## Unhatched 5

D2818S56346-4750

Unhatched is a six-piece series of scientific illustrations on textured paper that reference the style of F.O. Morris's 19th century work. In Unhatched 5, a singular bird egg is beautifully centered against an antique white background. Beneath dark gray speckling, a striking sage green composes the body while grays and browns offer a sense of depth and dimension. In the center, a white dot adds a splash of color. Part of the carefully curated ART by TA Collection, Unhatched 5 is an exquisite work of art on textured paper.
