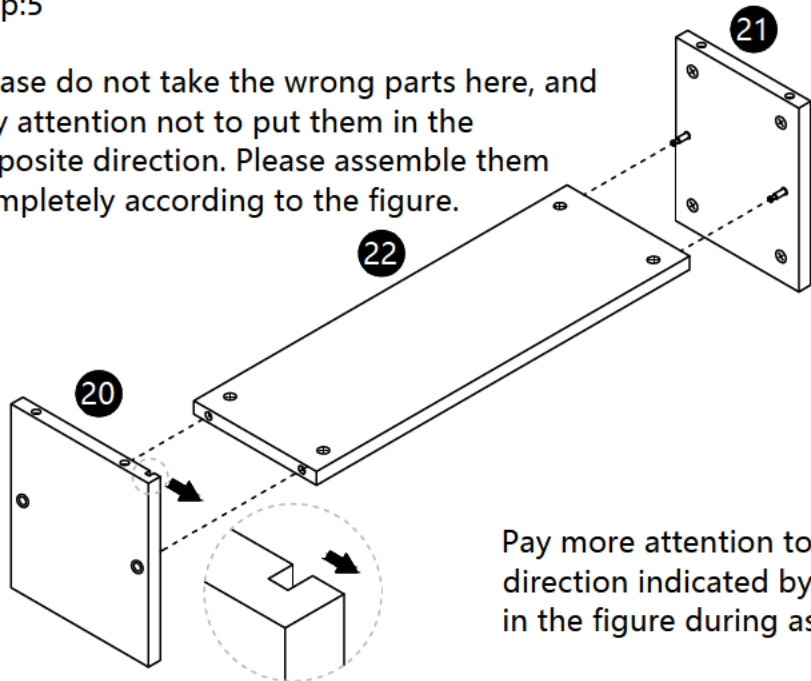

Step:4

Assembly Instruction of Bedside cabinet

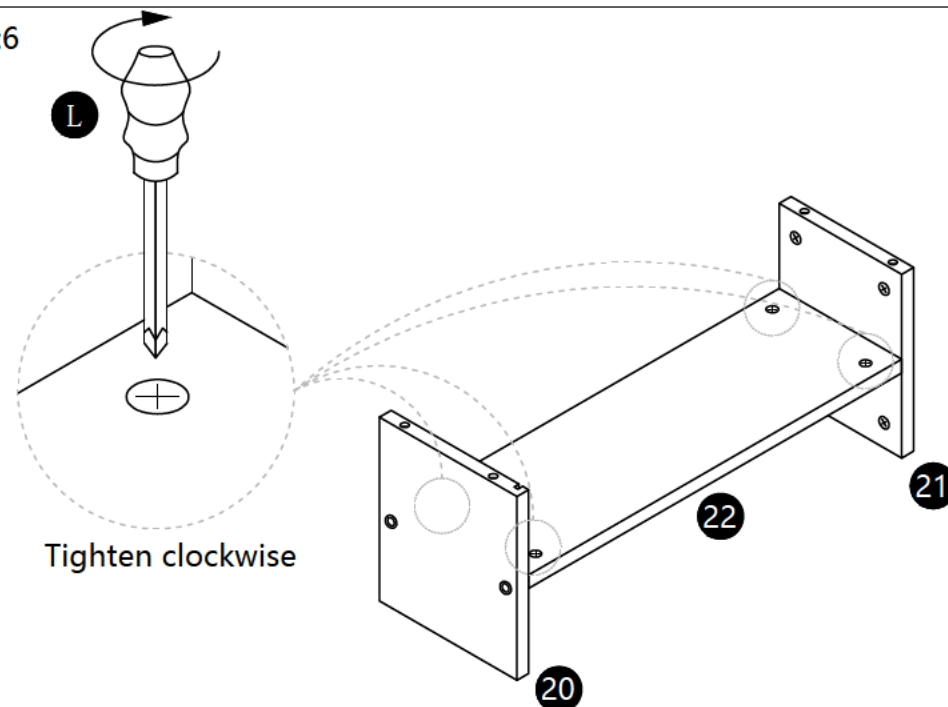

Step:5

Please do not take the wrong parts here, and pay attention not to put them in the opposite direction. Please assemble them completely according to the figure.

Pay more attention to the direction indicated by the arrow in the figure during assembly

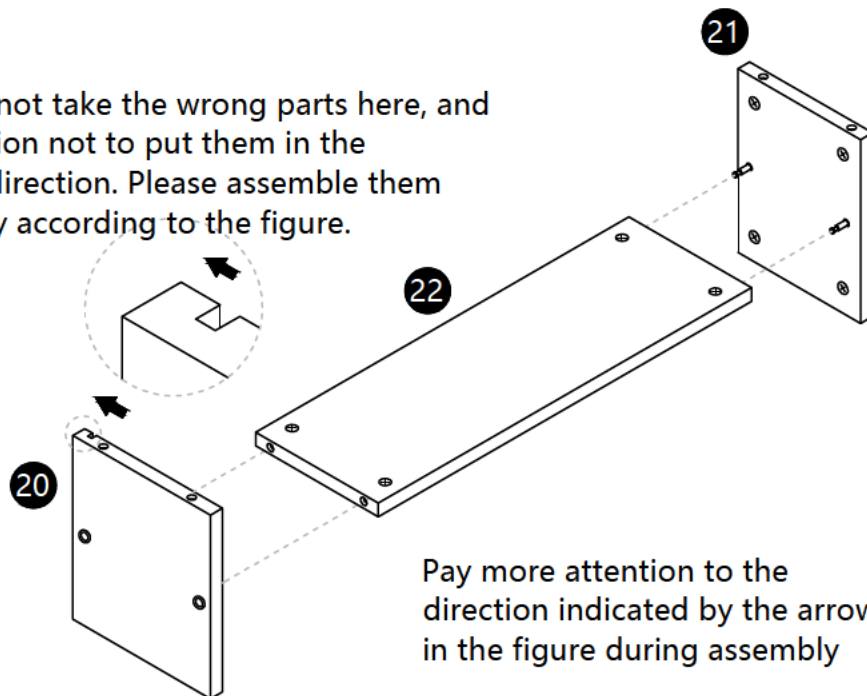

Step:6

Tighten clockwise

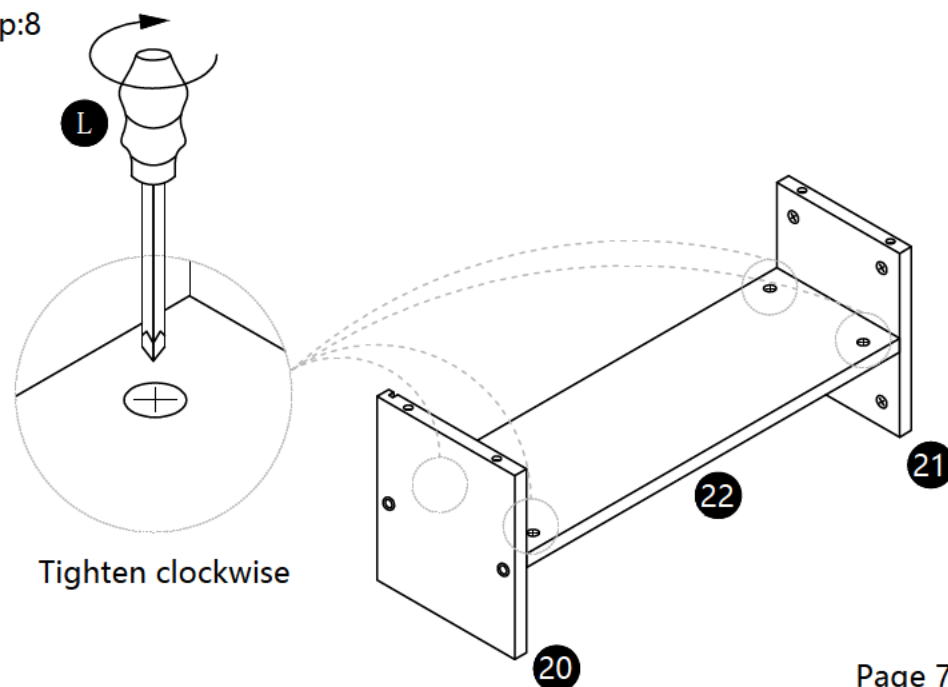

Step:7

Assembly Instruction of **drawer**

Black plastic buckle instructions for assembling drawer mesh

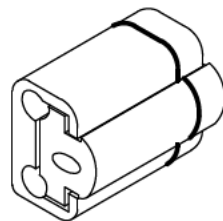

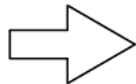

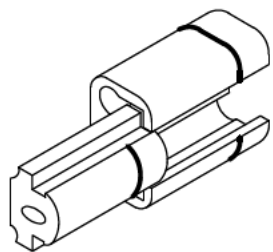

Remember this
convex coil

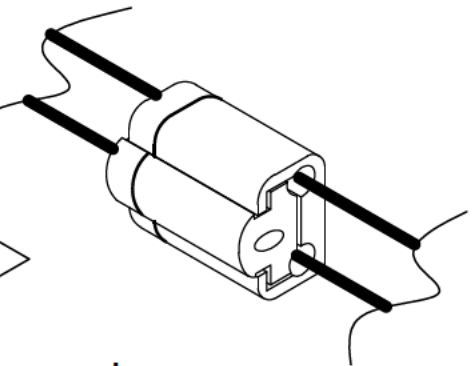

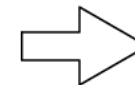

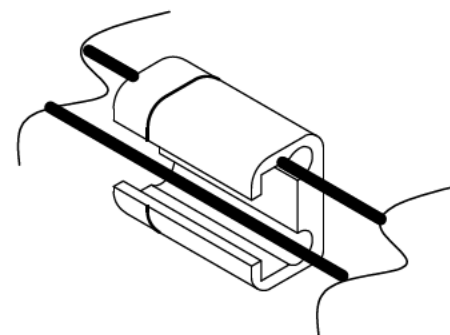

Reverse
direction

You can pull the buckle out by
following the direction indicated
by the arrow

So This is the only direction that
can be locked

Place round iron tube as shown
for better drawer assembly

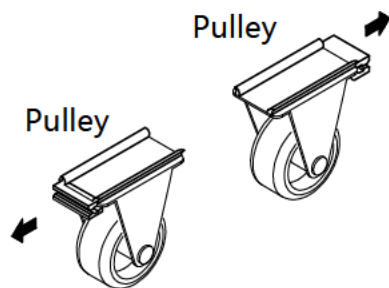

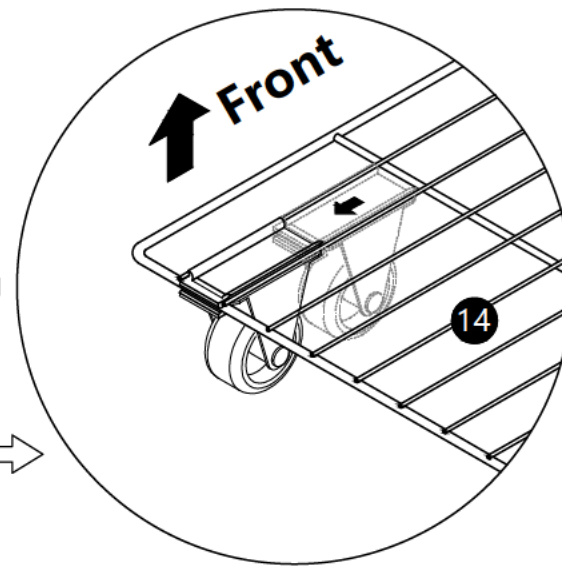

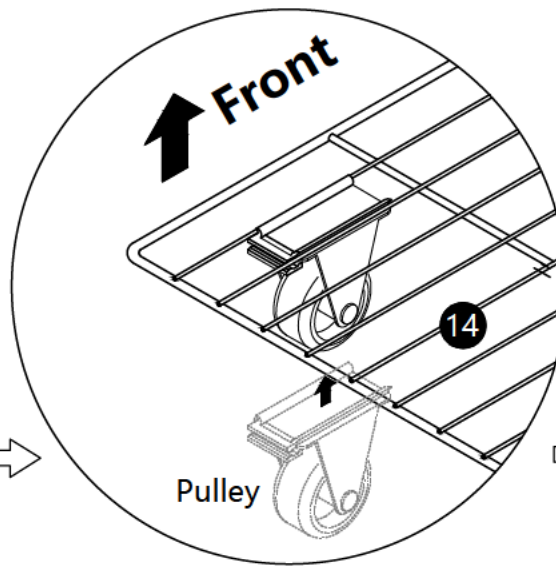

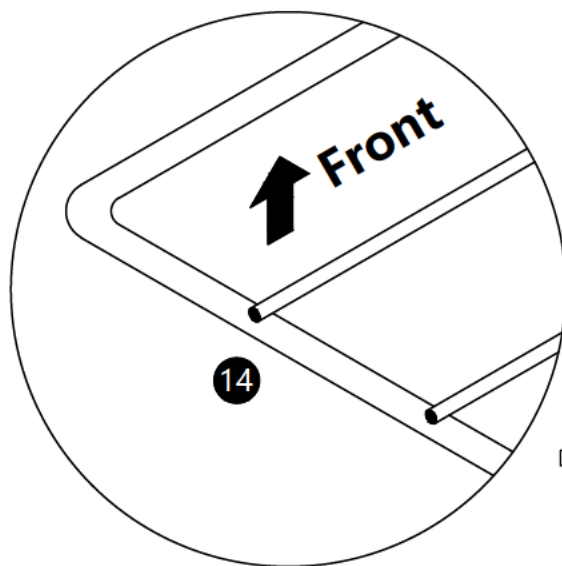

Assembly Instruction of **Drawer base**

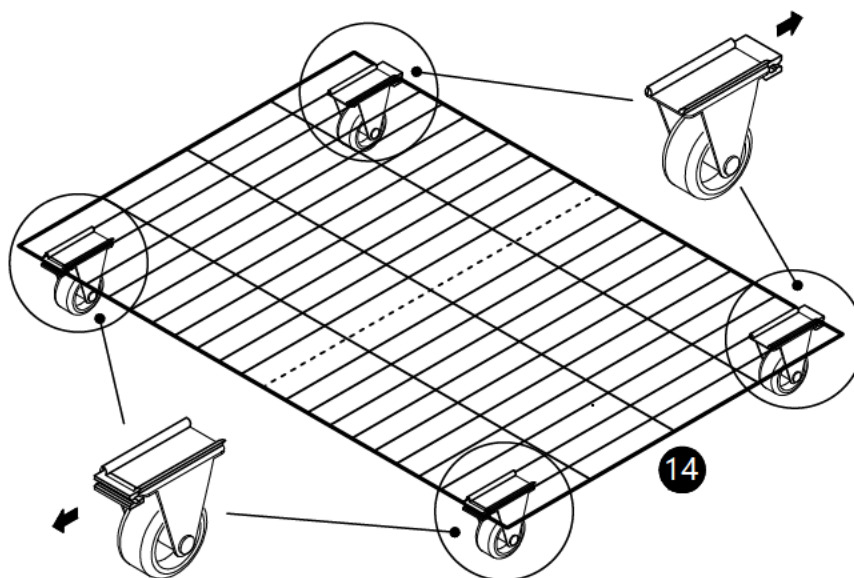

Please note that
this drawer base
(14) has front
and back sides!
Please see the
instructions
clearly before
assembling!!!

As shown in the
figure
Clip the pulley into
position first

Then push the pulley to the side
At the same time, clamp the iron
wire at the edge
It takes a little strength

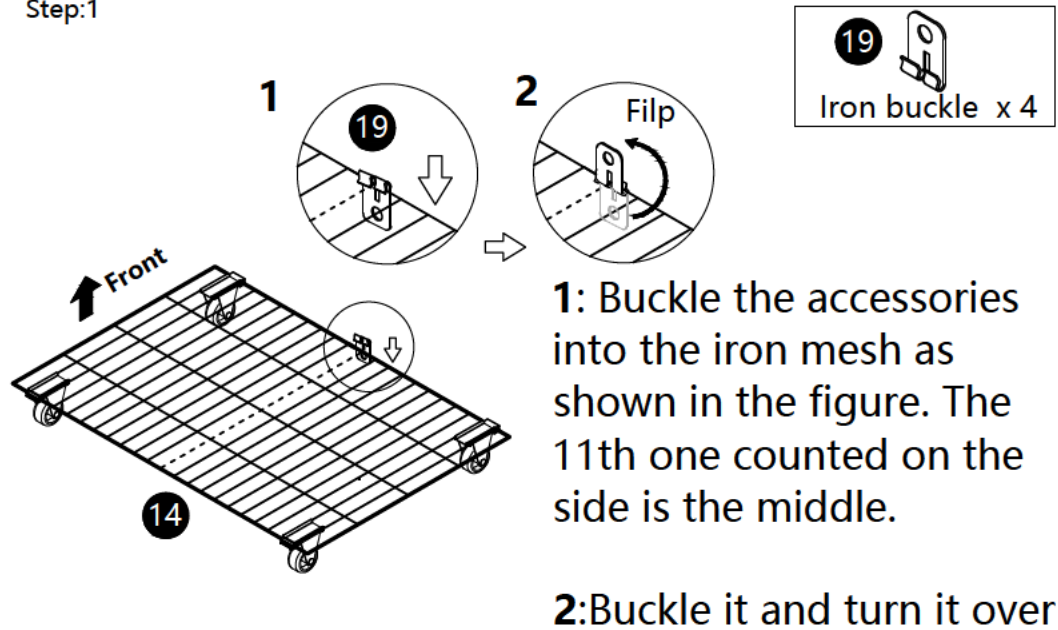

**Pay attention to
the orientation
before clamping in**
