

# Installation Instruction

## Part List and Hardware List

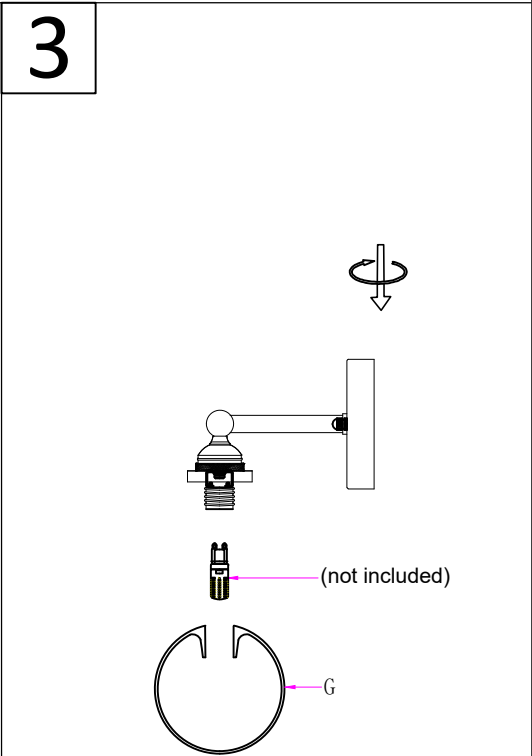

| PIECE | PICTURE                                                                           | DESCRIPTION                | QUANTITY |
|-------|-----------------------------------------------------------------------------------|----------------------------|----------|
| A     |  | Mounting Bracket           | 1X       |
| B     |  | M4 Mounting Bracket Screws | 2X       |
| C     |  | Round Wall Box             | 1X       |
| D     |  | M4 Screws                  | 2X       |
| E     |  | M4 Nuts                    | 2X       |
| F     |  | Lamp Arm                   | 1X       |
| G     |  | Opal Globe Shade           | 2X       |

| PIECE | PICTURE                                                                                        | DESCRIPTION    | QUANTITY |
|-------|------------------------------------------------------------------------------------------------|----------------|----------|
|       |                                                                                                |                |          |
|       |                                                                                                |                |          |
|       |                                                                                                |                |          |
|       |                                                                                                |                |          |
| O     |             | Wire connector | 3X       |
| P     |  black      | wire           | 1X       |
| Q     |  white      | wire           | 1X       |
| R     |  Earth wire | Earth wire     | 1X       |

### Step 2

- 1、 Connect the power cord of the Lamp Body to the reserved power supply wire, making sure to distinguish between the positive and negative poles.
- 2、 After the wiring is properly connected, use the M4 Screws (D) to secure the Lamp Body to the Round Wall Box.

### Step 3:

- 1.Finally, install the G9 bulb (bulb not included) and the Glass Shade (G) to complete the installation.

### Step 1:

- 1.Secure the Mounting Bracket (A) to the wall using the Self-tapping Screws (B).
- 2.Then, connect the Lamp Arm (F) to the Round Wall Box (C) with the Nut (E) .
