Step 4

Plug the Power Cord into the power outlet carefully.

Congratulations!
Console is ready!

How to connect with others?

Attach the Metal Connectors by screwing on the legs firmly. You may have a few extra Metal Connectors left over. They are included in case you want to connect additional modules in the future. We recommend storing them in the little zip-top bag in case you decide to expand your Delaney later.

Note: Ottoman is a standalone piece and cannot be attached to any chair with Metal Connectors.
