Assembly Instructions

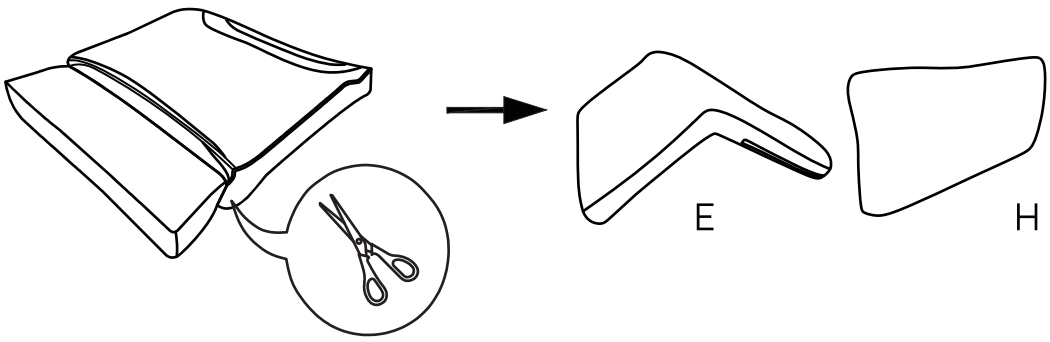

CAUTION : Inappropriate installation of screws will cause damages to the product !

Step 1

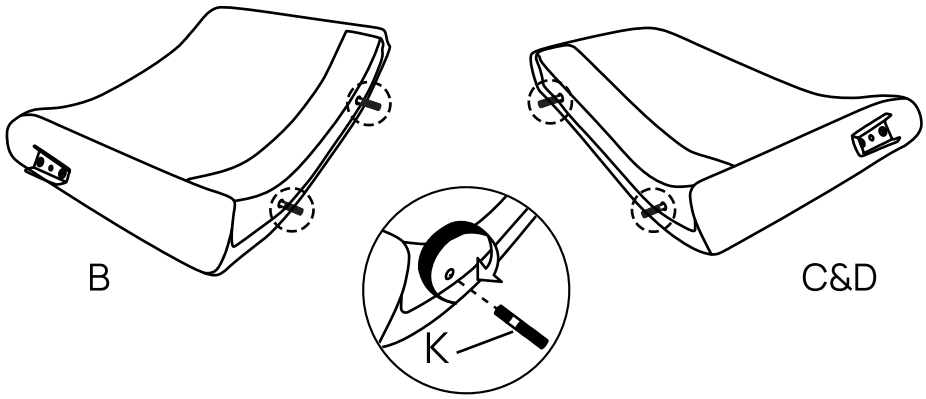

Remove the seat plate (G) from above the seat frame (A) and take out the compression bag, and all accessories from inside the seat frame.

Step 2

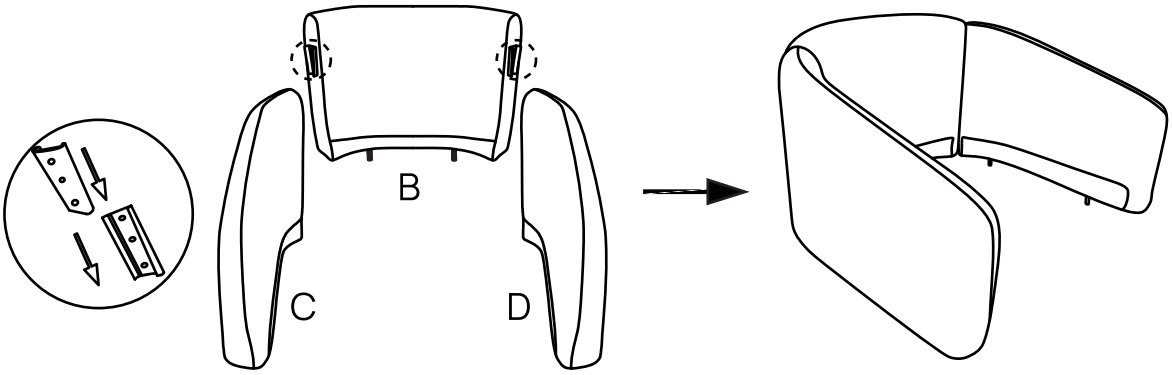

Use tools to open the sponge compression bag
(be careful not to cut the internal accessories with sharp objects)
take out the seat cushion (E) and the pillow (H), and wait for the sponge to rebound.

Step 3

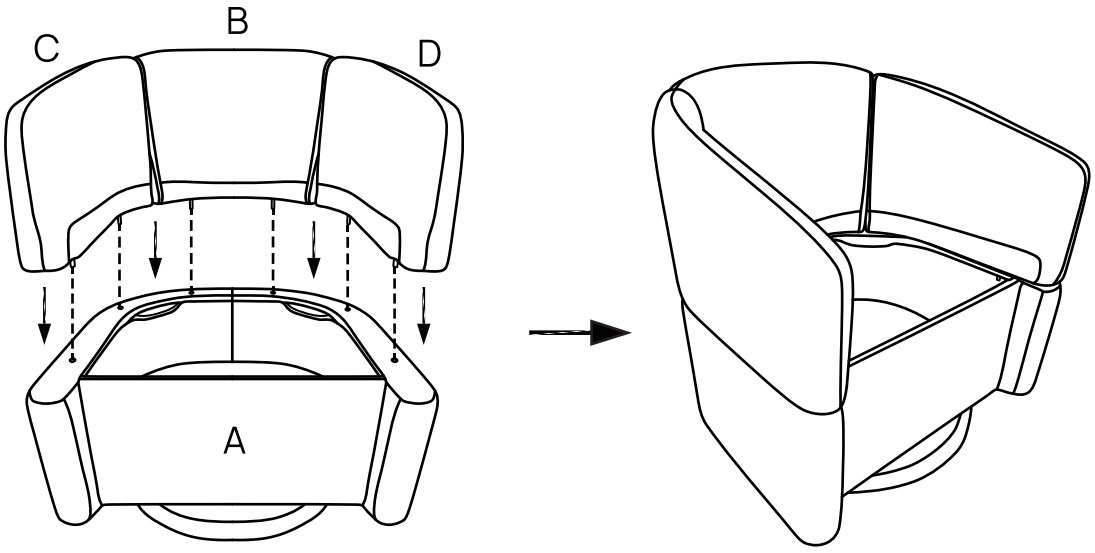

Locate the backrest (B) and the left and right armrests (C&D), and install the double - ended bolts (K) at the bottom of the backrest, and the left and right armrests.
Note: The shorter end of the bolt is the correct installation method!

Step 4

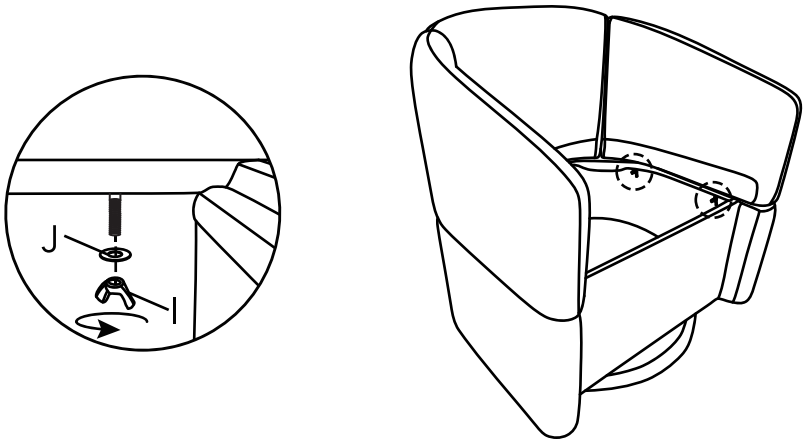

Insert the two side inserts of the backrest (B)
into the inserts of the left and right armrests (C & D) respectively.

Step 5

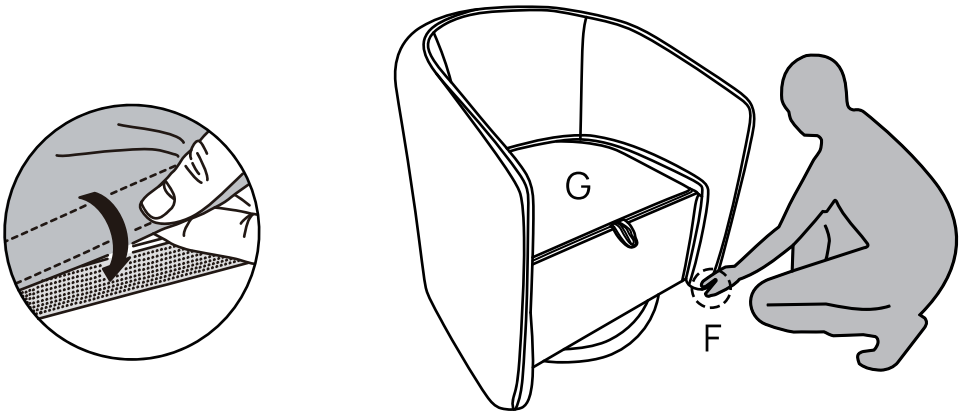

Insert the double-ended bolt (K) at the position where the
backrest armrest is installed from top to bottom into the hole above the seat frame (A)

Step 6

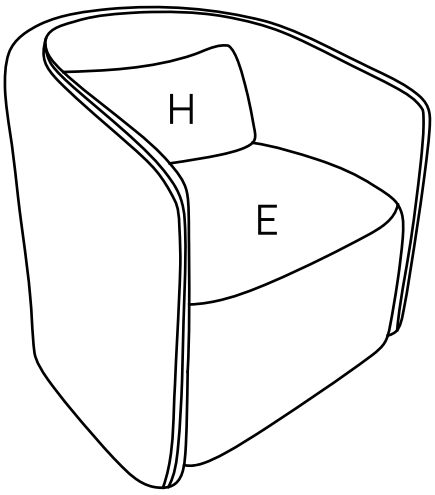

The double-ended bolts (K) passing through the holes above the seat frame need to be tightened with a butterfly nut (I) after using a gasket (J).

Step 7

Put the sofa cover (G) onto the seat frame. First, cover the front of the armrest and straighten it, then stick the sofa cover with adhesive cloth to the seat frame. Next, straighten the backrest and stick it to the bottom of the seat frame. Finally, place the seat board (G) on the seat frame.

Step 8

Finally, place the seat cushion (E) and pillow (H) that have regained their elasticity on the sofa.
Note: The Velcro at both ends of the bottom of the seat cushion must be fully adhered to the seat plate and the seat frame!
