

Product Parts

Allen Screws x10
Allen Key x1

STEP 1:

Begin by securing the front **(Yellow Marked)** of the stool to the side panels by fastening it with Allen screws. Use an Allen key to tighten the screws, and then replicate the same process for the back of the stool **(Green Marked)**, following the guidance provided in the image.

STEP 2:

Place the tabletop onto the assembled structure and secure it by attaching Allen screws. Utilize an Allen key to firmly tighten the screws, following the visual guidance provided in the image.

“There you go!
Your table has been
assembled and is
now securely in
place!”
