SAFETY INSTRUCTION

Attach the bracket onto your wall securely. This is the base that'll hold your unit. Slide the bedside in from above - do not simply place it in & leave it there. After insertion, push it down from above lightly but firmly until the structure is stable. For additional security, you must fasten the unit with a bolt using allen key (L shaped key) to interlock the unit & wall bracket.

ASSEMBLY INSTRUCTION

In the unlikely event of a product being wobbly (due to floor surface or otherwise); adjust it by slightly increasing or decreasing the distance between the buffers provided or moving the legs inwards or outwards.
