Now is the installation video.

Now is the installation video

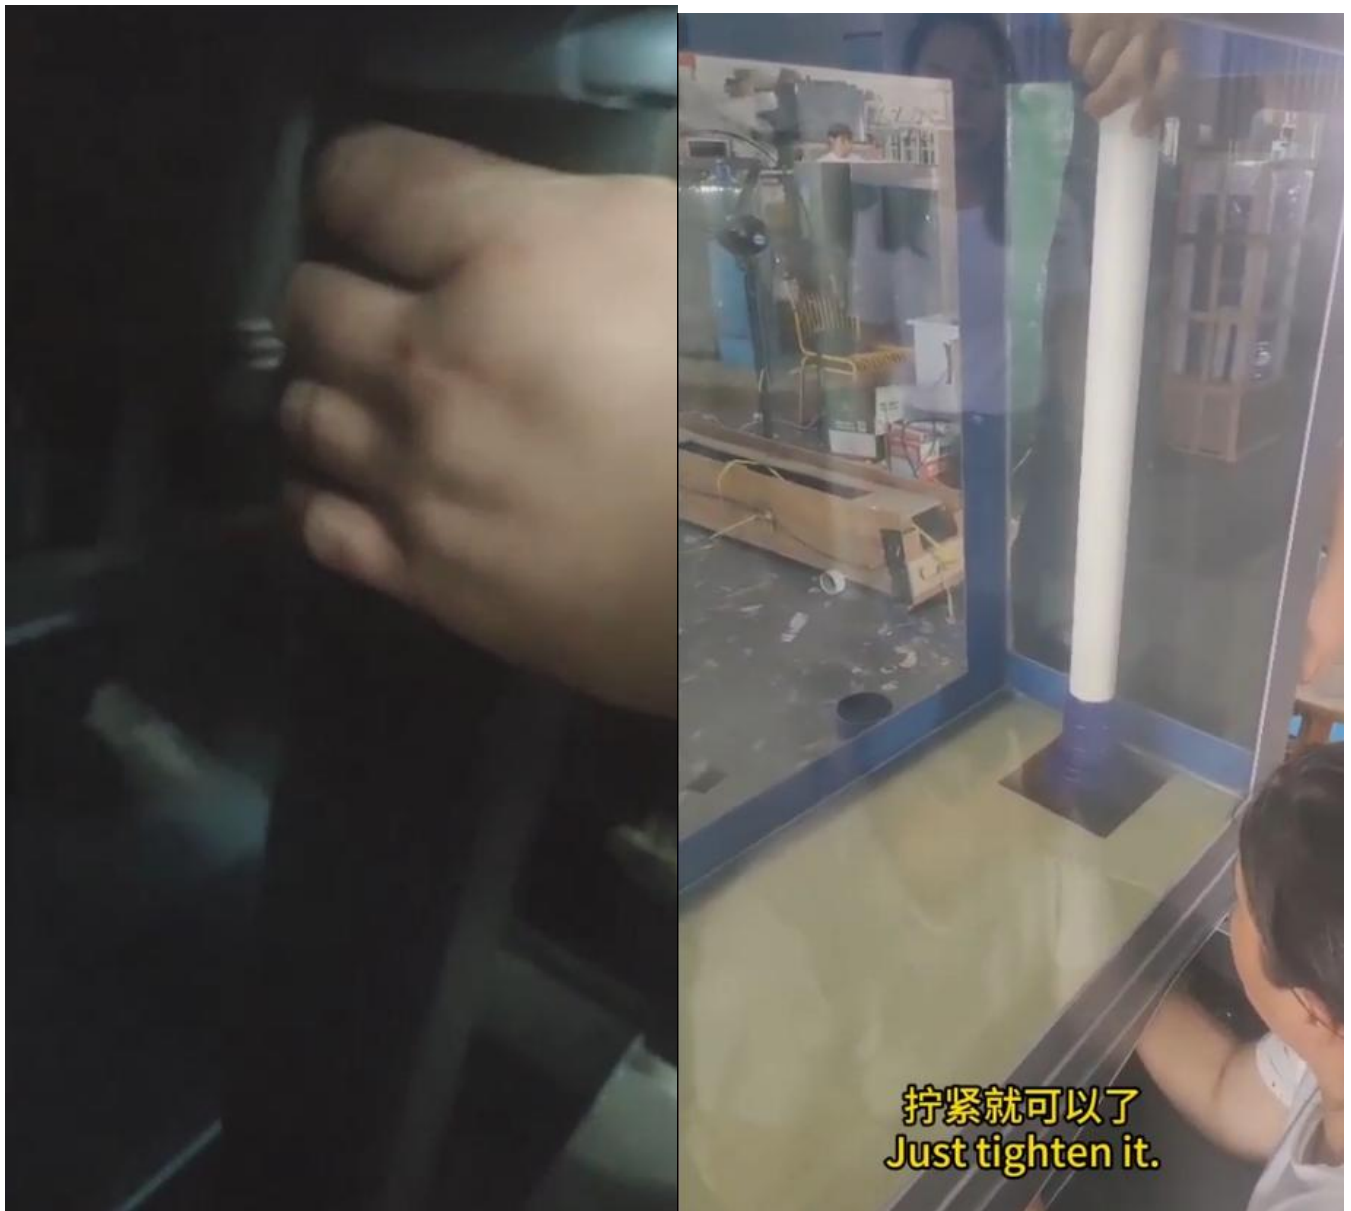

Ensure that all accessories are complete

Now the first step is to connect the water connector

Align below and align with that hole

Just tighten it

This water supply pipe is directly plugged into that big Pipe

Put it down and plug it tightly

然后把大的蓝色管 套到白管外
Then put the big blue tube
outside the white tube.

把这个蓝色盖子盖上
Close this blue lid

Then put the big blue tube outside the white tube

Close this blue lid

And I'm going to turn the feeder to this bend

Just plug it in tightly

然后这个位置是放水泵的
Then this position is for the
water pump.

这两个是放过滤材料的
These two are for filter
material.

Then this position is for the water pump

These two are for filter material

After the filter material is filled into the two bins,
filter cotton is spread on top

Then turn on the pump

Tighten this joint

Plug it into the water pipe

Then just tighten the clip

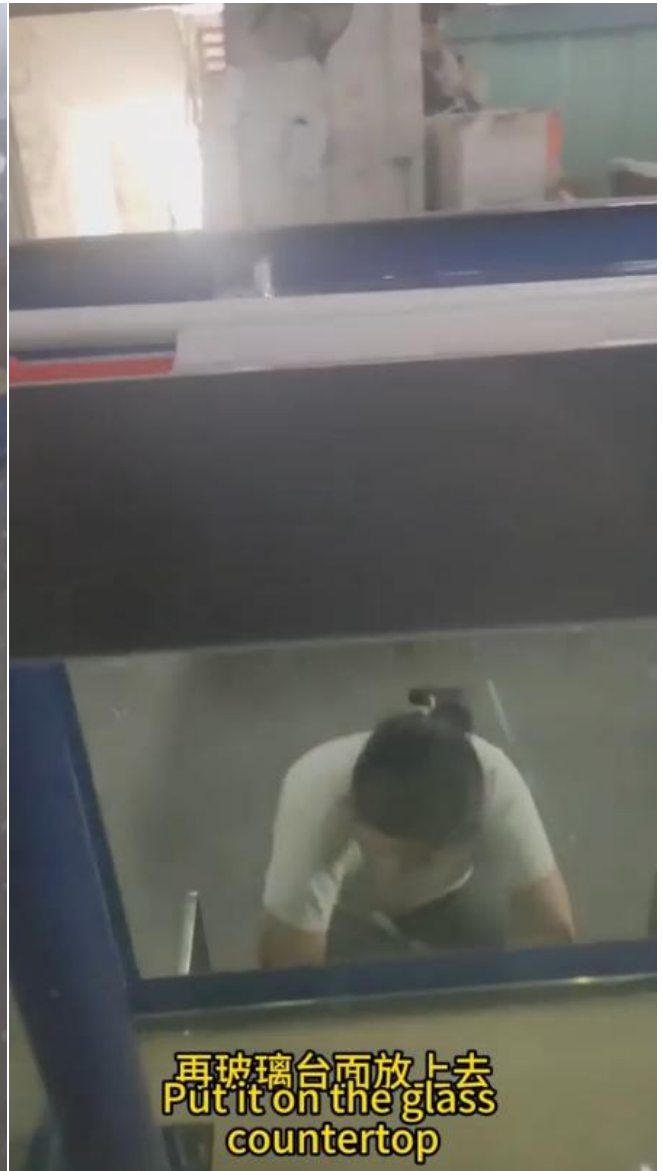

Then just tighten the clip
The installation is complete

And the lamp goes difectly on top

Just clamp it uightly with abuckle

Finally, put this crystal pillar in the corresponding Position

Put it on the glass countertop

**Installation is complete.
