

Details of Area Rugs

Kid & Pet friendly

Area rugs are crafted with a focus on high-quality material selection. Each rug is designed to provide softness and a skin-friendly, ultra-thin design that minimizes tripping hazards. Enjoy a perfect blend of style and safety with our exquisite rug collection.

Machine Washable

Washable rugs are perfect for protecting your floors from dust and wear, making them ideal for high-traffic indoor areas. For best results, place large rugs in a laundry bag before machine washing. After washing, allow the rug to air dry completely to ensure it's ready for use.

Low-Pile Area Rug

Ideal for high-traffic areas, our low-pile rugs are durable and easy to maintain. They won't get stuck under doors or furniture and can be easily vacuumed to remove dust and debris. Perfect for entryways, living rooms, hallways, and kitchens.

Non-Shedding Area Rug

Our non-shedding area rugs offer a clean and tidy look, perfect for any room. Enjoy easy maintenance and long-lasting beauty without the worry of shedding fibers.

Foldable and Space-Saving

The foldable area rug is convenient for you to change at any time. You can be fold it up for storage when changing seasons to save more space.

Non-slip bottom

The non-slip backing helps the area rug stay in place well. It effectively prevents the rug from sliding on the floor and is a good choice for children playing on the floor.
